In seven crucial days in May of that year, however, the eyes of the world were suddenly cast upon them as they sought lucrative government contracts for their flying technology and then had to prove the capabilities of their machines. In these pivotal moments, the brothers were catapulted into unwanted worldwide fame as the international press discovered and followed their covert flight tests, and reported their every move using rudimentary telegraphs and early forms of photography. From the brothers' rise to fame on the historic Outer Banks, to the quickly expanding role of the world press and the flights' repercussions in war and military technology, Tise weaves a fascinating tale of a key turning point in the history of flight.

**Kitty & Cadaver** Narrelle M Harris, 2019-06-01 Rome's Burning is a five-piece band with its roots in the 13th century; a line of musicians gifted with the magic-wielding Minstrel Tongue. For hundreds of years, Rome's Burning and its forebears have used music to protect the world from vampires, trolls, zombies, ghosts, banshees, dragons, water demons and other denizens of the dark. But after one hellish night in the suburbs of Budapest, Rome's Burning defeated a nest of vampires at a terrible cost; their lead singer and the love of his life are dead, Rome's Burning is no more. The survivors retreat as far as they can - to Melbourne, Australia - to deal with their grief, decide on their future, find a new leader and, as tradition demands, a new name. Before any of that happens, however, these minstrel-warriors have to find out why the dead keep rising everywhere they go. Everyone has secrets and some of them might explain what's going on. Perhaps the key is in the hands of Kitty Carrasco, the Melbourne funeral home beautician who doesn't know the secrets of her own past. Kitty and Cadaver is a story of grief, love, vampires, music, magic, secrets and the restless dead.
