Memes in Digital Culture Limor Shifman, 2013-10-04 Taking “Gangnam Style” seriously: what Internet memes can tell us about digital culture. In December 2012, the exuberant video “Gangnam Style” became the first YouTube clip to be viewed more than one billion times. Thousands of its viewers responded by creating and posting their own variations of the video—“Mitt Romney Style,” “NASA Johnson Style,” “Egyptian Style,” and many others. “Gangnam Style” (and its attendant parodies, imitations, and derivations) is one of the most famous examples of an Internet meme: a piece of digital content that spreads quickly around the web in various iterations and becomes a shared cultural experience. In this book, Limor Shifman investigates Internet memes and what they tell us about digital culture. Shifman discusses a series of well-known Internet memes—including “Leave Britney Alone,” the pepper-spraying cop, LOLCats, Scumbag Steve, and Occupy Wall Street’s “We Are the 99 Percent.” She offers a novel definition of Internet memes: digital content units with common characteristics, created with awareness of each other, and circulated, imitated, and transformed via the Internet by many users. She differentiates memes from virals; analyzes what makes memes and virals successful; describes popular meme genres; discusses memes as new modes of political participation in democratic and nondemocratic regimes; and examines memes as agents of globalization. Memes, Shifman argues, encapsulate some of the most fundamental aspects of the Internet in general and of the participatory Web 2.0 culture in particular. Internet memes may be entertaining, but in this book Limor Shifman makes a compelling argument for taking them seriously.

Awkward Ty Tashiro, 2017-04-25 In the vein of *Quiet* and *The Geeks Shall Inherit the Earth* comes this illuminating look at what it means to be awkward—and how the same traits that make us socially

anxious and cause embarrassing faux pas also provide the seeds for extraordinary success. As humans, we all need to belong. While modern social life can make even the best of us feel gawky, for roughly one in five of us, navigating its challenges is consistently overwhelming—an ongoing maze without an exit. Often unable to grasp social cues or master the skills and grace necessary for smooth interaction, we feel out of sync with those around us. Though individuals may recognize their awkward disposition, they rarely understand why they are like this—which makes it hard for them to know how to adjust their behavior. Psychologist and interpersonal relationship expert Ty Tashiro knows what it's like to be awkward. Growing up, he could do math in his head and memorize the earned run averages of every National League starting pitcher. But he couldn't pour liquids without spilling and habitually forgot to bring his glove to Little League games. In *Awkward*, he unpacks decades of research into human intelligence, neuroscience, personality, and sociology to help us better understand this widely shared trait. He explores its nature vs. nurture origins, considers how the awkward view the world, and delivers a welcome counterintuitive message: the same characteristics that make people socially clumsy can be harnessed to produce remarkable achievements. Interweaving the latest research with personal tales and real world examples, *Awkward* offers reassurance and provides valuable insights into how we can embrace our personal quirks and unique talents to harness our awesome potential—and more comfortably navigate our complex world.

Cringeworthy Melissa Dahl, 2018-02-13

[Teh Internet is Serious Business](#) Tim Price, 2021-01-14 Tim Price's play about two hackers is tumultuous, energetic and ultimately touching in its vision of a global network of young people dedicated to challenging the status quo." Guardian A sixteen-year-old London schoolboy and an

eighteen-year-old recluse in Shetland meet online, pick a fight with the FBI and change the world forever. This brave and challenging play gets behind the code with the original Anonymous members, offering an anarchic retelling of the birth of hacktivism. *Teh Internet is Serious Business* is a fictional account of the true story of Anonymous and LulzSec, the collective swarm who took on the most powerful capitalist forces from their bedrooms. The play received its world premiere at the Royal Court, London, in September 2014. This new Modern Classics edition features an introduction by Hamish Pirie.

Awk Vance Bessey, 2018-01-19 Awk was born with very special flippers. They didn't work very well when he swam or just tried to waddle around. His family and his special friend, Flo, enjoyed Awk just as he was. That wasn't the case with many other penguins including the local bully. This is a story about bullying. It unfolds as Awk struggles with his differences and his outsider status. His friend, Flo, is always there. His family supports him. Eventually, Awk learns on his own to appreciate his differences and even finds that different can be good and sometimes awesome. Kids, parents, grandparents, teachers and more will love this story.

