**Rockstar Baby** S.C. Wynne,2017-08-15 Mpreg Romance Riley West is an alpha whose music career is exploding. While he has millions of adoring fans, he also has a secret that makes it impossible to live his life how he'd like; he's still reluctantly in the closet at the urging of his longtime manager. Three years of a grueling tour schedule have made him lonely and yearning for something more than just stolen one-night stands. He wants to come out and take a chance that his fans will still support him. Colin Robinson is a solar eclipse omega and also a bodyguard for Shield. He doesn't really know anything about Riley when they first meet, but sparks fly and the two men enjoy a passionate night together. When Colin realizes Riley is in the closet, he makes it clear he'd never have been with him if he'd known. It's a hard decision because he truly feels a connection to Riley and he wants more. Riley doesn't want to say goodbye to Colin, so he hires Colin to be his bodyguard while on tour. Colin agrees but makes it clear their relationship must remain professional as long as Riley is in the closet and his employer. But sometimes things are easier said than done. Mistakes happen. The problem is, when you're a solar eclipse omega, one night of weakness usually means the pitter-patter of little feet won't be far behind.

*The Other End of the Leash* Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all,

humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.
