Slots Conquest Frank Scoblete,2010-10-01 Think all slot machines are the same? If so, that's why you're losing money. Slots Conquest will teach readers all the nuances of slot machines to improve the odds of winning. Written by one of the most experienced professional gamblers in the profession, Slots Conquest opens up the secret world of slot machines to everyone so that readers can learn how to identify the machines that will give the best odds to win. Different machines offer different odds of success, and this book explains how to identify the best machines to play in the casino to guarantee walking out a winner. Whether you're a longtime fan of the one-armed bandit or brand new to slot machines, Slots Conquest will change your approach to slot machines instantly.

Break the One-Armed Bandits Frank Scoblete,1994 One of America's bestselling gaming authors has written the definitive book on slot machines. Players can learn what makes some machines player-friendly and other machines player-deadly and how to distinguish between them. In the land of the one-armed bandits, this new book is the road map slot players need.

Increase Your Slot Odds Gustave Boehn,2004-08-13 This book is written for those who occasionally visit Las Vegas or Atlantic City for a vacation, or a couple days of fun. While there, one can't help but drop coins into the slot machines in hopes of hitting a jackpot. They are drawn to the casino's gaming floor like a metal paper clip is to a magnet by the sound of coins dropping into the slot machine's metal pan, flashing lights, strange slot machine sounds, and screams of those hitting a jackpot. Upon reading this book, one will have an insight on how a slot machine functions, and be informed of a method of play that will increase one's odds of winning. Let me be honest, though, and say that no matter what method one plays the slot machines, luck is a major factor in whether one wins or not. To know what slot machines to patronize, and having a good method of play will certainly increase one's luck. One will also be informed when it's time to depart the casino's gaming floor, and I can only hope they heed the advice as not to ruin their vacation.
