In Creative Visualization, master photographer, photo educator and photo instructor Rick Sammon presents his proven methodology for creative digital photography. His signature inspiring and motivating approach opens creative avenues for photographers in a variety of genres. With easy-to-follow examples, Sammon shows you how simple changes—with visualization, composition, post-processing, and more—can mean the difference between a snapshot and a great shot. This book,

illustrated with more than 300 of Rick's photographs, includes invaluable information about exposure, composition, subject choice, lighting, mood, and depth. In the Food for Thought section, Rick offers guidelines for setting goals, getting motivated, connecting with a subject, learning, painting with light, thinking like a painter and more. In Develop Your Creative Vision, Rick takes you on an exploration of composition, exposure, making images with impact, creating a mood, altering reality, and pursuing your passion. Corrective and creative image processing techniques, as well as HDR, EDR, panoramas and black-and-white imaging, are covered in the Image Processing Specialties section. Rick also shares a chapter on self-assignments – photo challenges – that you can use to expand your photographic horizons. Canon Explorer of Light and master photographer Rick Sammon shares the secrets behind learning to see photographically, to make the necessary changes that will have a noticeable impact on your photographs. Includes easy-to-follow instruction for post-processing techniques in Lightroom and Photoshop. Tips for making the best HDR and EDR images are also included, as well as illustrations of how plug-ins can help photographers awaken the artist within. The Digital Photography Book Scott Kelby, 2020-06-11

Learn how to take professional-quality photographs using the same tricks today's top photographers use (surprisingly, it's easier than you'd think)!

This is a completely, totally updated version of the #1 best-selling digital photography book of all time! It's the award winning, worldwide smash hit, written by Scott Kelby, that's been translated into dozens of different languages.

Here's how Scott describes this book's brilliant premise: "If you and I were out on a shoot, and you asked me, 'Hey, how do I get this flower to be in focus, with the background out of focus?,' I wouldn't stand there and give you a photography lecture. In real life, I'd just say, 'Put on your zoom lens, set your f-stop to f/2.8, focus on

the flower, and fire away.' That's what this book is all about: you and I out shooting where I answer questions, give you advice, and share the secrets I've learned just like I would with a friend—without all the technical explanations and techie photo speak."

This isn't a book of theory—full of confusing jargon and detailed concepts. This is a book on which button to push, which setting to use, and when to use it. With over 200 of the most closely guarded photographic "tricks of the trade," this book gets you shooting dramatically better-looking, sharper, more colorful, more professional-looking photos every time.

Each page covers a single concept that makes your photography better. Every time you turn the page, you'll learn another pro setting, tool, or trick to transform your work from snapshots into gallery prints. If you're tired of taking shots that look "okay," and if you're tired of looking in photography magazines and thinking, "Why don't my shots look like that?" then this is the book for you.

Roman Pottery Research in Britain and North-West Europe Anne Anderson, Alastair Scott Anderson, 1981

No Limits, No Fear, No Mercy!! Patrick Lavigne, 2009-08-24 Edén Crowell was an easygoing person, very quiet and shy. He always had a hard time talking with people, especially girls. He always dressed like a nerd and was picked on and teased by others. One night at a party down at Black Lake, some other kids take a practical joke way too far. And Edén suffers a terrible accident from the practical joke gone bad. However, what people do not know is Edén survived the accident and made a deal with the devil. That same night he meets the spirit of a serial killer whose name is Joseph Brickley. And Joseph promises to bring the ones who harmed him the same pain he feels. Edén

becomes addicted to it, and does not only target those who harmed him. He begins to target anyone who is now trying to stop him. Two people know who is doing all the murders. One, his childhood friend, Kacey, starts to have nightmares and visions of all his next victims. Kacey and Patrick join forces to help each other out and stop Eden from doing what he is doing. The police do not believe them; their parents do not believe them either. It is up to them to stop what Eden is doing

Network Propaganda Yochai Benkler, Robert Faris, Hal Roberts, 2018-09-17 This is an open access title available under the terms of a CC BY-NC-ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Is social media destroying democracy? Are Russian propaganda or Fake news entrepreneurs on Facebook undermining our sense of a shared reality? A conventional wisdom has emerged since the election of Donald Trump in 2016 that new technologies and their manipulation by foreign actors played a decisive role in his victory and are responsible for the sense of a post-truth moment in which disinformation and propaganda thrives. *Network Propaganda* challenges that received wisdom through the most comprehensive study yet published on media coverage of American presidential politics from the start of the election cycle in April 2015 to the one year anniversary of the Trump presidency. Analysing millions of news stories together with Twitter and Facebook shares, broadcast television and YouTube, the book provides a comprehensive overview of the architecture of contemporary American political communications. Through data analysis and detailed qualitative case studies of coverage of immigration, Clinton scandals, and the Trump Russia investigation, the book finds that the right-wing media ecosystem operates fundamentally differently than the rest of the media environment. The authors argue that longstanding institutional, political, and cultural patterns in American politics interacted with technological change since the 1970s to create a propaganda feedback loop in American conservative media. This dynamic has marginalized centre-right media and politicians, radicalized the right wing ecosystem, and rendered it susceptible to propaganda efforts, foreign and domestic. For readers outside the United States, the book offers a new perspective and methods for diagnosing the sources of, and potential solutions for, the perceived global crisis of democratic politics.

Last Mission for a Reluctant Patriot Paul A. Baffico, Ann McNamara, 2014-08-22 *Last Mission for a Reluctant Patriot* is the fascinating story of the life journey of author Paul Baffico as a member of the passionate Boomer Generation. Raised in a typical Post WWII family in San Francisco, his education and family values directed him to always do the right thing no matter the circumstances. Through the Haight-Ashbury Summer of Love and his military obligation that sent him to Vietnam; a brilliant career with a Fortune 50 company including an envious early retirement; and finally, the recall of one horrific year of combat that haunted him daily, he eventually questioned if he had ever lived up to the values he was taught. Paul Baffico takes us through the crucial moments of the experience that defined his life and emotional state, but that eventually motivated him to be healed by a most unforeseen encounter with a buried and boiling past. The story is as timeless and relevant today for warriors and their families as it has been for the millennia that human kind has fought wars. Baffico is the Founder of the Lake County Veterans and Family Services Foundation. He was the 2012 Red Cross Military Hero of the Year for Greater Chicagoland. He is a U.S. Park Service Volunteer Docent at the Vietnam Veterans Memorial Wall in

Washington, D.C.. And he is the former President of the Sears Automotive Group and the CEO of Western Auto Supply Company. He lives in the Chicago suburbs with his wife Max Smith.
