

Smarttv Control

P.L.Patrick Rau

SMARTLAB: You Build It - Johnstone And Shar Levine, Clive Gifford, Leslie Johnstone, Shar Levine, SmartLab, 2005-08 Take control! Kids build the remote themselves and gain hands-on experience with the science of light and energy. Includes everything kids need to build a working remote control (for use with home TV and VCR). Kids build and program this universal remote to discover how light and energy make channel surfing possible.

Cross-Cultural Design P.L. Patrick Rau, 2014-06-02 This volume constitutes the refereed proceedings of the 6th International Conference on Cross-Cultural Design, CCD 2014, held as part of the 16th International Conference on Human-Computer Interaction, HCI International 2014, held in Heraklion, Crete, Greece, jointly with 13 other thematically similar conferences. The total of 1476 papers and 220 posters presented at the HCII 2014 conferences was carefully reviewed and selected from numerous submissions. The papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. They thoroughly cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The 76 papers included in this volume deal with the following topics: cross-cultural product and service design; cross-cultural issues in interaction; social aspects and implications of cross-cultural design; cross-cultural issues in e-commerce, marketing and branding; cross-cultural design for knowledge sharing and learning; cross-cultural design for the smart city and cross-cultural design for creativity.

Samsung SmartTV Application Development Handstudio Co., Ltd, 2013-09-16 Take your apps from the small screen to the big screen and start developing for the Samsung SmartTV now! Samsung's SmartTV platform gives developers the opportunity to bring the app experience to the world of home entertainment, creating a more interactive and engaging way to reach their audience. If you're ready to expand your app development skills beyond the mobile environment, look no further than Samsung SmartTV Application Development. This unique guide shows you how to incorporate SmartTV features like Smart Interaction, gesture and voice recognition, and personalized recommendations into your app designs and take advantage of movie, video game, web, and other smart content available on the latest SmartTV offerings. Shows how to build a new SmartTV application - from planning the app design to creating a compelling user interface, adding features, and taking the app to market Walks you through the development environment, key platform capabilities, the SmartTV toolset, and testing emulator Includes helpful source code examples to use as inspiration for your own app design and instruction on using video-on-demand, gaming, multi-screen, and Smart Interaction features in your app Written by a team of experts from Handstudio, a global smart media application and solution developer whose clients include Samsung, Humax, and LG, who share their real-world insights and experience developing for the Samsung SmartTV platform Make the smart move and get Samsung SmartTV Application Development today!

HCI in Business Fiona Fui-Hoon Nah, Chuan-Hoo Tan, 2015-07-20 This volume constitutes the refereed proceedings of the Second International Conference on HCI in Business, HCIB 2015, held as part of the 17th International Conference on Human-Computer Interaction, HCII 2015, which took place in Los Angeles, CA, USA, in August 2015. HCII 2015 received a total of 4843 submissions, of which 1462 papers and 246 posters were accepted for publication after a careful reviewing process. The papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. They thoroughly cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The 72 papers presented in this volume address the following topics: social media for business, enterprise systems, business and gamification, analytics, visualization and decision-making, industry, academia, innovation, and market.

Take Control of Apple TV Josh Centers, 2022 Whether you're considering an Apple TV, already own one, or have a smart TV or streaming device that supports AirPlay and/or the Apple TV app, you can more fully enjoy Apple's ecosystem with this ultimate guide by TidBITS managing editor Josh Centers. You'll learn about the best TVs and sound equipment to buy, how to maximize your Apple TV's picture quality, get the most out of the Apple TV app, control your media with AirPlay, and so much more!

Global ICT Industry and Market Report: 2013 Edition MIC Research Team, 2016-08-01 The rigid economic conditions in 2012 stemming from the European debt crisis, slow recovery of mature economies, and less expected growth in the emerging markets had caused government and enterprise sectors to cut down their spending and led to low consumer confidence. Improved broadband service quality and increased income per capita in emerging countries have made smart handheld devices and other consumer electronic devices the engine of growth for the ICT Industry. This report profiles the development of motherboard, notebook PC (including netbook), server, tablet, smartphone, large-, medium, and small LCD panels, LCD TV, and DSC (Digital Still Camera) in 2013 and examines their future trends beyond.

