📖 **Emergency** Neil Strauss,2009-03-10 Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. \*\*I’ve started to look at the world through apocalypse eyes.\*\* So begins Neil Strauss’s harrowing new book: his first full-length worksince the international bestseller The Game, and one of the most original- and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes-and now of world financial meltdown-Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that’s lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked The Game, The Dirt, and How to Make Love Like a Porn Star, Emergency traces Neil’s white-knuckled journey through today’s heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It’s a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It’s one man’s story of a dangerous world-and how to stay alive in it. Before the next disaster strikes, you’re going to want to read this book. And you’ll want to do everything it suggests. Because tomorrow doesn’t come with a guarantee...

📖 **#GIRLBOSS** Sophia Amoruso,2014-05-06 In the New York Times bestseller that the Washington Post called “Lean In for misfits,” Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she’d taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she’s the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she’s written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn’t about where you went to college or how popular you were in high school. It’s about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. “A witty and cleverly told account . . . It’s this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing.” —Los Angeles Times “Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules.” —Vanity Fair “#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement.” —Lena Dunham

This collection highlights the personal accounts of participants who witnessed some aspect of the events in the Pentagon that day: the survivors, some of whom were injured; policemen; firefighters; medical personnel; observers; others involved in the rescue and recovery efforts; and building occupants.

📖 **THE LANGUAGE OF JOKES IN THE DIGITAL AGE** DELIA CHIARO,2017-11-23 In this accessible book, Delia Chiaro provides a fresh overview of the language of jokes in a globalized and digitalized world. The book shows how, while on the one hand the lingua-cultural nuts and bolts of jokes have remained unchanged over time, on the other, the time-space compression brought about by modern technology has generated new settings and new ways of joking and playing with language. The language of jokes in the digital age covers a wide range of settings from social networks, e-mails and memes, to more traditional fields of film and TV (especially sitcoms and game shows) and advertising. Chiaro’s consideration of the increasingly virtual context of jokes delights with both up-to-date examples and frequent reference to the most central theories of comedy. This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics.

📖 **GABRIEL METHOD** JON GABRIEL,2009-11-13 Jon Gabriel lost over 100 kilos without dieting or surgery and amazingly his body shows almost no sign of ever having been morbidly obese. His totally unique and groundbreaking approach to losing weight is backed by solid, cutting edge obesity research from over four years of full-time investigation of the roles of biochemistry, neurobiology, quantum physics and human consciousness in weight-loss. The result is a method that defies common sense wisdom and yet achieves dramatic lasting benefits. Celebrity obesity survivors like Muhammad Ali’s daughter Khaliah and Robin Moran, star of The Discovery Channel’s show Super Obese, are strong advocates of Jon’s Weightloss approach, which has also been featured on A Current Affairand Today/Tonightin Australia as well as on numerous radio shows and newspaper articles internationally. In addition to telling Jon’s own story of his amazing transformation, the book reveals why diets don’t work and explains a truly unique and revolutionary diet-free way to lose weight. It’s based on the fact that your body has an internal logic that determines how fat or thin you will be at any given time. The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic and work with it so that your body wants to be thinner. When your body wants to be thinner, weightloss is inevitable and becomes automatic and effortless. You simply crave less food, you crave healthier foods, your metabolism speeds up and you become very efficient at burning fat, just like a naturally thin person. And that’s the real transformation - to transform yourself into a naturally thin person, so that you can eat whatever you want whenever you want and still be thin, fit and vibrantly healthy.
