The G-Connection Joan Vernikos,Robin Hosie,2004 After 30 years of pioneering research with

NASA, Joan Vernikos has written the first book to focus on the fundamental importance of gravity in maintaining youthful vigor. In it, she applies lessons learned from the experiences of U.S. astronauts and Soviet/Russian cosmonauts in space to ordinary people here on Earth. Highly practical, the What You Can Do about It section in each chapter is a comprehensive guide that will help young people, baby boomers, the elderly, and professionals make smart lifestyle choices. The G-Connection is written in down-to-earth and understandable language. Peppared with firsthand anecdotes from astronauts and interesting stories of Vernikos's own voyage of discovery, this book is both a fun and credible resource. The excitement for her work and ideas comes across clearly and is contagious. The reader finishes the book knowing what to do differently in his or her daily life to slow down or even reverse the aging process. It is a treasure trove of ideas to a geriatrician-Harold J. Guy, M.D., Professor of Geriatric Medicine, University of California San Diego Medical School, San Diego, California The premise is plausible and the contents thoroughly referenced and well documented. It is written in a flowing style with humor and self-assurance and with language that never patronizes the reader.- Ralph Pelligra, M.D., NASA Ames Chief Medical Officer Moffett Field, California.

Getting in the Gap Dr. Wayne W. Dyer,2021-08-10 Why Meditate? The practice of meditation takes us on a fabulous journey into the gap between our thoughts, where all the advantages of a more peaceful, stress-free, healthy, and fatigue-free life are available—but they're merely side benefits. The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself. In this uplifting book, Dr. Wayne W. Dyer explains the soul-nourishing meditation technique for making conscious contact with God, which the ancient masters have told us about. You have all the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life. No person, government entity, or religious group can legitimately claim to do this for you. In fact, says Dr. Dyer, I agree with Carl Jung, who said that one of the main functions of formalized religion is to protect people against a

direct experience of God. (Dr. Dyer helps you have this direct experience by leading you through the meditation technique in the accompanying audio download.) When you master getting into the gap, stay there for prolonged segments of meditation, and experience what you bring back into the world, you'll truly know the answer to the question: Why meditate?

The Night and Its Moon Piper CJ,2022-09-20 An addictive fantasy romance from TikTok sensation Piper CJ, now newly revised and edited. Two orphans grow into powerful young women as they face countless threats to find their way back to each other. Farleigh is just an orphanage. At least, that's what the church would have the people believe, but beautiful orphans Nox and fae-touched Amaris know better. They are commodities for sale, available for purchase by the highest bidder. So when the madame of a notorious brothel in a far-off city offers a king's ransom to purchase Amaris, Nox ends up taking her place — while Amaris is drawn away to the mountains, home of mysterious assassins. Even as they take up new lives and identities, Nox and Amaris never forget one thing: they will stop at

nothing to reunite. But the threat of war looms overhead, and the two are inevitably swept into a conflict between human and fae, magic and mundane. With strange new alliances, untested powers, and a bond that neither time nor distance could possibly break, the fate of the realms lies in the hands of two orphans — and the love they hold for each other.