The Monster in the Cave David Mellinger, Steven Jay Lynn, 2004 Maybe you feel nervous and ill at ease all day, every day--or maybe it's only social situations (or elevators, or heights, or injections) that make you break out in a cold sweat. Maybe your fears keep you from leaving your house--or just keep you from living life to the fullest. Whether the problem is mild or debilitating, this book can help you gain a solid understanding of the physical, emotional, and mental aspects of your ongoing struggle, and arm you with an array of tools, based on the latest scientific research and evidence based practice, to face your fears and live your life. In *The Monster in the Cave*, David Mellinger and Steven Jay Lynn--respected scholars and clinicians with over fifty years' experience between them--

offer you a menu of techniques to help you confront and calm your fears, whether you are plagued by panic attacks and phobias or just get a little shy at parties. They review effective treatments including cognitive-behavioral therapy and SSRI antidepressants, and walk you through their novel, step-by-step approach that applies the time-tested principles of reverse engineering to help you understand the inner workings of your anxiety and rebuild your reactions from the ground up. With inspiring real-life stories, useful charts and diagrams, state of the science information, and straightforward advice for sufferers, including when more intensive professional help is needed, this book can show you how to fight back, and finally live the life you want.

The Human Behind the Coach Claire Pedrick, Lucia Baldelli, 2023-11-13 Ever come away from a coaching session feeling it didn't quite hit the mark, despite your skills and knowledge? It's not just the words we use, it's the music, the lyrics and the dance of the conversation that make a difference to the quality of the outcome, and getting these right demands not just skill but humanity. Explore the human qualities that great coaches need to develop - humility, vulnerability, courage, and more - based on research from thousands of real coaching sessions, with stories, reflections, practical examples and tips on how to develop yourself and your work. This is a book for anyone who wants to deepen their work without adding more tools and techniques, and who is willing to do some deeper work in service of having more transformational conversations.

Pro Football Prospectus 2008 Aaron Schatz, 2008-07 A handbook for fantasy football players and pro football fans includes detailed team and player ratings, along with predictions about the upcoming season and the odds on each team as a Super Bowl contender.

Social Ankit Fadia, 2014-07-11 From the bestselling author of *Faster: 100 Ways to Improve Your Digital Life* This time Ankit Fadia expands his expertise beyond computers and digital devices. He

gives away technology tips and general advice on how you can enhance your professional life. This book includes applications that help plan your day, communicate effectively and manage finances. • Does your resume have trouble getting noticed? • What's the most effective way to do your homework on people before you meet them? • How can an app help you get more out of conferences? • Can de-cluttering your Inbox really save you a lot of time? • How to get more work done on flights? • Should you hire a public relations firm? Social puts you on the path that takes you being an employee to creating your own personal brand.

The Reducetarian Solution Brian Kateman, 2017-04-18 Brian Kateman coined the term Reducetarian—a person who is deliberately reducing his or her consumption of meat—and a global movement was born. In this book, Kateman, the founder of the Reducetarian Foundation, presents more than 70 original essays from influential thinkers on how the simple act of cutting 10% or more of the meat from one's diet can transform the life of the reader, animals, and the planet. This book features contributions from such luminaries as Seth Godin, Joel Fuhrman, Victoria Moran, Jeffrey Sachs, Bill McKibben, Naomi Oreskes, Peter Singer, and others. With over 40 vegan, vegetarian, and less meat recipes from bestselling cookbook author Pat Crocker, as well as tons of practical tips for reducing the meat in your diet (for example, skip eating meat with dinner if you ate it with lunch; replace your favorite egg omelet with a tofu scramble; choose a veggie burrito instead of a beef burrito; declare a meatless day of the week), *The Reducetarian Solution* is a life—not to mention planet!—saving book.

