George Kingsley

The Sky Guard David Partelow,2020-07-17 As the war for Vallance grows, the seed of a new struggle is sown. Spans away, through the skies, the Five-Points have become a haven for those who have forsaken the ground to find solace in the clouds. Massive towns soar free, bastions to gallant ships of merchants, adventurers, and pirates hungry for fortune and glory. For generations there has been peace, the skies ever protected by an order born from the need for justice. These defenders captain the mightiest of ships, and their name holds sway across the span of the Five-Points.They are simply known as the Sky Guard.However, their days of glory are fading, for the once great defenders are now corrupt. Taxing the towns to the breaking point, the Sky Guard now expect compensation for their protection, less they leave you to the hands of brigands and killers. The skies further darken as the name and scourge of the infamous dread pirate Nikolae Savario forces the hand of travelers, for none are foolhardy enough to chance fate between the Points alone.Except for one.Carilienne Esteelle rebels against those who would taint the skies. A former member of the Sky Guard, Captain Esteelle uses her frigate, the Equinox, against her former allies, standing fast against greed and villainy. And as her fame swells, so do the ranks of those who wish her put to death. With the Sky Guard at her heels, Captain Esteelle soon gains the attention of Captain Savario, a man who craves nothing more than to see her bloodline wiped from existence. And as she tries to stay one step ahead of her enemies, Carlienne must accept the help of a mysterious stranger from another land, one who could prove to be a true blessing or a fatal curse. Against insurmountable odds, the captain and her crew will put their skills, wits, and lives to the test, for their destiny is clear: Live free. Fly free.Or die trying

It's a fascinating assortment that will delight young listeners, intrigue older readers, and offer scholars new insights. Background on the country and Japanese culture, notes on the tales, a glossary, recipes, games and crafts, and color photos and illustrations enhance the collection. All levels. As in many countries, storytelling is a revered art in Japan, and traditional tales have been carefully preserved for centuries. Yet only a small portion of Japan's tales has been shared with English-speaking audiences. From one of Japan's most popular and respected storytellers, this collection introduces readers to more than 40 wondrous tales from rural Japan—stories that have not previously been seen or heard—from animal tales and tales of supernatural beings to stories about village characters and priests and their apprentices.

Then a new threat emerges in the form of huge birds of prey called vultiren. Empire State Adam Christopher,2011-12-27 THE EMPIRE STATE IS THE OTHER NEW YORK. A parallel-universe, Prohibition-era world of mooks and shamuses that is the twisted magic mirror to our bustling Big Apple, a place where sinister characters lurk around every corner while the great superheroes that once kept the streets safe have fallen into dysfunctional rivalries and feuds. Not that its colourful residents know anything about the real New York... until detective Rad Bradley makes a discovery that will change the lives of all its inhabitants. Playing on the classic Gotham conventions of the Batman comics and HBO's Boardwalk Empire, debut author Adam Christopher has spun this smart and fast-paced superhero-noir adventure, the sort of souped-up thrill ride that will excite genre fans and general readers alike. Wild Sky Zaya Feli,2021-04-19 Tauran Darrica has been retired from the Valreus Sky Guard for four years following the Battle of the Broken Wings that resulted in the death of his dragon. Now, all Tauran wants to do is spend his days forgetting the past and gambling his way to an unsteady income. So when his old general from the Sky Guard hunts Tauran down to request his help with staving off the increasingly aggressive wild dragon population, Tauran refuses. But a fire ruins his rented room and leaves him without a place to stay, and Tauran finds himself on the road to Valreus, after all. Tauran is determined to stay as far away from dragons as he can get, but a starry-eyed young man from Sharoani, land of the wild dragons, might just ruin his plans. Kalai Ro-Ani has spent his life watching the stars, knowing he could never reach them.With his wild dragon Arrow, he sets out for the city of Valreus in the hope of building himself a better future than he could have stuck at the foot of the Kel Visal dragon temples. But nobody told Kalai that only the Sky Guard is allowed to own dragons, so when Arrow kills a guard in Kalai's defense, it looks like his adventure might be over before it can begin. But a chance encounter at the old Valreus archive offers Kalai the future he'd been hoping for. In the span of a single day, he has a home, a job, and a purpose. In Valreus, something much bigger falls into his lap - along with a tall and striking Valrean man with a rather strange disposition.
