*The Last Lecture* Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of

overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

*How to Sell at Margins Higher Than Your Competitors* William T. Brooks, Lawrence L. Steinmetz, 2010-12-23 Praise for *How to Sell at Margins Higher Than Your Competitor* This is the complete book for both new and experienced salespeople and business owners to learn and re-learn the essentials for success. *How to Sell at Margins Higher Than Your Competitors* emphasizes the pricing strategies and tactics to increase the market share and profits of any organization. This is a book that is as important to presidents as it is to salespeople. --Bill Scales, CEO, Scales Industrial Technologies, Inc. As the largest service provider in our industry, we have a significant market advantage. However, we constantly walk the pricing tightrope because, as this book so clearly states, "business is a game of margins . . . not a game of volume!" --John K. Harris, CEO, JK Harris & Company, LLC If you live and die on price, this book could be your only lifeline. --Tom Reilly, CSP, author of *Value-Added Selling* and *Crush Price Objections* *How to Sell at Margins Higher Than Your Competitors* successfully illustrates profitable sales truths to assist us in selling for maximum return. This book's well-researched, logical, and affirming words validate the simple fact that as a premium company we deserve premium margins. So, while our competitors reduce or match prices out of fear and scarcity, our managers, thanks to this powerful sales tool, can continue quoting and closing

with profitable confidence. --Joe Bracket, President, Power Equipment Company I learned a long time ago that it is pretty difficult to control what my competitors will do, but we must control what we do--like maintaining margins. This book is a 'wow!' that will help my salesmen crack bad habits. Sales organizations should design their entire training programs around the content in this book. --George C. Giessing, President, Brusco-Rich, Inc. This energizing book is the 'right stuff' for every sales force. It should be a required study for every executive and sales professional who seeks to be successful. --David R. Little, Chairman and CEO, DXP Enterprises, Inc.

Mindset Carol S. Dweck, 2007-12-26 From the renowned psychologist who introduced the world to “growth mindset” comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. “Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life.”—Bill Gates, GatesNotes “It’s not always the people who start out the smartest who end up the smartest.” After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to

foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

The June 10th Journal of a New Freedom & New Happiness Joseph Anthony (Fred),2008-07-18 This book is a compilation of many writings: poems,prose,essays and some dialogue about the invaluable life of sobriety; my continued recovery from alcoholism for over 26 + years; in the 12 Steps of Recovery and in union with God. However, this work is not limited to one subject. Some of this book is about my personality ( or lack of one ), my childhood, my family, my Christian faith and further about my continuing relationship with my wife and my association with some very special friends; also, containing a

collage of thoughts and words about various other topics of life in sobriety. One day, at a meeting, I came in contact with a friend who knew about Xlibris. I made contact with them and the book was born. This book is not written in perfect English because I and most folks, do not speak or think in perfect English. The book is not printed in perfection, to wit: some works are in all Caps, some in partial Caps because it makes it easier for me and others to see. No disrespect is meant to anyone. This just reminds me that I am NOT PERFECT nor will I ever be. I hope you find value in my writings. That is the purpose for which I, inspired by the Lord, have written them. Thank you. May God grant your every need. With respect and love for you all, Fred

*A Foundation for Life And the Next* Timothy Santos, 2018-02-08 The book is a topical commentary and Bible reference based on the Scriptures from the Old and New Testaments. After the introduction, the first section explains the Messiah's purpose and focuses on the foundations for salvation through the Messiah. The second section focuses on emotional topics and how they affect your relationship with the Messiah. The root of many emotional issues is caused by bitterness, so the causes of bitterness and forgiveness are explained in simple terms easily understood by the reader and how they affect salvation. Next the reader explores love, compassion mercy, pride and humility and how they affect their relationship with God. Digging deeper into the emotional issues the reader learns God's definition for lust and purity of heart. The next section deals with the intangible issues in the reader's life. This includes faith, sanctification, repentance and the importance of total surrender to God. The holy Spirit is explained in detail with an emphasis on His purpose for you. Section four covers some of the symbolism in the Bible and tries to help

the reader see things from the cultural view of Jesus time. The desire is to help the reader understand how symbolism points to salvation and the importance of events symbolically. Section five covers almost all the parables of Jesus found in the Gospels. The parables are grouped into broad categories including: The Kingdom of God, Service and Obedience, Prayer, Humility, God's Love, Jesus Return, and God's Values. The parables are explained in detail using the cultural setting of Jesus time. Section six is a brief overview of biblical history and Israel's history. The next section begins with a discussion about the rapture at Christ's second coming. The various points of view are discussed. Then the anti-Christ and False Prophet are explained. Revelation is covered extensively, but not by analyzing the symbolism. The first article is Don't fear the book of Revelation, followed by Revelation: The real Message, These articles explain the purpose and message for Revelation and try to remove the fear factor that most people feel. The final section is designed to challenge your thinking and bring you closer to God.

The Collected Works of Chögyam Trungpa, Volume 10 Chogyam Trungpa, 2017-11-14 The Collected Works of Chögyam Trungpa brings together in ten volumes the writings of one of the first and most influential and inspirational Tibetan teachers to present Buddhism in the West. Organized by theme, the collection includes full-length books as well as articles, seminar transcripts, poems, plays, and interviews, many of which have never before been available in book form. From memoirs of his escape from Chinese-occupied Tibet to insightful discussions of psychology, mind, and meditation; from original verse and calligraphy to the esoteric lore of tantric Buddhism—the impressive range of Trungpa's vision, talents, and teachings is showcased in this landmark series. Volume Ten begins with Chögyam Trungpa's three most

recent books: *Work, Sex, Money, Mindfulness in Action*, and *Devotion and Crazy Wisdom*. The first two books in the volume emphasize the importance of meditation in action and bringing awareness, mindfulness, intentionality, and a sense of the sacred into everyday life. The third book explores devotion and discusses mutual commitment and surrendering between teacher and student. The selected writings in this volume range from older articles originally published in the *Vajradhatu Sun* to recently edited articles, including several that have not yet appeared in print. Overall, these articles show us how Trungpa Rinpoche worked deeply and directly with many interest groups and subsections of the community, and how he infused each situation with dharma, taking every opportunity to present essential teachings.
