

# Soap Operas 10

Manuela Soares

**The Soap Opera Puzzle Book** Gerard J. Waggett,1997-05-22 If you're a soap fan and love to do puzzles, this book is for you. Created by soap expert Gerard J. Waggett, author of the popular Soap Opera Book of Lists, this fun- and trivia-filled puzzle book will put your knowledge of soaps to the ultimate test. But you don't have to be a puzzle expert--as long as you love the soaps, and you'll have hours of fun teasing out the answers from all the shows you've ever watched.

**Soap Opera History** Mary Ann Copeland,1991-01-01 An introduction to the slow-moving world of soap operas includes reviews of major storylines, histories of how each show began, cast lists, and other information on both daytime and evening serials

**Watching Daytime Soap Operas** Louise Spence,2005-07-18 An engaging, in-depth look at the myriad pleasures of the soap opera fan.

**The Soap Opera** Muriel G. Cantor,Suzanne Pingree,1983-06 A comprehensive survey of the history, the means of production, the content and the impact on audiences of soap operas. A sociologist and a specialist in women's studies combine to review the content of soap operas, and the way in which they are produced. How have the themes of soap operas changed with social convention? How do these massively popular serials aimed at a female audience portray women at work and at home? The impact of soap opera on its audience, the different varieties of soap operas, and the differences in structure, content, and commercial purpose between soap operas and prime time television are also discussed. `Cantor and Pingree have performed an important service by bringing together and analyzing a va

**The Survival of Soap Opera** Sam Ford,Abigail De Kosnik,C. Lee Harrington,2010-11-03 The soap opera, one of U.S. television's longest-running and most influential formats, is on the brink. Declining

ratings have been attributed to an increasing number of women working outside the home and to an intensifying competition for viewers' attention from cable and the Internet. Yet, soaps' influence has expanded, with serial narratives becoming commonplace on most prime time TV programs. *The Survival of Soap Opera* investigates the causes of their dwindling popularity, describes their impact on TV and new media culture, and gleans lessons from their complex history for twenty-first-century media industries. The book contains contributions from established soap scholars such as Robert C. Allen, Louise Spence, Nancy Baym, and Horace Newcomb, along with essays and interviews by emerging scholars, fans and Web site moderators, and soap opera producers, writers, and actors from ABC's *General Hospital*, CBS's *The Young and the Restless* and *The Bold and the Beautiful*, and other shows. This diverse group of voices seeks to intervene in the discussion about the fate of soap operas at a critical juncture, and speaks to longtime soap viewers, television studies scholars, and media professionals alike.

Her Stories Elana Levine, 2020-02-25 Since the debut of *These Are My Children* in 1949, the daytime television soap opera has been foundational to the history of the medium as an economic, creative, technological, social, and cultural institution. In *Her Stories*, Elana Levine draws on archival research and her experience as a longtime soap fan to provide an in-depth history of the daytime television soap opera as a uniquely gendered cultural form and a central force in the economic and social influence of network television. Closely observing the production, promotion, reception, and narrative strategies of the soaps, Levine examines two intersecting developments: the role soap operas have played in shaping cultural understandings of gender and the rise and fall of broadcast network television as a culture industry.

In so doing, she foregrounds how soap operas have revealed changing conceptions of gender and femininity as imagined by and reflected on the television screen.

**Soap Opera Confidential** Elizabeth Searle, Suzanne Strempek Shea, 2017-03-23 Soap operas have captured loyal, often lifelong viewers since the first American daytime serial debuted in 1949. In this collection of 29 new and five classic essays and recollections, authors and soap opera insiders delve into the passion for television melodrama that compels viewers to tune in tomorrow. The contributors include iconic soap star Thorsten Kaye, journalist Leigh Montville, authors Elinor Lipman and Ann Hood, and editors of *Soaps in Depth* magazine. They explore the soap phenomenon from a range of perspectives and consider the appeal of a venerable genre in which, as novelist Jacquelyn Mitchard observes, everyone's life was more depressing than mine.

**Worlds Without End** Museum of Television and Radio (New York, N.Y.), 1997 As a special feature for this book, The Museum of Television & Radio conducted interviews with leading writers, producers, actors, and directors of soap operas. Dozens of revealing quotes from these interviews appear throughout the book - personal and professional comments by men and women who make their living in the field.

**Soap Opera** Dorothy Hobson, 2003-01-31 The soap opera is a major form of media art and popular culture. Revered and reviled by fans and critics, its history spans and reflects social change and plays a vital role in the development of broadcasting. This book traces the genre from its beginnings on American radio in the 1930s to the international television genre it has become today. While concentrating on British soap operas, it also discusses the influence of

their American and Australian counterparts. This is the first book to consider the soap opera within the economy of broadcasting; it includes a chapter based on interviews with leading broadcasting executives who give their analysis of the importance of the soap opera to their industry. The perspective of television producers as well as the views of audiences are also taken into account. Accessibly written, Soap Opera links the genre to both its media and its literary heritage, and argues that soap operas cross international boundaries through the universal appeal of their characters and their stories. It will be of particular interest to students of media and cultural studies, literary studies, sociology and television production courses, as well as to professionals in the television industry.

