Television Sports Production Jim Owens,2012-07-26 Television sports production is difficult, and producing a remote sports event is arguably the most complicated to orchestrate. Many factors can adversely affect your production, including weather, lighting, and natural sound. A successful production is dependent on extensive planning, from budgets, technology and location to the intricacies of the sport itself. With so much at stake, why not learn from the experts? Learn television sports production from the ISB, producers of the Olympics, who rely on the very same guide to train their own production staff. Television Sports Production walks you through the planning, set-up, directing, announcing, and editing involved with producing an event. Detailed descriptions of mobile units/OB vans, cameras, audio equipment and lighting requirements enable you to produce live or taped coverage of sporting events like an expert. You'll learn about the special considerations involved with producing various types of sports--from camera placement in figure skating to where to put the microphone during a tennis match. Whether producing a local high school football game, the Super Bowl, or something as complex as the Olympics, this book will give you an inside look at how a remote production operates and the role of each participant.

Lyric Trade Julia Bloch,2024 Lyric Trade digs into how poems use lyric in relation to race, gender, nation, and empire. Engaging with poets such as Gwendolyn Brooks, H.D., Lorine Niedecker, Alice Notley, and Myung Mi Kim, it argues that lyric in the postwar long poem not only registers the ideological contradictions of modernism's insistence on new forms, but that it also maps spaces for formal reimaginations of the subject.

We Are in His Hands Whether We Live or Die David K. Thomson,2013-08-30 Many soldiers who served in the American Civil War found solace in their faith during the most trying times of the war. But few soldiers took such a providential view of life and the Civil War as Charles Henry Howard. Born in a small town in Maine, Howard came from a family with a distinguished history of soldiering: his grandfather was a Revolutionary War veteran and his brother, the older and more well-known Oliver Otis Howard, attended West Point and rose to command an army in the Civil War. Following in his brother's footsteps, Charles Henry Howard graduated from Bowdoin College in 1859. Following graduation, Charles visited his older brother at West Point during the tumultuous election of 1860. While at West Point, Howard saw the tensions between Northern and Southern cadets escalate as he weighed his options for a military or theological career. The choice was made for him on April 12, 1861, with the firing on Fort Sumter. Responding to his brother's plea for the sons of Maine to join the Union cause, Charles found himself a noncommissioned officer fighting in the disastrous Battle of First Bull Run. All told, Howard fought in several major battles of the Eastern Theater, including Antietam, Fredericksburg, Chancellorsville, and Gettysburg, and went on to participate in various military actions in the Western Theater including Sherman's bloody Atlanta Campaign. He was wounded twice, first at the Battle of Fair Oaks and again at Fredericksburg. Yet, despite facing the worst horrors of war, Howard rarely wavered in his faith and rose steadily in rank throughout the conflict. By war's end, he was a brevet brigadier general in command of the 128th U.S. Colored Troop Regiment. Howard's letters cover a wide-ranging period, from 1852 to 1908. His concern for his family is typical of a Civil War soldier, but his exceptionally firm reliance on divine providence is what makes these letters an extraordinary window into the mind of a Civil War officer. Howard's grounded faith was often tested by the viciousness of war, and as a result his letters are rife with stirring confessions and his emotional grappling with the harsh realities he faced. Howard's letters expose the greater theological and metaphysical dilemmas of the war faced by so many on both sides. David K. Thomson is completing his PhD at the University of Georgia. His research focuses on the role of religion in the Civil War, in particular providential discourse and its impact on wartime efforts in finance, diplomacy, emancipation, politics, the home front, and the battlefield.

The Snowy Day Ezra Jack Keats,2012-10-11 The magic and wonder of winter's first snowfall is perfectly captured in Ezra Jack Keat's Caldecott Medal-

winning picture book. Young readers can enjoy this celebrated classic as a full-sized board book, perfect for read-alouds of all kinds and a great gift for the holiday season. In 1962, a little boy named Peter put on his snowsuit and stepped out of his house and into the hearts of millions of readers. Universal in its appeal, this story beautifully depicts a child's wonder at a new world, and the hope of capturing and keeping that wonder forever. This big, sturdy edition will bring even more young readers to the story of Peter and his adventures in the snow. Ezra Jack Keats was also the creator of such classics as Goggles, A Letter to Amy, Pet Show!, Peter’s Chair, and A Whistle for Willie. (This book is also available in Spanish, as Un día de nieve.) Praise for The Snowy Day: “Keats made Peter’s world so inviting that it beckons us. Perhaps the busyness of daily life in the 21st century makes us appreciate Peter even more—a kid who has the luxury of a whole day to just be outside, surrounded by snow that’s begging to be enjoyed.” —The Atlantic Ezra Jack Keats's classic The Snowy Day, winner of the 1963 Caldecott Medal, pays homage to the wonder and pure pleasure a child experiences when the world is blanketed in snow.—Publisher's Weekly

Structural Wood Design Abi Aghayere,Jason Vigil,2017-04-28 This text provides a concise and practical guide to timber design, using both the Allowable Stress Design and the Load and Resistance Factor Design methods. It suits students in civil, structural, and construction engineering programs as well as engineering technology and architecture programs, and also serves as a valuable resource for the practicing engineer. The examples based on real-world design problems reflect a holistic view of the design process that better equip the reader for timber design in practice. This new edition now includes the LRFD method with some design examples using LRFD for joists, girders and axially load members. is based on the 2015 NDS and 2015 IBC model code. includes a more in-depth discussion of framing and framing systems commonly used in practice, such as, metal plate connected trusses, rafter and collar tie framing, and pre-engineered framing. includes sample drawings, drawing notes and specifications that might typically be used in practice. includes updated floor joist span charts that are more practical and are easy to use. includes a chapter on practical considerations covering topics like flitch beams, wood poles used for footings, reinforcement of existing structures, and historical data on wood properties. includes a section on long span and high rise wood structures includes an enhanced student design project

Material Spirituality in Modernist Women’s Writing Elizabeth Anderson,2020-03-19 For Virginia Woolf, H.D., Mary Butts and Gwendolyn Brooks, things mobilise creativity, traverse domestic, public and rural spaces and stage the interaction between the sublime and the mundane. Ordinary things are rendered extraordinary by their spiritual or emotional significance, and yet their very ordinariness remains part of their value. This book addresses the intersection of spirituality, things and places – both natural and built environments – in the work of these four women modernists. From the living pebbles in Mary Butts's memoir to the pencil sought in Woolf's urban pilgrimage in 'Street Haunting', the Christmas decorations crafted by children in H.D.'s autobiographical novel The Gift and Maud Martha's love of dandelions in Brooks's only novel, things indicate spiritual concerns in these writers' work. Elizabeth Anderson contributes to current debates around materiality, vitalism and post-secularism, attending to both mainstream and heterodox spiritual expressions and connections between the two in modernism. How we value our spaces and our world being one of the most pressing contemporary ethical and ecological concerns, this volume contributes to the debate by arguing that a change in our attitude towards the environment will not come from a theory of renunciation but through attachment to and regard for material things.