Applications and Usability of Interactive TV María J. Abásolo, Jorge Abreu, Pedro Almeida, Telmo Silva, 2021-07-19 This book constitutes the refereed proceedings of the 9th Iberoamerican Conference on Applications and Usability of Interactive Television, jAUTI 2020, in Aveiro, Portugal, in December 2020.* The 12 full papers presented were carefully reviewed and selected from 35 submissions. The papers are organized in topical sections on audiovisual content and experiences; design and development of iTV applications; iTV and videos in learning; iTV for the elderly; usability and UX evaluations.*Due to the COVID-19 pandemic the conference was held online.

Proceedings of the Future Technologies Conference (FTC) 2018 Kohei Arai, Rahul Bhatia, Supriya Kapoor, 2018-10-17 The book, presenting the proceedings of the 2018 Future Technologies Conference (FTC 2018), is a remarkable collection of chapters covering a wide range of topics, including, but not limited to computing, electronics, artificial intelligence, robotics, security and communications and their real-world applications. The conference attracted a total of 503 submissions from pioneering researchers, scientists, industrial engineers, and students from all over the world. After a double-blind peer review process, 173 submissions (including 6 poster papers) have been selected to be included in these proceedings. FTC 2018 successfully brought together technology geniuses in one venue to not only present breakthrough research in future technologies but to also promote practicality and applications and an intra- and inter-field exchange of ideas. In the future, computing technologies will play a very important role in the convergence of computing, communication, and all other computational sciences and applications. And as a result it will also influence the future of science, engineering, industry, business, law, politics, culture, and medicine. Providing state-of-the-art intelligent methods and techniques for solving real-world problems, as well as a vision of the future research, this book is a valuable resource for all those interested in this area.

Cross-Cultural Design. Methods, Practice, and Case Studies P.L. Patrick Rau, 2013-07-01 This is the first part of the two-volume set (LNCS 8023-8024) that constitutes the refereed proceedings of the 5th International Conference on Cross-Cultural Design, held as part of the 15th International Conference on Human-Computer Interaction, HCII 2013, held in Las Vegas, USA in July 2013, jointly with 12 other thematically similar conferences. The total of 1666 papers and 303 posters presented at the HCII 2013 conferences was carefully reviewed and selected from 5210 submissions. These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. The papers accepted for presentation thoroughly cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. This two-volume set contains 113 papers. The papers in this volume focus on the following topics: cross-cultural product design, cross-cultural design methods and techniques, international usability evaluation, and case studies in cross-cultural design.

Proceedings of Eighth International Congress on Information and Communication Technology Xin-She Yang, R. Simon Sherratt, Nilanjan Dey, Amit Joshi, 2023-09-14 This book gathers selected high-quality research papers presented at the Eighth International Congress on Information and Communication Technology, held at Brunel University, London, on 20-23 February 2023. It discusses emerging topics pertaining to information and communication technology (ICT) for managerial applications, e-governance, e-agriculture, e-education and computing technologies, the Internet of Things (IoT) and e-mining. Written by respected experts and researchers working on ICT, the book offers a valuable asset for young researchers involved in advanced studies. The work is presented in four volumes.

Ambient Intelligence—Software and Applications—13th International Symposium on Ambient Intelligence Vicente Julián, João Carneiro, Ricardo S. Alonso, Pablo Chamoso, Paulo Novais, 2023-01-01 This book presents the latest research on Ambient Intelligence including software and applications. Ambient Intelligence (AmI) is a paradigm emerging from Artificial Intelligence, where computers are used as proactive tools assisting people with their day-to-day activities, making everyone's life more comfortable. The inclusion of computational power and communication technologies in everyday objects is growing, and their embedding into our environments should be as invisible as possible. In order for AmI to be successful, human interaction with computing power and embedded systems in the surroundings should be smooth and happen without people actually noticing it. The only awareness people should have arises from AmI: more safety, comfort and wellbeing, emerging in a natural and inherent way. ISAmI is the International Symposium on Ambient Intelligence, aiming to bring together researchers from various disciplines that constitute the scientific field of AmI to present and discuss the latest results, new ideas, projects and lessons learned.