The Star Trek Book New Edition Paul J. Ruditis, 2021-08-03 To boldly expand your Star Trek horizons. Re-engage! The new edition of *The Star Trek Book* takes readers even further into one of the greatest science fiction universes ever created. This unique, insightful, and comprehensive

examination of an enduring, much loved franchise features every era of Star Trek in one volume, from the pioneering 1960s TV series to the latest movies and streaming shows, including Star Trek: Beyond, Star Trek: Discovery, Star Trek: Picard, and Star Trek: Short Trek. Written by Star Trek experts, this book is packed with stunning film and TV stills, illuminating infographics, and incisive, specially curated essays that unlock the mysteries of the ever-expanding Star Trek Universe. From new and legendary heroes such as James T. Kirk, Jean-Luc Picard, and Michael Burnham to iconic villains like Khan, Q, and the Borg, to fascinating alien species like the Vulcans, Klingons, and Ferengi, this book explores the central characters, technology, civilizations, and events that have shaped the complex, epic story of Star Trek. Resistance is futile. This is the (star) trek of a lifetime you don't want to miss! TM & © 2020 CBS Studios Inc. © 2020 Paramount Pictures Corp. STAR TREK and related marks and logos are trademarks of CBS Studios Inc. All Rights Reserved.

Bad Modernisms Douglas Mao, Rebecca L. Walkowitz, 2006-04-14 DIVCollection of essays on the ways in which modernist literature, film, and art transgressed the artistic and cultural norms we associate with high modernism./div

Professional and Business Communication Peter Hartley, Susie Marriott, Helena Knapton, 2023-05-30 This new edition of Professional and Business Communication is an ideal core communications textbook for students on business, management, and professional courses preferring a practice-focused and colloquial approach that combines accessibility with key theory. Techniques and processes detailed in the book include planning and preparing written communication, effective structures in documents, diverse writing styles, managing face-to-face interactions, using visual aids, delivering presentations, and organising effective meetings. The third edition of this popular text has been thoroughly revised and updated to cover the dramatic shifts in communication practices that

have been driven by remote working and increased technology use. It explores the current and likely future impact of these changes on communication practices, both for good (borderlessness; flexibility) and bad (isolation; burnout; fatigue) and looks at contemporary trends and future developments. This edition has also been revised to include even more examples, cases, tasks, activities, and discussion topics, with pedagogical features designed to aid international students. This popular text (and the accompanying website) will continue to support students on business, management, and professional courses for years to come.

Slikour Siya Metane, Helen Herimbi-Moremi, 2023-05-15 Siya 'Slikour' Metane is a musician and entrepreneur best known as one of the founding members of the record-breaking hip-hop group Skwatta Kamp. Told with signature humour, this memoir gives readers an all-access pass to the moments and the music that made the man, detailing the courage it took to overcome his self-doubt and to mould himself into a media maverick. From small beginnings in the East Rand to gaining mainstream recognition and going solo, celebrity dating and breaking up the band, hitting rock bottom and rising up to make it as a digital media pioneer, Slikour takes us through the highs and lows of his journey to becoming a force to be reckoned with. He unpacks the energy that connected the dots that propelled the success of everyone he came into contact with. Featuring never-known-before experiences with big names including Zola, Bonang Matheba and Kwesta as well as brands like KFC, Coca-Cola, Butan and Kaizer Chiefs, this is a candid look at what it takes to make it in the South African music and digital media scenes and what connection can achieve.

There Are No Grown-ups Pamela Druckerman, 2019-04-30 The best-selling author of BRINGING UP BÉBÉ investigates life in her forties, and wonders whether her mind will ever catch up with her face. When Pamela Druckerman turns 40, waiters start calling her Madame, and she detects a

disturbing new message in mens' gazes: I would sleep with her, but only if doing so required no effort whatsoever. Yet forty isn't even technically middle-aged anymore. And after a lifetime of being clueless, Druckerman can finally grasp the subtext of conversations, maintain (somewhat) healthy relationships and spot narcissists before they ruin her life. What are the modern forties, and what do we know once we reach them? What makes someone a grown-up anyway? And why didn't anyone warn us that we'd get cellulite on our arms? Part frank memoir, part hilarious investigation of daily life, *There Are No Grown-Ups* diagnoses the in-between decade when...

