**Why Zebras Don't Get Ulcers** Robert M. Sapolsky,2004-09-15 Renowned primatologist Robert Sapolsky offers a completely revised and updated edition of his most popular work, with over 225,000 copies in print Now in a third edition, Robert M. Sapolsky's acclaimed and successful Why Zebras Don't Get Ulcers features new chapters on how stress affects sleep and addiction, as well as new insights into anxiety and personality disorder and the impact of spirituality on managing stress. As Sapolsky explains, most of us do not lie awake at night worrying about whether we have leprosy or malaria. Instead, the diseases we fear-and the ones that plague us now-are illnesses brought on by the slow accumulation of damage, such as heart disease and cancer. When we worry or experience stress, our body turns on the same physiological responses that an animal's does, but we do not resolve conflict in the same way-through fighting or fleeing. Over time, this activation of a stress response makes us literally sick. Combining cutting-edge research with a healthy dose of good humor and practical advice, Why Zebras Don't Get Ulcers explains how prolonged stress causes or intensifies a range of physical and mental afflictions, including depression, ulcers, colitis, heart disease, and more. It also provides essential guidance to controlling our stress responses. This new edition promises to be the most comprehensive and engaging one yet.

In the Lowrider Coloring Book, you will color the classic and most popular Lowrider models. Lowrider culture reaches back to 1930s Los Angeles, where it became popular for style-conscious Latino-Americans to load their cars with sandbags to bring it closer to the road. Style was everything, and when lowered cars were banned in California in the 1950s, it became necessary to find a way to raise and lower the car simply to avoid fines. The solution was to use hydraulics from old fighter planes left over from World War II. The rapper Kid Frost showcased lowriding in the early 90s hit Lowrider, and since then, the cars are closely associated with hip hop culture. Today, lowriding is bigger than ever with thousands of enthusiasts in most parts of the world. All strive to outdo each other with the most elegant varnish, interior, hydraulics, chrome and rims. The custom cars you'll be coloring in the Lowrider Coloring book were converted by some of the best and most legendary enthusiasts. What color is your Impala?