Computational Science and Its Applications -- ICCSA 2012 Beniamino Murgante, Osvaldo Gervasi, Sanjay Misra, Nadia Nedjah, Ana Maria Alves Coutinho Rocha, David Taniar, Bernady O. Apduhan, 2012-06-15 The four-volume set LNCS 7333-7336 constitutes the refereed proceedings of the 12th International Conference on Computational Science and Its Applications, ICCSA 2012, held in Salvador de Bahia, Brazil, in June 2012. The four volumes contain papers presented in the following workshops: 7333 - advances in high performance algorithms and applications (AHPAA); bioinspired computing and applications (BIOCA); computational geometry and applications (CGA); chemistry and materials sciences and technologies (CMST); cities, technologies and planning (CTP); 7334 - econometrics and multidimensional evaluation in the urban environment (EMEUE); geographical analysis, urban modeling, spatial statistics (Geo-An-Mod); 7335 - optimization techniques and applications (OTA); mobile communications (MC); mobile-computing, sensing and actuation for cyber physical systems (MSA4CPS); remote sensing (RS); 7336 - software engineering processes and applications (SEPA); software quality (SQ); security and privacy in computational sciences (SPCS); soft computing and data engineering (SCDE). The topics of the fully refereed papers are structured according to the four major conference themes: 7333 - computational methods, algorithms and scientific application; 7334 - geometric modelling, graphics and visualization; 7335 - information systems and technologies; 7336 - high performance computing and networks.

Tools for Mobile Multimedia Programming and Development Tjondronegoro, D., 2013-05-31 Mobile devices are rapidly developing into the primary technology for users to work, socialize, and play in a variety of settings and contexts. Their pervasiveness has provided researchers with the means to investigate innovative solutions to ever more complex user demands. Tools for Mobile Multimedia Programming and Development investigates the use of mobile platforms for research projects, focusing on the development, testing, and evaluation of prototypes rather than final products, which enables researchers to better understand the needs of users through image processing, object recognition, sensor integration, and user interactions. This book benefits researchers and professionals in multiple disciplines who utilize such techniques in the creation of prototypes for mobile devices and applications. This book is part of the Advances in Wireless Technologies and Telecommunication series collection.

Computers Helping People with Special Needs Klaus Miesenberger, Georgios Kouroupetroglou, Katerina Mavrou, Roberto Manduchi, Mario Covarrubias Rodriguez, Petr Penáz, 2022-07-01 The two-volume set LNCS 13341 and 13342 constitutes the refereed proceedings of the Joint International Conference on Digital Inclusion, Assistive Technology, and Accessibility, ICCHP-AAATE 2022. The conference was held in Lecco, Italy, in July 2022. The 112 papers presented were carefully reviewed and selected from 285 submissions. Included also are 18 introductions. The papers are organized in the following topical sections: Part I: Art Karshmer Lectures in Access to Mathematics, Science and Engineering; Digital Solutions for Inclusive Mobility: solutions and accessible maps for indoor and outdoor mobility; implementation and innovation in the area of independent mobility through digital technologies; haptic and digital access to art and artefacts; accessibility of co-located meetings; interactions for text input and alternative pointing; cognitive disabilities and accessibility; augmentative and alternative communication (AAC): emerging trends, opportunities and innovations; language accessibility for the deaf and hard-of-hearing. Part II: Digital accessibility: readability and understandability; serious and fun games; internet of things: services and applications for people with disabilities and elderly persons; technologies for inclusion and participation at work and everyday activities; robotic and virtual reality technologies for children with disabilities and older adults; development, evaluation and assessment of assistive technologies; ICT to support inclusive education – universal learning design (ULD); design for assistive technologies and rehabilitation; assistive technologies and inclusion for older people. 11 Chapters are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Distributed, Ambient, and Pervasive Interactions Norbert Streitz, Panos Markopoulos, 2014-05-17 This book constitutes the refereed proceedings of the Second International Conference on Distributed, Ambient, and Pervasive Interactions, DAPI 2014, held as part of the 16th International Conference on Human-Computer Interaction, HCII 2014, held in Heraklion, Crete, Greece in June 2014, jointly with 13 other thematically conferences. The total of 1476 papers and 220 posters presented at the HCII 2014 conferences were carefully reviewed and selected from 4766 submissions. These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. The papers accepted for presentation thoroughly cover the entire field of Human-Computer Interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The 58 papers included in this volume are organized in topical sections on design frameworks and models for intelligent interactive environments; natural interaction; cognitive, perceptual and emotional issues in ambient intelligence; user experience in intelligent environments; developing distributed, pervasive and intelligent environments; smart cities.

