YouTube Famous Rosie Matheson,2015-05-06 YouTube has changed the viewing habits of millions around the world and it was pioneering vloggers such as Zoella Sugg, Jack and Finn Harries, Caspar Lee, Marcus Butler and many others who built their channels up from scratch, that broke the mould and put their lives online for all to see. They used to be called 'the most famous stars you've never heard of', but since then they've gone on to win worldwide fame (by popular demand, Zoella and Alfie Deynes even have their own waxworks in Madame Tussauds). Complete with tips to help you produce your own content, this is their story.

Smosh #3 Michael McDermott,Yale Stewart,2016-07-20 Summer is here! The Super Virgin Squad actively seek to swell their ranks as the team is confronted with their greatest challenge to date. A rival group of super powered, antagonistic teens is wreaking havoc in Smalltown, USA, and only the SVS can restore law and order to their beloved streets. Can they turn their ragtag group of new recruits into the heroes they need to be in time to save their community? When a shocking revelation shakes the entire team and their core values to their very foundation, will there even be a Super Virgin Squad left for them to join? Tune in true believers... same SMOSH time, same SMOSH comic!

Debates for the Digital Age Danielle Sarver Coombs,Simon Collister,2015-11-23 By evaluating the Internet's impact on key cultural issues of the day, this book provides a comprehensive overview of the seismic technological and cultural shifts the Internet has created in contemporary society. Books about Internet culture usually focus on the people, places, sites, and memes that constitute the cutting-edge at the time the book is written. That approach, alas, renders such volumes quickly obsolete. This provocative work, on the other hand, focuses on overarching themes that will remain relevant for the long term. The insights it shares will highlight the tremendous impact of the Internet on modern civilization—and individual lives—well after specific players and sites have fallen out of favor. Content is presented in two volumes. The first emphasizes the positive impact of Internet culture—for example, 24-hour access to information, music, books, merchandise, employment opportunities, and even romance. The second discusses the Internet's darker consequences, such as a demand for instant news that often pushes journalists to prioritize being first over being right, online scams, and invasions of privacy that can affect anyone who banks, shops, pays bills, or posts online. Readers of the set will clearly understand how the Internet has revolutionized communications and redefined human interaction, coming away with a unique appreciation of the realities of today's digital world—for better and for worse.

The book examines how independent filmmaking concepts have merged with digital and online technologies to create new hybrid multi-platform content creations. Shakespeare / Not Shakespeare Christy Desmet, Natalie Loper, Jim Casey, 2017-11-09 This essay collection addresses the paradox that something may at once “be” and “not be” Shakespeare. This phenomenon can be a matter of perception rather than authorial intention: audiences may detect Shakespeare where the author disclaims him or have difficulty finding him where he is named. Douglas Lanier's “Shakespearean rhizome,” which co-opts Deleuze and Guattari's concept of artistic relations as rhizomes (a spreading, growing network that sprawls horizontally to defy hierarchies of origin and influence) is fundamental to this exploration. Essays discuss the fine line between “Shakespeare” and “not Shakespeare” through a number of critical lenses—networks and pastiches, memes and echoes, texts and paratexts, celebrities and afterlives, accidents and intertexts—and include a wide range of examples: canonical plays by Shakespeare, historical figures, celebrities, television performances and adaptations, comics, anime appropriations, science fiction novels, blockbuster films, gangster films, Shakesploitation and teen films, foreign language films, and non-Shakespearean classic films.
