Her Country Marissa R. Moss, 2022-05-10 In country music, the men might dominate the radio waves. But it's women—like Maren Morris, Mickey Guyton, and Kacey Musgraves—who are making history. This is the full and unbridled story of the past twenty years of country music seen through the lens of these trailblazers' careers—their paths to stardom and their battles against a deeply embedded boys' club, as well as their efforts to transform the genre into a more inclusive place—as told by award-winning Nashville journalist Marissa R. Moss. For the women of country music, 1999 was an entirely different universe—a brief blip in time, when women like Shania Twain and the Chicks topped every chart and made country music a woman's world. But the industry, which prefers its stars to be neutral, be obedient, and never rock the boat, had other plans. It wanted its women to “shut up and sing”—or else. In 2021, women are played on country radio as little as 10 percent of the time, but they're still selling out arenas, as Kacey Musgraves does, and becoming infinitely bigger live draws than most of their male counterparts, creating massive pop crossover hits like Maren Morris's “The Middle,” pushing the industry to confront its racial biases with Mickey Guyton's “Black Like Me,” and winning heaps of Grammy nominations. *Her Country* is the story of how in the past two decades, country's women fought back against systems designed to keep them down and created entirely new pathways to success. It's the behind-the-scenes story of how women like Kacey, Mickey, Maren, Miranda Lambert, Rissi Palmer, Brandi Carlile, and many more have reinvented their place in an industry stacked against them. When the rules stopped working for these women, they threw them out, made their own, and took control—changing the genre

forever, and for the better.