The Future of Television Ioannis Deliyannis, 2019-03-13 This book presents a collection of chapters that focus on the convergence of television today, approached using an interdisciplinary perspective. Clearly, the importance of technological advances describes only one aspect of this evolutionary process. In this book, convergence is also examined from other equally important perspectives, which include a historical case study on convergence and culture-viewer evolution and the changes that interactivity has introduced as opposed to static content. Because this publication focuses on all aspects that transform the medium, users, content, broadcasting, and interactive technology, it becomes evident that convergence is a highly interdisciplinary subject that must always be addressed from various perspectives.

HCI International 2015 - Posters' Extended Abstracts Constantine Stephanidis, 2015-07-20 This is the second volume of the two-volume set (CCIS 528 and CCIS 529) that contains extended abstracts of the posters presented during the 17th International Conference on Human-Computer Interaction, HCII 2015, held in Heraklion, Crete, Greece in August 2015. The total of 1462 papers and 246 posters presented at the HCII 2015 conferences was carefully reviewed and selected from 4843 submissions. These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. The papers thoroughly cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The papers included in this volume are organized in the following topical sections: mobile interaction and smart devices; social media; HCI in business and innovation; learning technologies; HCI in health; assistive technologies and environments; fitness and well-being applications; location and context awareness; urban interaction; automotive and aviation; design and user studies.

Take Control of Apple TV, 4th Edition Josh Centers, 2023-12-13 Everything you need to know about the Apple TV! Version 4.0, updated December 13, 2023 Whether you're considering an Apple TV, already own one, or have a smart TV or streaming device that supports AirPlay and/or the Apple TV app, you can more fully enjoy Apple's ecosystem with this ultimate guide by editor Josh Centers. You'll learn about the best TVs and sound equipment to buy, how to maximize your Apple TV's picture quality, get the most out of the Apple TV app, control your media with AirPlay, and so much more!n Josh walks you through cables, ports, and setup, and explains how to use gestures and spoken commands with the Siri Remote—yes, you can talk to your TV! He helps you navigate and customize the Home screen, plus describes getting-started settings such as inputting your Apple ID and enabling parental controls. You'll learn how to use the TV app (whether on the Apple TV box itself, on a Mac, iPhone, or iPad; or on a third-party smart TV), and how you can best view home

movies and TV shows. The book also looks at using an Apple TV to listen to your music or Apple Music, download and play podcasts from the Podcasts app, and browse your photos. In Take Control of Apple TV you'll also read about:

- What's new in tvOS 17
- Which Apple TV model to buy—or whether you should get different hardware instead
- Getting the most out of your the Siri Remote (either version)
- Alternatives to the Siri Remote
- Using Control Center on an Apple TV
- Using a game controller with Apple TV
- Controlling Apple TV with Shortcuts
- Using AirPlay to beam the display of your Mac or iPhone screen to your TV
- Making Mac or iOS/iPadOS audio play through your TV’s speakers
- Making and receiving FaceTime calls on an Apple TV
- Using SharePlay to watch shows with friends in other places
- Running Home Sharing to play media from a local computer
- Using one or more HomePods as speakers for your Apple TV
- Using an Apple Watch to control your Apple TV
- What you can do with Conference Room Display mode
- How to tell whether an iOS/iPadOS app includes a free copy of its Apple TV version
- How to reset or restore an Apple TV—useful for troubleshooting or for handing your device to a new owner

