My Girlhood Among Outlaws Lily Klasner, 2021-11-09 Lily Klasner learned the harsh realities of frontier life at an early age. Born in Texas in 1862, she was only five when her family lost most of their provisions in an Indian raid while trekking to New Mexico; their ranch on the Pecos became a stopover for outlaws; and she assumed leadership of the family at thirteen when her father was murdered. In *My Girlhood Among Outlaws*, Lily recalls her experiences with Billy the Kid and other desperadoes, and sets the record straight on popular misrepresentations of events. Of particular interest to historians is her preservation of the diary of famous cattleman and family friend John Chisum.

You Say Potato Ben Crystal, David Crystal, 2014-10-09 Some people say scohn, while others say schown. He says bath, while she says bahth. You say potayto. I say potahto And- -wait a second, no one says potahto. No one's ever said potahto. Have they? From reconstructing Shakespeare's accent to the rise and fall of Received Pronunciation, actor Ben Crystal and his linguist father David travel the world in search of the stories of spoken English. Everyone has an accent, though many of us think we don't. We all have our likes and dislikes about the way other people speak, and everyone has something to say about 'correct' pronunciation. But how did all these accents come about, and why do people feel so strongly about them? Are regional accents dying out as English becomes a global language? And most importantly of all: what went wrong in Birmingham? Witty, authoritative and jam-packed full of

fascinating facts, *You Say Potato* is a celebration of the myriad ways in which the English language is spoken – and how our accents, in so many ways, speak louder than words.

The Secret of Meditation Osho, 2013-04-01 This is one of the most fascinating talks by Osho on meditation. We gain a deeper understanding and an

actual experience about meditation through this talk which brings us into a space of meditation. He describes meditation as the very center of his teaching efforts; the very womb out of which one is going to be re-born. To say something about meditation is a contradiction in terms. It is something which you can have, which you can be, but by its very nature you cannot say what it is. Still, efforts have been made to convey it in some way. Even if only a fragmentary, partial understanding arises out of it, that is more than one can expect. From a series of talks: From Misery to Enlightenment, by Osho.

Principles of English Pronunciation John Walker, 1816

Death on the Holy Mountain David Dickinson, 2011-09-01 The year is 1905 and Powerscourt is sent to Ireland to investigate a series of art thefts from stately houses. Motive troubles Powerscourt; were these robberies merely for gain? A number of Old Masters had been left untouched and the ones taken were all ancient family portraits of the aristocratic Protestant gentry. Are these thefts political? Then, astonishingly, some of the portraits begin to return - but with altered faces; the aristocrats' being replaced by those from the estates and towns beyond the gates. Truly an elaborate joke, but then real people begin to disappear - and not long after the first body is found in the chapel at the top of Croagh Patrick, Ireland's Holy Mountain on the very day 10,000 people make the great pilgrimage to the summit. More follow, and as Powerscourt makes his way towards the killer his own life comes under threat, while his patriotism, and his devotion to Ireland is called into question on his journey towards the truth.
