Language and Culture in the Intercultural World Vesna Mikolič,2020-12-09 The intensification of contacts between cultures and languages has a major impact on all social spheres today. Multiculturalism and multilingualism are important elements of the local, regional, national and global community. Much of the world's conflict stems from the contrast between globalization and nationalism, fuelled by religions, racial divisions, traditions and other cultural particularities. Focusing mainly on the situation in Central and South-eastern Europe, this book addresses how cultural identities develop through tourism, education, literature and other social fields, and how language and literature teaching should be planned in this context. It consists of the following sections: Language, Culture and Tourism; Interculturalism, Multilingualism and Approaches to Language Learning; and Culture in Literature and Translation. The volume will be of interest to teachers and researchers of cultural and tourism studies, linguistics and language learning, literary studies and translation, while also addressing wider readers interested in contemporary intercultural society.

Flavors of Slovenia Heike Milhench, 2007 Enjoy this sampler of a diverse culinary heritage and culture, replete with 200 delicious recipes, a section on well-known Slovenian beers and wines, and stories of a fascinating past. Tucked between the foothills of the Alps, the coast of the Adriatic Sea, and the beginning of the Panonian plains to the East, Slovenia is a beautiful land in Central Europe. Among the popular draws are its peaceful Mediterranean affordability, scenic aspect and increased accessibility and affordability. Newly independent from Yugoslavia at the end of the 20th century, Slovenia emerged fairly recently with a resilient culture and rich arts scene that has caused tourism to flourish. This book presents perhaps the only comprehensive guide to the country's cuisine. Ranging from such perennial favourites as Friko (Hearty Potato Pancake), linkrofi (Meat Dumplings), Bakala (Dried Salt Cod Pate) and Kostanjeva Juba (Chestnut Soup) to more unusual preparations like Crni Rioto (Black Risotto with Squid, ink included) and Meerli (Baked Encrusted Pig or Veal Lung -- a version of Haggis), Slovenian fare is both hearty and wholesome. Not only do we discover these tasty dishes, but also ruminations on golf, the capital city of Ljubljana, and the art of Slovenian bee-keeping. Tales of such legendary locals as the 'sunshine salesman' and a Slovenian Robin Hood along with ghosts and fairytale castles also bring the culture alive in this unique volume.

Essential Quotes for Scientists and Engineers Konstantin K. Likharev, 2021-02-27 This book brings together about 2,500 quotations on various topics of interest to scientists and engineers, including students of STEM disciplines. Careful curation of the material by the editor provides the reader with far greater value than can be obtained by searching the internet. The quotes have been selected for various attributes including: importance of topic, depth of insight, and - not least - wit, with many of them satisfying all these criteria. To make sequential reading of the quotes more engaging, they are grouped into broad topical sections, and the entries within each section are organized thematically, forming quasi-continuous narrative threads. The text and authorship of each quote have been carefully verified, and the most popular cases of misquotation and misattribution are noted. The book represents a valuable resource for those writing science and engineering articles as well as being a joy to read in its own right.

Daily Bread for Your Mind and Soul Fayek S. Hourani, 2012-10-17 Dedication I begin by dedicating this book to Karim, my beloved son and soul mate. Karim, I leave this simple but hopefully powerful book in your hands as a daily loaf of philosophical bread, in your heart as a hope booster, and in your soul as a message of faith that might lift you up. Our Lord has said, Not by bread alone we live, but . . . I also dedicate this book to my wife, Hala, for whom I feel a great sense of gratitude, given her unlimited patience, understanding, and encouragements through many long days and nights. Finally, this work is dedicated to my cousin, Amal Hourani, a real brother and true friend. He is always there for me in his humble and quiet way. In my heart, I carry a profound sense of love and admiration for him. I love you all forever.

The Bigness of the World Lori Ostlund, 2010-10-01 Set among such divergent places as a small-town in Minnesota, an Albuquerque airport, A Belizean café and a hotel swimming pool in Java, Ostlund's Flannery O'Connor Award (2008) winning debut collection depicts sexually and socially repressed Americans. Men and women who wind up feeling displaced when they fail to escape the influence of their past; ineffectual parents, fathers and lovers who disappear, teachers who struggle to connect with their students, and lifelong obsessions with language.

Civilization's Quotations Richard Alan Krieger, 2007 These 8,000 clever and insightful sayings, organized by theme, will enrich the prose of writers, public speakers and anyone seeking to lead or persuade. It also provides a wealth of inspirational affirmations to guide us in our lives. Chinese proverbs, Roman maxims and the wisdom of writers from William Penn to Kahlil Gibran cover themes from humility and patience to courage, will and action. The topics are arranged in a sequence that begins with birth and progresses through the seasons of the Ideal Life. When possible, each quotation flows into the next one so that the whole section reads almost like a speech given by one person. In other sections, one quotation

plays off another, creating a lively discussion amongst the authors.

Influential Machines Miles C. Coleman, 2023-11-02 A new framework for understanding how algorithms influence Web applications offer us conclusions about science. Twitter bots generate art. Machine-learning systems satirize politicians. We live in an era where a substantial share of our private and public communication is machinic. Modern computing machines cannot yet speak for themselves—although the capacities of AI are rapidly expanding—but they generate rhetorical energies as they give advice, entertain, and proffer insight, speaking to human concerns in more-than-human ways and guiding human action. In *Influential Machines* Miles C. Coleman looks beyond human communication to interrogate the ways in which the machines and algorithms in our lives make meaning and the implications of their special modes of communication. Using the varied examples of an anti-vax vaccine calculator, two Twitterbots, and the computational performances of virtual assistants, Coleman asks what machines mean to us as social agents and whether humans are the appropriate reference for designing machine communication. Coleman goes beyond the front and back ends of computing to describe the deep end of computing, a site of ambient rhetoric that is essential for understanding how machines move in today's digital world.

Walking in Wisdom Love God Greatly, 2016-12-20 The book of Proverbs positions us face-to-face with the wise and the fool and the consequences that follow their choices. The text is highly personal, at times uncomfortably transparent, and doesn't mess around in zeroing in on the world's greatest temptations that threaten to lead us astray from walking in the wisdom that God intended for us. This six-week Love God Greatly study points to a topical look at Proverbs and the key themes of wisdom in our speech, our relationships, our work and wealth, and in the face of temptation. Trust in the Lord instead of your own understanding is where the book of Proverbs ultimately leads us. God is the source of all wisdom, He uses these proverbs to show us the path that leads to wisdom, and He reveals to us the fruit of walking in this great wisdom... so that our trust is ultimately not in our floundering ways, but can be found securely in Him. Journal with us as we dive into God's Word together... reading and writing what God speaks into your heart along the way. For more encouragement, join us at LoveGodGreatly.com where you'll find further insights, community, and content to supplement your time in God's Word!
