*The Snow Globe Family* Jane O'Connor,2006-09-07 Oh, when will it snow again? wonders the little family who lives in the snow globe. They long for a swirling snowstorm—if only someone in the big family would pick up the snow globe and give it a great big shake. Baby would love to. She alone notices the little family. She gazes longingly at their snowy little world, but the snow globe is up way too high for her to reach. Then, when a real snowstorm sends the big children outside sledding in the moonlight, Baby finds herself alone in the parlor. . . . Will the snow globe family at last get a chance to go sledding too? As readers follow the parallel adventures of both families, big and little, they will take special pleasure in the miniature world of the snow globe, where the skating pond is the size of a shiny quarter and a snowman is no bigger than a sugar cube.

*Tourists of History* Marita Sturken,2007-11-01 In *Tourists of History*, the cultural critic Marita Sturken argues that over the past two decades, Americans have responded to national trauma through consumerism, kitsch sentiment, and tourist practices in ways that reveal a tenacious investment in the idea of America's innocence. Sturken investigates the consumerism that followed from the September 11th attacks; the contentious, ongoing debates about memorials and celebrity-architect designed buildings at Ground Zero; and two outcomes of the bombing of the Alfred P. Murrah Federal Building in Oklahoma City: the Oklahoma City National Memorial and the execution of Timothy McVeigh. Sturken contends that a consumer culture of comfort objects such as World Trade Center snow globes, FDNY teddy bears, and Oklahoma City Memorial t-shirts and branded water, as well as reenactments of traumatic events in memorial and architectural designs, enables a national tendency to see U.S. culture as distant from both history and world politics. A kitsch comfort culture contributes to a "tourist" relationship to history: Americans can feel good about visiting and buying souvenirs at sites of national mourning without having to engage with the economic, social, and political causes of the violent events. While arguing for the importance of remembering tragic losses of life, Sturken is urging attention to a dangerous confluence—of memory, tourism, consumerism, paranoia, security, and kitsch—that promulgates fear to sell safety, offers prepackaged emotion at the expense of critical thought, contains alternative politics, and facilitates public acquiescence in the federal government's repressive measures at home and its aggressive political and military policies abroad.

*Celebrating Snow Globes* Nina Chertoff,Susan Kahn,2006-10 All it takes is a shake of the wrist to make the flakes fall on Santa's sleigh, Elvis's hips, or the Statue of Liberty's torch--creating a miniature world in each snow globe. From the ornate to the

political, from children's characters to American cities and personalities, these colorful images will propel collectors back to their curio cabinets to watch a dazzling display and set the rest of us out on a lovely nostalgic trip. Each picture comes with a description that gives the history of the piece--going back to the time when snow globes weren't just tourist souvenirs but depictions of the most romantic sites on earth. Find out where they were first created, which companies specialized in making them, and why they're so irresistible.

*The Ellis Island Snow Globe* Erica Rand, 2005-09-07 In *The Ellis Island Snow Globe*, Erica Rand, author of the smart and entertaining book *Barbie's Queer Accessories*, takes readers on an unconventional tour of Ellis Island, the migration station turned heritage museum, and its neighbor, the Statue of Liberty. By pausing to reflect on what is and is not on display at these two iconic national monuments, Rand focuses attention on whose heritage is honored and whose obscured. She also reveals the shifting connections between sex, money, material products, and ideas of the nation in everything from the ostensible father-mother-child configuration on an Ellis Island golf ball purchased at the gift shop to the multi-million dollar July 4, 1986 Liberty

Weekend extravaganza celebrating the Statue's centennial just days after the Supreme Court's un-Libertylike decision upholding the antisodomy laws challenged in *Bowers v. Hardwick*. Rand notes that portrayals of the Statue of Liberty as a beacon for immigrants tend to suppress the Statue's connections to people brought to this country by force. She examines what happened to migrants at Ellis Island whose bodies did not match the gender suggested by the clothing they wore. In light of contemporary ideas about safety and security, she examines the "Decide an Immigrant's Fate" program, which has visitors to Ellis Island act as a 1910 board of inspectors hearing the appeal of an immigrant about to be excluded from the country. Rand is a witty, insightful, and open-minded tour guide, able to synthesize numerous diverse ideas—about tourism, immigration history, sexuality, race, ethnicity, commodity culture, and global capitalism—and to candidly convey her delight in her Ellis Island snow globe. And pen. And lighter. And back scratcher. And golf ball. And glittery pink key chain.

One winter morning, Lina wakes up to silence. It's the sound of snow -- the kind that looks soft and glows bright in the winter sun. But as she walks to her grandmother's house to help make the family recipe for warak enab, she continues to listen. As Lina walks past snowmen and across icy sidewalks, she discovers ten ways to pay attention to what might have otherwise gone unnoticed. With stunning illustrations by Kenard Pak and thoughtful representation of a modern Arab American family from Cathy Camper, *Ten Ways to Hear Snow* is a layered exploration of mindfulness, empathy, and what we realize when the world gets quiet.
