Photos that Changed the World Claus Biegert, 2006-04-25

From the series that includes *Paintings That Changed the World* and *Buildings That Changed the World* comes *Photos That Changed the World: The 20th Century*. Editor Peter Stepan (Icons of Photography) has assembled such iconic shots as the execution of a Viet Cong officer in the street at point-blank range, a naked child running from a napalm attack outside of Saigon, one of the Kent State massacre's victims being mourned immediately after being murdered and Martin Luther King delivering the I Have a Dream speech. Less familiar will be the burning Reichstag four weeks after Hitler took power, the storming of the St. Petersburg's Winter Palace in October 1917 and an amazing color shot of the leaders of the recent Zapatista rebellion in Mexico. There are 30 color, 100 duotone and 20 b&w illustrations in all; most have a Western bent, but all are important moments in history, as emphasized in accompanying essays.

Dogs Catherine Johnson, 2007-10-15 This volume presents amateur, anonymous snapshots of dogs from the turn of the

century to the early 1950s in all kinds of ordinary and extraordinary settings. In it, we see dogs under the Christmas table, on front porches, at play by the beach, and posed beside babies, birthday girls, and in the casual family portrait. Each photograph in this remarkable collection reflects a unique moment in time and the sometimes surprising, occasionally humorous, and always intimate relationships people have with their dogs. Catherine Johnson's collection - with its small format, unpretentious subjects, and days-gone-by aesthetic - not only reveals a love for 'man's best friend', but also presents a sophisticated selection made with a keen eye for the unusual within mundane.
