**The Slenderman Mysteries** Nick Redfern,2018-02-19 It's the dead of night; you are fast asleep. Suddenly, you are wide awake but unable to move. Hunched over you in the shadows is an eight- or nine-foot-tall gaunt entity with spider-thin limbs, dressed in an old-style black suit, its pale face missing eyes, nose, ears, and mouth. You finally manage to cry out. The monstrous thing disappears as suddenly as it appeared. You just had a terrifying encounter with the Slenderman. Who—or what—is the Slenderman? His existence began on the Internet, but he didn't stay online. The Slenderman may be a tulpa, a thought-form that can stride out of our darkest imaginations and into reality if enough people believe in it. In May 2014, two young Milwaukee girls almost killed a friend in the name of the Slenderman. Perhaps, like the vast Skynet system in the Terminator movies, the Internet is turning against us—and attacking us with digital equivalents of our own online nightmares. The Slenderman has come to life. For the first time, this book reveals the full and fear-filled saga.

Slenderman, Slenderman - And Other Terrifying Tales Jack Goldstein,2012-11-20 A boy who makes up tall tales to scare his friends, but has the tables turned on him... A girl who should have been more careful what she wished for... A young know-it-all who is sure he knows how a magician's tricks work... These are just three of the terrifying tales featured in the fantastic collection from bestselling author Jack Goldstein. With three macabre short stories and three poems with unexpected twists, both adults and children will enjoy being scared out of their wits. A word of caution however - all of the stories feature mature horror themes, and may not suit the youngest - or most timid readers. If, however, the thought of Slenderman running his long, thin decomposing fingers through your hair sounds exhilarating, then you are sure to enjoy being truly terrified by this haunting anthology!

**The Scholar** Dervla McTiernan,2019-05-14 From international #1 bestselling author of *The Ruin* and *The Murder Rule* comes a compulsive crime thriller set in the fiercely competitive, cutthroat world of research and academia, where the brightest minds will stop at nothing to succeed. When Dr. Emma Sweeney stumbles across the victim of a hit-and-run outside Galway University early one morning, she calls her boyfriend, Detective Cormac Reilly, bringing him first to the scene of a murder that would otherwise never have been assigned to him. The dead girl is carrying an ID that will put this crime at the center of a scandal--her card identifies her as Carline Darcy, heir apparent to Darcy Therapeutics, Ireland's most successful pharmaceutical company. Darcy Therapeutics has a finger in every pie, from sponsoring university research facilities to funding political parties to philanthropy--it has even funded Emma's own ground-breaking research. As the murder investigation twists in unexpected ways and Cormac's running of the case comes under scrutiny from the department and his colleagues, he is forced to question himself and the beliefs that he has long held as truths. Who really is Emma? And who is Carline Darcy? A gripping and atmospheric follow-up to *The Ruin*, an expertly plotted, complex web of secrets that refuse to stay hidden (Karen Dionne, author of *The Marsh King's Daughter*), *The Scholar* is perfect for fans of Tana French and Flynn Berry.

**The Good Turn** Dervla McTiernan,2021-08-31 Some lines should never be crossed. Police corruption, an investigation that ends in tragedy, and the mystery of a little girl's silence—three unconnected events that will

prove to be linked by one small town. While Detective Cormac Reilly faces enemies at work and trouble in his personal life, Garda Peter Fisher is relocated out of Galway with the threat of prosecution hanging over his head. But even that is not as terrible as having to work for his overbearing father, the local copper for the pretty seaside town of Roundstone. For some, like Anna and her young daughter, Tilly, Roundstone is a refuge from trauma. But even this village on the edge of the sea isn't far enough to escape from the shadows of evil men.

**Monster Hunters** Tea Krulos, 2015-06-01 Do ghosts exist? What about the Bigfoot, or Skinwalkers? And how will we ever know? Journalist Tea Krulos spent over a year travelling nationwide to meet individuals who have made it their life's passion to hunt down evidence of entities that they believe exist, but that others might shrug off as nothing more than myths, fairytales, or overactive imaginations. Without taking sides in the debate, Krulos joins these believers in the field, exploring haunted houses, trekking through creepy forests, and scanning skies and lakes as they collect data on the unknown—poltergeists, chupacabras, Skunk Apes (Bigfoot's stinky cousins), and West Virginia's Mothman. He even attends an attempted exorcism. Along the way, he meets a diverse cast of characters—true believers, skeptics, and hoaxers, from the credible to the quirky. It is hard not to be swept up in the investigators' never-wavering enthusiasm, and Krulos has a couple of hair-raising encounters along the way, ones that make him second-guess his own beliefs. Yet in the end, he leaves it to the reader to decide: are these people onto something, or are they tilting at supernatural windmills? Tea Krulos is a freelance journalist and author of *Heroes in the Night* and the blog of the same name. He lives in Milwaukee, Wisconsin.

The Slender Man – a monster known for making children disappear and causing violent deaths to the adults who seek to know more about him – is used as an extended case study to explore the role of digital communities, as well as the question of the existence of a broader “digital culture”.
