**Pragmatics of Internet Humour** Francisco Yus,2023-06-07 This book provides a first thorough analysis of internet humour from a cognitive-pragmatic perspective, covering a wide range of discourses that are pervasive online and focusing especially on messaging interactions, social networking sites and memes. Its chapters describe the inferential strategies implemented to turn online coded discourses into meaningful interpretations, which in turn can be devised and manipulated for the sake of humour. Furthermore, and apart from the typical object of pragmatic research (humorous discourses), the book emphasises the importance of the interfaces' design and of the qualities of the users engaged in humorous interactions (called contextual constraints), additionally highlighting the parallel significance of the various effects, shaped as feelings and emotions, that stem from humorous communication on the internet. In sum, the book delivers a rich and detailed account of humorous internet discourses through dissecting their affordances as a medium, tracking the users' intentions, and predicting the audiences' interpretive strategies, with the goal of helping the reader obtain a better understanding of internet humour and its role in today's online interactions.

**Creatures of Habit** Steve Poe,2021-05-18 Beloved pastor Steve Poe helps Christians identify and break free from the destructive patterns that are keeping them from the joy-filled, flourishing life Jesus promised. We all have both good and bad habits in our life. Creatures of Habit reveals how to remove bad habits and replace them with godly ones. But it's not a matter of working hard, of pulling ourselves up by our bootstraps. That approach simply doesn't work. True transformation is God's work--our job is to listen, obey, and put into practice what he's already directing us to do. Steve Poe has pastored large, growing churches for more than thirty-four years, and during that time he has counseled hundreds of people. He's seen that poor choices often become bad habits that in turn cause people a lot of problems. Hundreds of things can become a bad habit in our lives, but Poe focuses on the most common, among them: anger, lust, worry, cynicism, pride, self-centeredness, and greed. Each chapter provides insights, biblical examples, and tangible tools that will help you break the bad habits that can become spiritual strongholds in your life.

THENA Tuana Dowan,2012-07-05 THENA—Fight for the Future is an inspirational self-improvement and spiritual development story of Tuana Dowan herself, of the people who had positive and negative impacts in her life, and of Thena, who introduced herself as Tuana's higher self in her dreams. Thena informed her of who Tuana was, the reincarnation principle, and the past lives, her pre-birth plans, her good and bad karma that she carried into her present life, and the negative intrusions in her current life. She also told Tuana that she was a Lightworker, alongside a few thousand others incarnated in this period, with a mission to spread light, in the form of knowledge, freedom, and love on Earth, and that she would play a very important role in the enlightenment of many people. Tuana met Thena several times in the following years; besides acting as a guide in Tuana's self-improvement and spiritual development process, Thena gave her some information from the future, and all her prophecies materialized in time. Under the illuminating guidance of Thena and the positive people she met along the way, Tuana improved her self-esteem and courage, released her ego, and built up her patience. She set up goals in the light of her mission and pursued them, no matter what she encountered. She changed her career and became a trainer and a consultant in the field of soft-skills development. Learning to go out of her comfort zones and routines allowed Tuana to become a person with inner peace, mindfulness, and altruistic love. THENA—Fight for the Future encourages readers to reach for the hero within and find the courage to create a happier, healthier, and more successful life. <http://www.youtube.com/watch?v=-yMPbrNqlls>

**Why We Get Mad** Dr. Ryan Martin,2021-01-12 This is THE book on anger, the first book to explain exactly why we get mad, what anger really is - and how to cope with and use it. Often confused with hostility and violence, anger is fundamentally different from these aggressive behaviours and in fact can be a healthy and powerful force in our lives. What is anger? Who is allowed to be angry? How can we manage our anger? How can we use it? It might seem like a day doesn't go by without some troubling explosion of anger, whether we're shouting at the kids, or the TV, or the driver ahead who's slowing us down. In this book, the first of its kind, Dr. Ryan Martin draws on 20 years plus of research, as well as his own childhood experience of an angry parent, to take an all-round view on this often-challenging emotion. It explains exactly what anger is, why we get angry, how our anger hurts us as well as those around us, and how we can manage our anger and even channel it into positive change. It also explores how race

and gender shape society's perceptions of who is allowed to get angry. Dr. Martin offers questionnaires, emotion logs, control techniques and many other tools to help readers understand better what pushes their buttons and what to do with angry feelings when they arise. It shows how to differentiate good anger from bad anger, and reframe anger from being a necessarily problematic experience in our lives to being a fuel that energizes us to solve problems, release our creativity and confront injustice.

DeMille was the most successful filmmaker in early Hollywood history. Cecil B. DeMille's Hollywood is a detailed and definitive chronicle of the screen work that changed the course of film history and a fascinating look at how movies were actually made in Hollywood's Golden Age. Drawing extensively on DeMille's personal archives and other primary sources, Robert S. Birchard offers a revealing portrait of DeMille the filmmaker that goes behind studio gates and beyond DeMille's legendary persona. In his forty-five-year career DeMille's box-office record was unsurpassed, and his swaggering style established the public image for movie directors. DeMille had a profound impact on the way movies tell stories and brought greater attention to the elements of decor, lighting, and cinematography. Best remembered today for screen spectacles such as The Ten Commandments and Samson and Delilah , DeMille also created Westerns, realistic chamber dramas, and a series of daring and highly influential social comedies. He set the standard for Hollywood filmmakers and demanded absolute devotion to his creative vision from his writers, artists, actors, and technicians.
