Butts on Things Brian Cook,2021-11-02 Because Everything Looks Better with a Butt In Brian Cook's debut collection of fun, offbeat illustrations, beers have rears, Tetris® becomes Butris and balloons bear backsides. Hot dog buns have buns of their own, and condiments are down-right cheeky. Shatter your assumptions about who and what can rock a rump because with a little imagination, anything is possible. Whether you're seeking a good chuckle, are into unconventional art or are simply looking to get to the bottom of an eccentric curiosity, you won't want to put this gem of a book down.

The Daily Don Jesse Duquette,2019-04-02 The Best of "The Daily Don," political cartoon that documents all the covfefe of the administration of Donald Trump. The Daily Don is the best of artist Jesse Duquette's fabulous Instagram gallery of political cartoons relating to the Trump administration. It began in the wake of the first Trump press conference that gave us the weird and unnecessary lie about crowd sizes. Right then, Jesse thought, if this was Day One and the lying was already this casual and obvious, what did this mean for Day 2? or Day 100? He drew his first picture: Sean Spicer delivering his line ("Period."), added a quote from Orwell's "1984" that seemed particularly relevant, and posted it to Instagram with the caption that he was going to attempt to document every day of the Administration until the end—a vow that he was maybe 35% serious about. But he has not missed a day and is still going strong. These drawings are the perfect antidote to the cries about "Fake News!" and "Build a Wall!" They help us all stay sane and smile (however nervously) through these strange times. This book pulls together selections from the first nearly-two-years in office—from Muslim bans to Melania jackets and all the beef-tweeting covfefe in between—and acts as a semi-accurate record of what these strangest of strange times were like for those of us who were there and lived to tell the tale. Because what better method to record a cartoon presidency than with colored pencils and markers?

Ping Ani Castillo,2019-09-03 With the visual ingenuity of *Press Here* and the emotional resonance of *What Do You Do with a Problem?*, this wise and timely book about the fragile art of personal connection will strike a chord with children and adults alike. In the era of social media, communication feels both more anxiety-producing, and more inescapable, than ever before. This clever, comforting picture book debut explores the challenges and joys of self-expression and social connection. Using an imaginative visual metaphor to bring to life how we send out (ping!) and receive (pong!) communications, Ani Castillo's words and pictures will empower and inspire anyone who has experienced the fear of sharing themselves with the world. With an artful, accessible package, an eloquent message, and a lot of heart, here is a new classic to bring courage and comfort to humans of all ages.

Saah Ram Devineni,2021-10-24 Saah is an Arabic word with no literal translation but implies scream. The project is an augmented reality based graphic novel written and illustrated by Syd Fini. Saah is set in Beirut during the Lebanese Civil War and explores the agony through a child and dove. The metaphoric bird is shot in mid-air by a ruthless sniper. During the span of time when the bird is stricken and it reaches the ground is the time when the city is bombarded with terror and madness. The death of the dove is recorded on a tape recorder by a boy who broadcasts its sheik as a warning to other birds and a siren call for the unparalleled devastation inflicting his city.

Amrita Sher-Gil Anita Vachharajani, 2020-05-07 An artist? A dreamer? A rebel? Who exactly was Amrita Sher-Gil? She was a little bit of all these things, really. Amrita grew up with a great sense of mischief and adventure in two very different worlds, in a village near Budapest, Hungary, and among the cool, green hills of colonial Simla. She defied headmistresses, teachers, art critics and royalty to make her own determined way in the world of grown-ups and art. Join her on a journey through her life, a journey that takes her family through World Wars and political turmoil as they travel in pursuit of love, a home and a modern, artistic education for Amrita!

Beautiful Oops! Barney Saltzberg, 2010-09-23 A life lesson that all parents want their children to learn: It's OK to make a mistake. In fact, hooray for mistakes! A mistake is an adventure in creativity, a portal of discovery. A spill doesn't ruin a drawing—not when it becomes the shape of a goofy animal. And an accidental tear in your paper? Don't be upset about it when you can turn it into the roaring mouth of an alligator. An award winning, best-selling, one-of-a-kind interactive book, *Beautiful Oops!* shows young readers how every mistake is an opportunity to make something beautiful. A singular work of imagination, creativity, and paper engineering, *Beautiful Oops!* is filled with pop-ups, lift-the-flaps, tears, holes, overlays, bends, smudges, and even an accordion "telescope"—each demonstrating the magical transformation from blunder to wonder.

Drawing Ideas Mark Baskinger, William Bardel, 2013-11-19 A primer for design professionals across all disciplines that helps them create compelling and original concept designs by hand—as opposed to on the computer—in order to foster collaboration and win clients. In today's design world, technology for expressing ideas is pervasive; CAD models and renderings created with computer software provide an easy option for creating highly rendered pieces. However, the accessibility of this technology means that fewer designers know how to draw by hand, express their ideas spontaneously, and brainstorm effectively. In a unique board binding that mimics a sketchbook, *Drawing Ideas* provides a complete foundation in the techniques and methods for effectively communicating to an audience through clear and persuasive drawings.

A New Day Brad Meltzer, 2021-03-02 This big-hearted story of kindness—reminiscent of *The Day the Crayons Quit*—is written by the bestselling author of *Ordinary People Change the World* and illustrated by the Caldecott Medal-winning creator of *Beekle*. Sunday quit, just like that. She said she was tired of being a day. And so the other days of the week had no choice but to advertise: WANTED: A NEW DAY. Must be relaxing, tranquil, and replenishing. Serious inquires only. Soon lots of hopefuls arrived with their suggestions, such as Funday, Bunday, Acrobaturday, SuperheroDay, and even MonstersWhoResembleJellyfishDay! Things quickly got out of hand . . . until one more candidate showed up: a little girl with a thank-you gift for Sunday. The girl suggested simply a nice day—a day to be kind. And her gratitude made a calendar's worth of difference to Sunday, who decided she didn't need to quit after all. When we appreciate each other a little bit more, all the days of the week can be brand-new days where everything is possible.

3D and the Art of Massive Attack Robert Del Naja,Sean Bidder,2015-07-06 The Vinyl Factory presents 3D and the art of Massive Attack by Robert del Naja (aka 3D) a 300-page 12x12 hardback reversible book format with two different covers starting at the past or the present (with screen printed front covers) on the visual history of the artist and his band who have sold over 11 million records worldwide. Compiled and designed by 3D using images from a personal archive and original artifacts scanned by the artist for the record. Robert's artwork has come to define the iconic style of his band and the book explores their visual history, presenting both familiar and previously unseen work, from his influential graffiti and stencil art in the Wild Bunch-era of the 80s to Massive Attack cover designs and paste-ups and paintings. Also included is his work made in collaboration with Nick Knight, Tom Hingston, Judy Blame and Michael Nash Associates, as well as unseen photographs documenting Del Naja's ongoing LED work with United Visual ArtistsUnited Visual Artists, and his recent work with filmmaker Adam Curtis. The 300-page book also features an in-depth interview with the artist, where he describes the development of the band's artwork and record sleeve designs, as well as offering insight into his process and inspirations. Del Naja's background as a graffiti artist has shaped his evolving aesthetic, as well as a strong ethos of do it yourself creativity. His instincts as an artist were forged in an atmosphere of spontaneity and innovation - from making flyers to throwing warehouse parties - and this way of working informed the first record sleeves he created. Inspired by magazine culture and comics, 3D drew on wide-ranging influences, from New Yorks hip-hop scene and Japanese graphics, Jean-Michel Basquiats cultural juxtapositions to Warhols pop imagery, politics and punk.
