Slap Shot Original Dave Hanson,Ross Bernstein,2013-10-01 More than 30 years after its cinematic debut, Slap Shot remains one of the most popular sports movies of all time, and this book is actor Dave Hanson's firsthand account of its making. Starring the legendary Paul Newman, the movie was based on the hilarious and outrageous antics of the fictitious Charlestown Chiefs, a tough-as-nails minor league hockey team in the early 1970s. In financial trouble and due to fold at the end of the season, they bring in the Hanson Brothers—three of the toughest hockey players around—in a desperate bid to sell tickets. What ensues is pure comic genius. Here, Dave Hanson—who played ringleader Jack Hanson in the film—not only opens the vault and dishes the dirt on the making of the movie, from the bench-clearing brawls and the practical jokes on set to the legendary partying that went on during filming, but also explores how the movie changed his and many of the cast and crew's lives forever.

SLAP SHOT!! Yesterday's Great Hockey Heroes Ross R. Olney,2016-03-03 Hockey is a hard-hitting, beautiful, bloody, exciting, bruising, stunning game and at the top level it is a ballet. Very few of the thousands of young players who dream of it ever make it to the National Hockey League, and then very few of them become super stars, the best in the business, in the history of the sport. Most of these dynamic players are retired or gone now, but their spirit lives on with the teams where they played and in the rinks where they skated. In most of those rinks, their names are displayed high up in the rafters, and most of them have their names engraved on one of the rings of the famous Stanley Cup. This book tells of their lives, their love of their game, and where they are now.

*The Making of Slap Shot* Jonathon Jackson,2010-09-23 How a movie about minor league hockey became a box office hit-and an international cult classic Even thirty-odd years after Slap Shot's release, diehard hockey fans can still recite scenes of dialogue by heart, making lines like putting on the foil just common argot for the devoted. Yet many may be surprised to learn that the true story behind the making of the film is as captivating as the film itself. In *The Making of Slap Shot*, veteran sports writer Jonathon Jackson lets fans not only relive just how the film was made, but brings to light surprising facts (i.e., Al Pacino was the first choice for the role of Reggie Dunlop; almost every scene-even the absurd and unbelievable ones-depicts a real life event). With access to those involved in the making of the film, he brings to life some of the magic behind the creation of memorable scenes and characters, especially the Charleston Chiefs, one of the most popular fictional sports teams in history. Based on interviews with over 50 cast members, production staff, and anyone of note involved in the film's creation Destined to be a collectible and keepsake (along with the jerseys, bobbleheads, and other paraphernalia associated with the film), *The Making of Slapshot* is a must for fans eager to learn even more about their favorite film.

**A Slap Shot in Time** Dan Whenesota,Mike Curran,Vintage Minnesota Hockey (Firm),2022 In the early 1970s an upstart professional hockey league known as the World Hockey Association was formed to challenge the well-established and long-standing National Hockey League. The Minnesota Fighting Saints were one of the WHA's original franchises, playing their games in downtown St. Paul at the newly built Civic Center. They were the first major professional sports team in St. Paul, at a time when Minnesota's other major professional sports teams were based across town in Minneapolis. Competing in parts of five seasons, the Fighting Saints, along with their minor league team, the Johnstown Jets, were notorious for wild antics both on the ice and off. Some of those events were the inspiration for a major Hollywood film, *Slap Shot* (1977), which became a cult classic still considered one of the greatest sports movies of all time. -- Adapted from back cover.

**Three-dimensional Blade Position and Orientation During a Stationary Ice Hockey Slap Shot** Karen Vanessa Lomond,2005 The purpose of this study was to examine the three-dimensional movement profile of the blade during a stationary slap shot, as a function of blade construction properties and player skill level. A total of fifteen subjects participated in this study; eight were classified as elite and the remaining seven were recreational. Performances were evaluated by simultaneously recording the movements of the stick's lower shaft and blade with high-speed video (1000 Hz), the time and duration of stick-ground contact with two uniaxial forceplates, and

time of blade-puck contact with a uniaxial accelerometer mounted within the puck. Data were analyzed with a two-way ANOVA for several dependent variables, including: linear kinematics, temporal phase data, and global angles. The results indicated that elite shooters tended to alter timing parameters (i.e. phase length), magnitude of linear variables (i.e. displacement, etc.), and the overall blade orientation to achieve a higher velocity slap shot. These analyses helped to identify a unique rocker phase within the execution of the slap shot in both groups. Further studies are needed to discern the precise role and function of the rocker phase, in order to advance the cause of hockey stick, specifically blade design and development. --
