The Singer-Songwriter in Europe Isabelle Marc, Stuart Green, 2016-03-22 The Singer-Songwriter in Europe is the first book to explore and compare the multifaceted discourses and practices of this figure within and across linguistic spaces in Europe and in dialogue with spaces beyond continental borders. The concept of the singer-songwriter is significant and much-debated for a variety of reasons. Many such musicians possess large and zealous followings, their output often esteemed politically and usually held up as the nearest popular music gets to high art, such facets often yielding sizeable economic benefits. Yet this figure, per se, has been the object of scant critical discussion, with individual practitioners celebrated for their isolated achievements instead. In response to this lack of critical knowledge, this volume identifies and interrogates the musical, linguistic, social and ideological elements that configure the singer-songwriter and its various equivalents in Europe, such as the French auteur-compositeur-interprète and the Italian cantautore, since the late 1940s. Particular attention is paid to the emergence of this figure in the post-war period, how and why its contours have changed over time and space subsequently, cross-cultural influences, and the transformative agency of this figure as regards party and identity politics in lyrics and music, often by means of individual case studies. The book's polycentric approach endeavours to redress the hitherto Anglophone bias in scholarship on the singer-songwriter in the English-speaking world, drawing on the knowledge of scholars from across Europe and from a variety of academic disciplines, including modern language studies, musicology, sociology, literary studies and history.

Full Gas Peter Cossins, 2019-06-06 ** WINNER OF THE CYCLING BOOK OF THE YEAR AT THE 2019 TELEGRAPH SPORTS BOOK OF THE YEAR AWARDS** So how do you win a bike race? Riding as fast as you could for as long as you could was the main tactic in the early days of road racing when Grand Tours could be won by hours. Now a minute's delay thanks to a puncture could ruin a rider's chances over a three-week race and the sport is described as nothing less than chess on wheels. The intricacies and complexities of cycling are what makes it so appealing- an eye for opportunity and a quick mind are just as crucial to success as a 'big engine' or good form. How do you cope with crosswinds, cobbles, elbows-out sprints, weaving your way through a teeming peloton? Why are steady nerves one of the best weapons in a rider's arsenal and breakaway artists to be revered? Where do you see the finest showcase of tactical brilliance? Peter Cossins takes us on to the team buses to hear pro cyclists and directeurs sportifs explain their tactics- when it went right, when they got it wrong - from sprinting to summits, from breakaways to bluffing. Hectic, thrilling, but sometimes impenetrable - watching a bike race can baffle as much as entertain. Full Gas is the essential guide to make sense of all things peloton.

Half Man, Half Bike William Fotheringham, 2013 Looks at the life of the Belgian cyclist who amassed 445 victories during his racing career.

Colombia Es Pasion! Matt Rendell, 2020-03-19 By winning the 2019 Tour de France, Egan Bernal became the race's youngest champion in 110 years, and the first from the South American nation of Colombia. His victory brought decades of national yearning to fruition. Colombia has long been the only developing nation contending at cycling's highest level. Yet its cycling sons are not the products of a rigorous sports system that spots them in childhood and nurtures them through the ranks to the pinnacle of globalised sport. They come from harder backgrounds, that surprise, shock - even, at times, enchant. Colombia Es Pasion! explores the lives and dreams of each of the nation's leading cyclists. Theirs are inspiring stories of overcoming poverty and violence, sickness and corruption, and achieving global sporting glory. 'Takes you into the heart of both a sport and a country. The journey is well worth the effort' Sunday Times 'Wonderful' Observer 'Remarkable, a masterpiece' Never Strays Far podcast

The Monuments Peter Cossins, 2014-03-13 An awe-inspiring history of the five most legendary 'classic' races in world cycling. 'Peter Cossins is an engaging writer whose conversational style makes this an effortless yet interesting read. The cosy tone delivers a great deal with a good balance of history and anecdotes. If you wish to explore cycling beyond the Grand Tours this is the book.' Carlton Kirby The Tour de France may provide the most obvious fame and glory, but it is cycling's one-day tests that the professional riders really prize. Toughest, longest and dirtiest of all are the so-called 'Monuments', the five legendary races that are the sport's equivalent of golf's majors or the grand slams in tennis. Milan-Sanremo, the Tour of Flanders, Paris-Roubaix, Liège-Bastogne-Liège and the Tour of Lombardy date back more than a century, and each of them is an anomaly in modern-day sport, the cycling equivalent of the Monaco Grand Prix. Time has changed them to a degree, but they remain as brutally testing as they ever have been. They provide the sport's outstanding one-day performers - the likes of Philippe Gilbert, Fabian Cancellara, Mark Cavendish, Tom Boonen, Peter Sagan and Thor Hushovd - with a chance to measure themselves against each other and their predecessors in the most challenging tests in world cycling. From the bone-shattering bowler-hat cobbles of the Paris-Roubaix (rumoured to be Bradley Wiggins' next challenge) to the insanely steep hellingen in the Tour of Flanders, each race is as unique as the riders who push themselves through extreme exhaustion to win them and enter their epic history. Over the course of a century, only Rik Van Looy, Eddy Merckx and Roger De Vlaeminck have won all five races. Yet victory in a single edition of a Monument guarantees a rider lasting fame. For some, that one victory has even more cachet than success in a grand tour. Each of the Monuments has a fascinating history, featuring tales of the finest and largest characters in the sport. In The Monuments Peter Cossins tells the tumultuous history of these

extraordinary races and the riders they have immortalised.