Security and Trust Management Giovanni Livraga,Chris Mitchell,2017-09-13 This book constitutes the proceedings of the 13th International Workshop on Security and Trust Management, STM 2017, held in Oslo, Norway, in September 2017, in conjunction with the 22nd European Symposium Research in Computer Security, ESORICS 2017. The 10 full papers and 6 short papers were carefully reviewed and selected from 33 submissions. The focus of the workshop was on the following topics: cryptosystems and applied cryptography; software security and risk management; authorization; security vulnerabilities and protocols; and secure systems.

The Procrastination Economy Ethan Tussey,2020-04-01 2018 Outstanding Academic Title, given by Choice Magazine How mobile devices make our in-between moments valuable to media companies while also providing a sense of control and connection In moments of downtime - waiting for a friend to arrive or commuting to work - we pull out our phones for a few minutes of distraction. Just as television reoriented the way we think about living rooms, mobile devices have taken over the interstitial spaces of our everyday lives. Ethan Tussey argues that these in-between moments have created a procrastination economy, an opportunity for entertainment companies to create products, apps, platforms, subscription services, micropayments, and interactive opportunities that can colonize our everyday lives. But as businesses commoditize our free time, and mobile devices become essential tools for promotion, branding and distribution, consumers are using these devices as a means of navigating public and private space. These devices are not just changing the way we spend and value our time, but also how we interact with others and transform our sense of the politics of space. By examining the four main locations of the procrastination economy—the workplace, the commute, the waiting room, and the “connected” living room—Ethan Tussey illuminates the relationship between the entertainment industry and the digitally empowered public.

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Smarttv Control**

In a world inundated with displays and the cacophony of instantaneous conversation, the profound energy and emotional resonance of verbal beauty often diminish in to obscurity, eclipsed by the continuous barrage of sound and distractions. However, located within the musical pages of **Smarttv Control**, a charming function of literary brilliance that pulses with organic thoughts, lies an wonderful journey waiting to be embarked upon. Written by a virtuoso wordsmith, that magical opus guides readers on an emotional odyssey, softly exposing the latent potential and profound affect stuck within the complex web of language. Within the heart-wrenching expanse of the evocative evaluation, we shall embark upon an introspective exploration of the book is main styles, dissect their captivating writing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Smarttv Control Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can

explore and download free Smarttv Control PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Smarttv Control PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Smarttv Control free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Smarttv Control Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Smarttv Control is one of the best book in our library for free trial. We provide copy of Smarttv Control in digital format, so the resources that you find are reliable. There are also many eBooks of related with Smarttv Control. Where to download Smarttv Control online for free? Are you looking for Smarttv Control PDF? This is definitely going to save you time and cash in something you should think about. If you're trying to find then search around for online. Without a doubt, there are numerous of these available and many of them have the freedom. However, without a doubt, you receive whatever you purchase. An alternate way to get ideas is always to check another Smarttv Control. This method for seeing exactly what may be included and adopting these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Smarttv Control are for sale to free while some are payable. If you are not sure if the books you would like to download work with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Smarttv Control. So depending on what exactly you are searching, you will be able to choose eBooks to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access eBook without any digging. And by having access to our eBook online or by storing it on your computer, you have convenient answers with Smarttv Control To get started finding Smarttv Control, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Smarttv Control So

depending on what exactly you are searching, you will be able to choose eBook to suit your own need. Thank you for reading Smarttv Control. Maybe you have knowledge that, people have searched numerous times for their favorite readings like this Smarttv Control, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Smarttv Control is available in our book collection and online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Smarttv Control is universally compatible with any devices to read.