*The Great Radio Soap Operas* Jim Cox, 2015-06-14 This reference work contains exhaustive histories of 31 of network radio's most durable soap operas on the air between 1930 and 1960. The soap operas covered are Aunt Jenny's Real Life Stories, Backstage Wife, Big Sister, The Brighter Day, David Harum, Front Page Farrell, The Guiding Light, Hilltop House, Just Plain Bill, Life Can Be Beautiful, The Light of the World, Lora Lawton, Lorenzo Jones, Ma Perkins, One Man's Family, Our Gal Sunday, Pepper Young's Family, Perry Mason, Portia Faces Life, The Right to Happiness, Road of Life, The Romance of Helen Trent, Rosemary, The Second Mrs. Burton, Stella Dallas, This Is Nora Drake, Today's Children, Wendy Warren and the News, When a Girl Marries, Young Doctor Malone, and Young Widder Brown. Included for each series are the drama's theme and story line, an in-depth focus on the major characters, and a listing of producers, directors, writers, announcers, casts, sponsors, ratings, and broadcast dates, times and networks. Profiles of 158 actors, actresses, creators and others who figured prominently in a serial's success are

also provided.

**Soap Operas Worldwide** Marilyn J. Matelski, 1999 While the American soap opera is known primarily for its marketing value, producers, health professionals, politicians, and rebels elsewhere focus on the serials potential for social change: African, Indian and South American serials offer information on family planning, child protection and AIDS; a Mexican telenovela parallels a government murder scandal--the program is so popular the state dare not censor it. In Russia, South American novelas are so popular that Boris Yeltsin manipulates programming to affect voters on polling day. Here is an examination of the economic and social impact of the soap opera, with projections for the future. A chapter for each of the nine regions of the world offers demographic statistics of major countries audiences, radio and television usage, stations available, and synopses of the most popular serials.

Speaking of Soap Operas Robert Clyde Allen, 1985 From *Ma Perkins* and *One Man's Family* in the 1930s to *All My Children* in the 1980s, the soap opera has capture the imagination of millions of American men and women of all ages. In *Speaking of Soap Operas*, Robert Allen undertakes a reexaminati

**Prime Time Soap Operas on Indian Television** Shoma Munshi, 2020-02-18 This book examines the phenomenon of prime time soap operas on Indian television. An anthropological insight into social issues and practices of contemporary India through the television, this volume analyzes the production of soaps within India's cultural fabric. It deconstructs themes and issues surrounding the everyday and the middle class through the fiction of the popular. In its second edition, this still remains the only book to examine prime time soap operas on Indian television. Without in any way changing

the central arguments of the first edition, it adds an essential introductory chapter tracking the tectonic shifts in the Indian mediascape over the past decade – including how the explosion of regional language channels and an era of multiple screens have changed soap viewing forever. Meticulously researched and persuasively argued, the book traces how prime time soaps in India still grab the maximum eyeballs and remain the biggest earners for TV channels. The book will be of interest to students of anthropology and sociology, media and cultural studies, visual culture studies, gender and family studies, and also Asian studies in general. It is also an important resource for media producers, both in content production and television channels, as well as for the general reader.

**To Be Continued...** Robert C. Allen, 2002-01-04 *To Be Continued...* explores the world's most popular form of television drama; the soap opera. From Denver to Delhi, Moscow to Manchester, audiences eagerly await the next episode of *As the World Turns*, *The Rich Also Weep* or *Eastenders*. But the popularity of soap operas in Britain and the US pales in comparison to the role that they play in media cultures in other parts of the world. *To Be Continued...* investigates both the cultural specificity of television soap operas and their reception in other cultures, covering soap production and soap watching in the U.S., Asia, Europe, Australia and Latin America. The contributors consider the nature of soap as a media text, the history of the serial narrative as a form, and the role of the soap opera in the development of feminist media criticism. *To Be Continued...* presents the first scholarly examination of soap opera as global media phenomenon.

**Soap Opera Super Couples** Henrietta Roos, 2016-11-10 A television genre best known for romantic storytelling, daytime soap operas have

for decades spun tales of couples embroiled in passion, lust and adventure. Yet it was not until the early 1980s that star-crossed lovers became standard and the term “super couple” was coined by the media, marking a new era of experimentation and growth in daytime soaps. This book documents the phenomenon, tracing its history, legacy and impact on the soap opera industry and on popular culture at large.

*Watching Dallas* Ien Ang, 2013-09-13 Dallas, one of the great internationally-screened soap operas, offers us first and foremost entertainment. But what is it about Dallas that makes that entertainment so successful, and how exactly is its entertainment constructed?

Crossroads Dorothy Hobson, 1982 'Crossroads', one of the most successful programmes on television, has attracted a huge and devoted audience of some 15 million regular viewers. Yet, like many soap operas, it is derided by the press and treated with distaste by other programme-makers. Indeed, despite its popularity, its very future currently hangs in the balance. While doing independent research on popular television in the ATV studios in 1981, Dorothy Hobson observed the storm that developed around the company's decision to dispense with Meg Mortimer, star of 'Crossroads'. The repercussions of that announcement were immense and highlighted the gulf between the broadcasting authorities and the programme's critics, and the 'Crossroads' production team and the audience. Through talking to the actors, the programme controller and the viewing public, she went on to explore the contradictions of why and how a soap opera is made and viewed, examining the appeal of 'Crossroads' and attempting to locate the programme as part of contemporary popular culture. The result is a revealing, controversial but also very absorbing analysis of a soap

opera in crisis.

*The Wonderful World of TV Soap Operas* ,1980

**The Ultimate Soap Opera Guide** Seli Groves,1995 Although some will not confess to it, almost everybody is intrigued with the intricate plottings of daytime drama. This book aims to provide the juicy details the reader needs to keep up to date with current soap operas - their storylines and their stars.