The Yellow Jersey Peter Cossins,2019-06-27 * WINNER OF THE 2020 TELEGRAPH SPORTS BOOK AWARDS CYCLING BOOK OF THE YEAR* Discover this 100-year anniversary celebration of the hardest-earned and most sacred prize in sport, the Tour de France's Yellow Jersey. In 2019, the cycling world will celebrate the 100th anniversary of sport's most iconic and distinguished prize: the Yellow Jersey. Beautifully produced and packed full of interviews with riders such as Chris Froome, Thomas Voeckler and the oldest living wearer of the Yellow Jersey at 94, Antonin Rolland, The Yellow Jersey is a fitting celebration of the 'maillot jaune'. In 1919 the leading rider was first instructed to wear the Yellow Jersey, following a campaign from fans and journalists who were struggling to identify the winning rider. 100 years on, the jersey has passed into almost sacred status. You'll never see an amateur rider wearing yellow - it is reserved purely for those who have sacrificed themselves in the world's greatest race. Cossins will take the reader on a journey to the origins of the jersey and its early winners. He'll explore the effect of wearing yellow as a motivator and occasionally as a curse. Beautifully produced with original photography, The Yellow Jersey is an exquisite tribute to the greatest trophy in sport. 'Without doubt the most beautiful book to land on our desk this year... we can't recommend this book enough' Cycling Weekly

Sticky Bottle Carlton Kirby,2023-05-25 'Entertaining, quirky and an enjoyable read' – Phil Liggett MBE 'A genuine one-off with a ready wit and a killer anecdote to hand at all times' – Rouleur 'Entertaining... Carlton shows no sign of running out of amusing anecdotes... A worthy sequel that will give his fans more of what they like' – Road.cc Legendary commentator Carlton Kirby's professional cycling race year takes us from the magnificent Grand Tours and iconic Spring Classics to the sport's more bizarre corners with plenty of his inimitable and irreverent diversions en route. A true cycling nut would be hard pushed to even name all 36 races on the UCI World Tour, but there is much more to professional racing than national tours and monuments. It's a year-long global schedule venturing as far afield as Burkina Faso and Gabon. So why not take some of these roads less travelled in the company of Carlton Kirby, a real commentary nomad, cycling expert and hilarious raconteur. Carlton's year follows the cycling seasons through the Spring Classics to the Grand Tours and on to the World Championships and Six Day track racing. In between he's visiting the lesser known, bizarre and challenging races such as Tour de Langkawi, Flanders' Scheldeprijs, The Red Hook Crit in New Jersey and UK's National Hill Climb Championships. Along the way we hear great cycling stories from the past as well as how he appeared in a blockbuster action movie, bought an octopus in an auction, got lost in a storm on a sacred Catalan mountain and faced near death in a biscuit factory. And that's just some of the anecdotes that don't involve Sean Kelly.

Bradt: Liguria Rosie Whitehouse,2013 The only in-depth guide to Liguria, a mountainous region of dizzy passes and breath-taking views where mountains plunge down into the sparkling blue waters of the Mediterranean. Liguria will leave you awestruck by its beauty. The narrow strip of coast includes the gems of the world famous Italian Riviera, the great port city of Genoa, the glitzy resort of Portofino and the charms of the Cinque Terre. Yet in the hinterland there are many beautiful villages and mountain walks that have yet to be discovered by tourists. The walks vary in difficulty so are accessible to all. Many of the walks and cycle routes featured in the book are through beautiful wilderness. Unlike other guides to the region, Liguria

includes a detailed description of the mountains and their hilltop villages. With a strong regional identity all of its own, Liguria is almost a country within a country. The spectacular scenery, the mediaeval towns, quaint fishing ports and the wonderful food have attracted some of the world's most famous writers among them Byron, Mary and Percy Shelley, Henry James, Dickens, Maupassant, D H Lawrence, Virginia Woolf and Dylan Thomas. Tourists flock to the Cinque Terre and Portofino but many of the other resorts have few foreign visitors so Liguria has the best of both world's to offer the visitor the big names on the Mediterranean destination list and mountain villages and small fishing ports which are almost exclusively Italian.

Tour de Force Mark Cavendish,2022-07-12 From illness and mental health challenges to becoming the most successful British cyclist at the age of 22, Mark Cavendish shares his inspiring account of his record-breaking rise to the top of the world's biggest cycling stage at the 2021 Tour de France. Deep down, Mark Cavendish thought he was finished. After illness, setbacks and clinical depression, the once fastest man in the world had been written off by most. And at the age of 36, even he believed his explosive cycling career would fade out with a whimper. The Manxman hadn't won a single Grand Tour stage in Italy, Spain, or France since 2016. But then came his incredible resurrection at the 2021 Tour de France. Included on the Deceuninck Quick-Step team at the very last minute, only after Sam Bennett suffered an injury, Mark set about rewriting history. He claimed back the green jersey he first wore in 2011, and his four stage victories finally saw him matching Belgian legend Eddy Merckx's all-time record of 34 Tour de France stage wins. Cycling greats are never content, and Cavendish's dogged determination and inner strength had earned him the record that few believed he could ever achieve. This is his own intimate account of that race, right from the saddle of the miracle tour. Praise for Tour de Force: The greatest comeback in sports history. —GQ magazine A miracle. —Eddy Merckx
