An Arrangement of Skin Anna Journey,2018-08-14 These are intimate, delicate essays about the many skins we inhabit, illuminating even in their darkness. —The Boston Globe Anna Journey revels in the flexibility and hybridity of the essay form, swerving artfully among topics—a recollection of a personal rupture and ensuing call to a suicide hotline opens into a consideration of taxidermy and lyric time; a mother’s penchant for telling macabre stories at the dinner table connects to campfire songs and the cultural importance of American roots music; and a tattoo artist named after a pirate-themed rum reminds us how we inscribe our skins and spirits through the intimate gestures of ink.

Stuffed Animals and Pickled Heads Stephen T. Asma,2003-05-01 The natural history museum is a place where the line between high and low culture effectively vanishes--where our awe of nature, our taste for the bizarre, and our thirst for knowledge all blend happily together. But as Stephen Asma shows in *Stuffed Animals and Pickled Heads*, there is more going on in these great institutions than just smart fun. Asma takes us on a wide-ranging tour of natural history museums in New York and Chicago, London and Paris, interviewing curators, scientists, and exhibit designers, and providing a wealth of fascinating observations. We learn how the first museums were little more than high-toned side shows, with such garish exhibits as the pickled head of Peter the Great's lover. In contrast, today's museums are hot-beds of serious science, funding major research in such fields as anthropology and archaeology. Rich in detail, lucid explanation, telling anecdotes, and fascinating characters.... Asma has rendered a fascinating and credible account of how natural history museums are conceived and presented. It's the kind of book that will not only engage a wide and diverse readership, but it should, best of all, send them flocking to see how we look at nature and ourselves in those fabulous legacies of the curiosity cabinet.--The Boston Herald.

The Red Glass Pamela K. Keyser, 2009-06-09 Can an absent mother's love save her child? Sadie rummages her memory for every proverb her mother uttered; they become her mantras. Her 'before-drugs' mother always tried to see goodness everywhere and Sadie tries to emulate her, soaking up any glints of kindness to insulate her in hard times. Can poetry substitute for tears? Sadie expresses her emotions in poems, which she hides away in her suitcase, and if found will cost her a beating. Can simple objects like a red plastic glass minister to an abused child? Yes, if you are Sadie; the glass is her talisman. This is not just a story of just hardship. It's about coming through hardship with your soul intact, about finally triumphing and thriving. At its core it's about finding, although not understanding, forgiveness.

Superhumanity Nick Axel, Beatriz Colomina, Nikolaus Hirsch, Anton Vidokle, Mark Wigley, 2018-01-01 A wide-ranging and challenging exploration of design and how it engages with the self The field of design has radically expanded. As a practice, design is no longer limited to the world of material objects but rather extends from carefully crafted individual styles and online identities to the surrounding galaxies of personal devices, new materials, interfaces, networks, systems, infrastructures, data, chemicals, organisms, and genetic codes. Superhumanity seeks to explore and challenge our understanding of "design" by engaging with and departing from the concept of the "self." This volume brings together more than fifty essays by leading scientists, artists, architects, designers, philosophers, historians, archaeologists, and anthropologists, originally disseminated online via e-flux Architecture between September 2016 and February 2017 on the invitation of the Third Istanbul Design Biennial. Probing the idea that we are and always have been continuously reshaped by the artifacts we shape, this book asks: Who designed the lives we live today? What are the forms of life we inhabit, and what new forms are currently being designed? Where are the sites, and what are the techniques, to design others? This vital and far-reaching collection of essays and images seeks to explore and reflect on the ways in which both the concept and practice of design are operative well beyond tangible objects, expanding into the depths of self and forms of life. A Guide to War Publications of the First & Second World War Arthur Ward, 2015-02-28 In WW2 information leaflets and posters proliferated. Soldiers were bombarded with Field Regulations, airmen with the latest updates about airborne early warning, bomb sights and radio navigation and sailors with material that helped them identify enemy aircraft and submarines and told them how to operate the new ship board weapons to destroy them.??An abundance of familiar slogans exhorted the population to do the utmost: 'Go To IT!', 'Come Into The Factories', 'Keep Calm and Carry On', 'Dig For Victory', 'Lend A Hand on the Land', 'Walk When You Can'. Other messages warned of the consequences of irresponsible behaviour: 'Careless Talk Cost Lives', 'Loose Lips Sink Ships', 'Keep It Under Your Hat' and 'Be Like Dad, Keep Mum', the latter illustrating just how much social mores have, thankfully, changed in the last 75 years.??This book is concerned with the plethora of printed ephemera that was designed to educate, instruct, inform and entertain. Such original material can still be bought and is easy to store — the posters also often making attractive items for display — but as with all other authentic historical material supply is finite and examples of wartime publications in first class condition command a high price. This is the first time a single volume has been dedicated entirely to a long overlooked component of wartime collectables. It is designed to complement books which focus on traditional militaria such as uniforms, equipment and regalia and is intended to reveal just how much material was produced, across the board, by each of the warring nations. It will advise enthusiasts about what was produced, what is still available and where to find it and, importantly, how to conserve and store such vintage printed items.

The Damages Genevieve Scott,2023-12-19 What I remember best about that week in January is trying to keep track of all the lies I told... 1998. Ontario has been hit by a days-long, life-endangering ice storm, and on Regis University campus, with classes cancelled, the students are partying. In the midst of it all, eighteen-year-old Ros's roommate Megan goes missing. As a panicked search ensues, Ros is blamed for not keeping a closer eye on Megan, and the incident casts a shadow over the next two decades of her life. 2020. Ros's former partner, Lukas, the father of her eleven-year-old son, is accused of a sexual assault. The accusation brings new details of an old story to light, forcing Ros to revisit a dark moment from her past. Ros must take a hard look not only at the father of her child, but also at her own mistakes, her own trauma, and at the supposedly liberal period she grew up in. PRAISE FOR THE DAMAGES 'A thriller with a narrator you won't be able to get out of your head' - Toronto Star 'Scott opens wide the blurred lines of the Me Too movement... A propelling and thought provoking book that you just can't put down' - The Suburban 'A thought-provoking examination of truth, trauma, and memory, briskly and attentively presenting readers with a vivid portrait of one woman's complicated experiences. A compelling character study that tackles intriguing moral questions' - Kirkus 'This is one of the first novels I've read that does a brilliant job of unpacking the duplicity and dishonesty of the 1990s. An intelligent and intense read about how power structures are passed on - The Damages held me, riveted, in a tight, icy grip' - Claire Cameron, author of The Bear 'Scott is a sophisticated writer, and The Damages is a sharp, multi-layered story about truth, lies, history and memory' - Sarah Selecky, author of Radiant Shimmering Light 'A probing, courageous work - a dance along the tightropes of memory, justice and love. It explodes the myth of the innocent bystander and ultimately celebrates the lifelong moral challenge of learning who you really are' - Sarah Henstra, author of The Red Word
