Six String Rocketeer Jesse Butterworth, 2010-07-14 The painful, scary, but sometimes hilarious true story of how one guy survived his parents' divorce. And lived to sing about it. The teenage years are tough as it is, but throw in the fact that your parents are divorcing and it's like fuel on the fire. It started with the poorly muffled fights in his parents' bedroom. They just seemed to get worse, and it seemed that the inevitable would happen. Finally, it did and the family meeting was called. Jesse Butterworth had a hunch his folks were going to announce they were separating—but the two youngest boys were certain they'd be told they were going to Disneyland. No such luck. What happens when your world falls apart? How do you handle it when the two people you trusted most totally disappoint you...and seemingly destroy your already shaky life? That's what happened to Jesse Butterworth, and he tells his story with humor, honesty, and heart. He also shows how he figured out what to do with the emotions that come with divorce: anger, hurt, frustration, and loss. Picking up a

beat up guitar, Jesse discovered that he could turn his misery into music and his pain into passion-becoming the Six String Rocketeer. In the process Jesse realized that the wounds that hurt you can become the wounds that heal you.

Whole Lotta Led Zeppelin Jon Bream, 2015-11-09 This second edition of the history of rock's heaviest band gives you even more reasons to rock! This all-star tribute features many of today's top rock journalists from Rolling Stone, CREEM, Billboard, and more, as well as reflections on the band from some of rock's greatest performers, including members of the Kinks, Aerosmith, Heart, Mott the Hoople, the Minutemen, the Hold Steady, and many more. Glorious concert and behind-the-scenes photography cover the band from the first shows in 1968 as the New Yardbirds through today. More than 450 rare concert posters, backstage passes, tickets, LPs and singles, t-shirts, buttons, and more illustrate the book. A discography and tour itinerary complete the package, making a book as epic as the band it documents. Created from the ashes of the Yardbirds by guitarist and session wizard Jimmy Page, Led Zeppelin featured virtuoso bass player John Paul Jones, gonzo drummer John Bonham, and Robert Plant, a vocalist like no other before him. The band single-handedly defined what rock 'n' roll could be, leaving in their wake tales as tall or as real as we wanted them to be. All of that, plus exclusive commentary from Ray Davies of the Kinks, Steve Earle, Kid Rock, Ace Frehley of Kiss, Rob Thomas of Matchbox Twenty, Chris Robinson of the Black Crowes, Jon Bon Jovi and Richie Sambora, Lenny Kravitz, Dolly Parton, and many more make this book one that no fan of Led Zeppelin will want to miss!

SPIN, 2003-12 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold

graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

Rickenbacker Electric 12-String Tony Bacon, 2010-04-01 When the Byrds recorded their hit version of Dylan's Mr. Tambourine Man they popularized a new sound in pop music: the electric 12-string guitar. Rickenbacker is the guitar maker that brought the electric 12-string to market and has since been almost single-handedly responsible for establishing what such a guitar should do. The California company gave one of its earliest 12-strings to George Harrison of the Beatles on the group's first tour of the United States in 1964. He immediately used it live and in the studio and showed off the sound of electric jangle to the rest of the world. This book tells the story of those heady days in the '60s of the competitors who tried and failed to match the sound and of the instrument's continuing production by Rickenbacker and use by many modern guitarists. Complete with high-quality photos and exclusive interviews with many of the 12-string's leading players this is the best guide yet to the history of the sound of jingle-jangle.

1973: Rock at the Crossroads Andrew Grant Jackson, 2019-12-03 A fascinating account of the music and epic social change of 1973, a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam

rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's Houses of the Holy reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour and Max's Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elvis Presley's Aloha from Hawaii via Satellite was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, Roe v. Wade ignited a new phase in the culture war. While the oil crisis imploded the American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a shattered world and brought us together.

Autumn Bliss (Romancing Wisconsin - 6) Stacey Joy Netzel,2014-07-16 After a string of bad luck, Mallory Parker is convinced her future lies way beyond the streets of the small home town that stole her mother's hopes and dreams. As soon as she saves enough money at her new job, she's going to get out and get a life, and no one can tempt her to stay—until she meets the man who does. Army veteran Levi Jenkins is still dealing with the aftermath of his last tour of duty. Working in the background as a maintenance man at Whispering Pines Lodge gives him the peace his soul craves. The last thing he wants is the distraction of a woman who charms his heart while teaching him to

smile again. Or maybe, that's exactly what he needs. Levi fears loving her and losing her would be too much to endure—and yet, asking Mallory to stay could destroy the very essence that makes her so special. If either of them are to be happy, he must find the courage to set her free. EXCERPT: She needed to hit something. Hard. Holding his gaze without backing down, she silently dared him to take the ax away by force. He could do it easy, and she actually wanted him to force the physical confrontation. Instead, he gave a brief nod. "Okay. You want to work off some steam, I get it. I don't want to have to rush you to the emergency room, so let me show you the right way to do it and it's all yours." "Fine." She shoved the handle toward him and let go at the same time. Arms crossed over her chest, all her weight on one leg, she waited. He transferred the ax to one hand and let it swing down alongside his leg. Then he walked over for a hunk of wood and returned to set it on the stump, cut side up. Once he moved into position, he glanced back to where she stood. "Hands like this, then swing back, and around, and bring it down so the sharp edge hits the wood in the center." In one fluid motion, he did exactly as he described and split the piece of wood clean in half. Facing her, he asked, "Got it?" "Yeah. I got it." His eyebrow arched at her sarcasm, but she didn't care. It felt good to not care for once. To not pretend like she was okay with the raw deal life had handed her lately. Felt great actually. He extended the ax and she wrenched it from his grasp. Only he let go at the same time and she stumbled at the unexpected lack of resistance. His lightning fast steadying grip only annoyed her more. She stepped into position as he placed a log on the stump for her, then stood back slightly, off to her left. "No. Put your hands like I showed you." She'd seen his swing, and the subsequent play of muscles beneath his T-shirt, but prior to that, she'd been focused on him, not the instructions. She moved her hands closer together. "This isn't baseball." She moved them farther apart. "I thought you said you got it?" he huffed as he stepped up behind her. His arms closed around her, his hands sliding

down to adjust her grip on the handle as the front of his body came into full contact with her back. She sucked in a surprised breath and smelled nothing but Levi. From one heartbeat to the next, all her anger and frustration morphed into intense awareness that literally had her trembling in her boots. ~~~ To everything there is a season... The owner, Annie's boyfriend Jim, is offering a six-week bar food cooking class, and Annie is rolling up her sleeves to help. She knows Jim's food is good—but she's about to learn that it's to die for. When one of the students, Brad Peterson, is murdered, Eve becomes the primary suspect.