- Everyone you meet looks a little bit familiar.
- You're matter-of-fact about chin hair.
- You can no longer wear anything ironically.
- There's at least one sport your doctor forbids you to play.
- You become impatient while scrolling down to your year of birth.
- Your parents have stopped trying to change you.
- You don't want to be with the cool people anymore; you want to be with your people.
- You realize that everyone is winging it, some just do it more confidently.
- You know that it's ok if you don't like jazz.

Internationally best-selling author and New York Times contributor Pamela Druckerman leads us on a quest for wisdom, self-knowledge and the right pair of pants. A witty dispatch from the front lines of the forties, *There Are No Grown-ups* is a (midlife) coming-of-age story, and a book for anyone trying to find their place in the world.

Children's Rights Ursula Kilkelly, 2017-07-05 The articles in this volume shed light on some of the major tensions in the field of children's rights (such as the ways in which children's best interests and respect for their autonomy can be reconciled), challenges (such as how the CRC can be made a reality in the lives of children in the face of ignorance, apathy or outright opposition) and critiques (whether children's rights are a Western imposition or a successful global consensus). Along the way, the writing covers a myriad of issues, encompassing the opposition to the CRC in the US; gay parenting;

Dr Seuss's take on children's autonomy; the voice of neonates on their health care; the role of NGO in supporting child labourers in India, and young people in detention and more.

Developing Assertiveness Skills for Health and Social Care Professionals Annie Phillips, 2021-12-24
Want to communicate clearly, honestly and directly, without avoidance or resorting to manipulative or aggressive behaviour? Learn how to be assertive and explore its advantages as the primary tool of effective communication skills in healthcare settings. If you work in health or social care as a manager or clinician, deal with people on a daily basis, and need these dealings to be thoughtful, effective and stress free, this is the book for you. It teaches you how to understand and alleviate barriers to effective communication, manage the stresses and conflicts, and develop the effective clinical, people and management skills you need to navigate successfully through a career in healthcare. It challenges the reader to re-construct their approach to communication and present themselves more confidently whilst encouraging investment in their personal and professional development. This highly practical guide, and its companion volume Developing Leadership Skills for Health and Social Care Professionals are essential tools for all health and social care professionals wanting to develop relationships with their colleagues, patients and clients including clinicians, practice managers, nurses, midwives, general practitioners, therapists, doctors, dieticians, psychological therapists, paramedics and health visitors.

Return to Harikoa Bay Owen Marshall, 2022-08-02 'Whenever I think of coming to punish my father, it's always in a strong wind, and that's blowing now as I drive up the long, unsealed track to the house and sheds.' So begins one of Owen Marshall's superbly subversive stories. He offers up a wide range of subjects, from untimely deaths to unusual discoveries made about friends or neighbours, from burnishing an overseas trip to a tale about saving a business venture: 'Just in time,'

said Paddy. 'I thought I was going to have to resort to giving blow jobs in the office.' It wasn't quite as Jane A would have expressed relief, perhaps, but sincere in its own way . . . With over ten years since his last collection of new stories, Marshall explores his fellow New Zealanders, bringing his wisdom and wry eye to his vivid, insightful scenes: 'Places bring back people, people bring back places, and both conjure the cinema of your past.'

Image Macros: Eine neue Form des Witzes Nicole Friedrich, 2015-02-01 Jeder, der im Internet und in sozialen Netzwerken unterwegs ist, kennt sie: diese sich schnell und viral verbreitenden Bilder, Videos, Sprüche oder Witze. Doch nur wenige wissen, dass es sich dabei um sogenannte Memes handelt. Durch den Biologen Richard Dawkins in den 1970ern als eine kulturelle Evolution analog zur biologischen Evolution identifiziert und beschrieben, hat die Memetik bis Anfang der 90er Jahre weitestgehend an Bedeutung verloren. Mit dem Aufkommen des Web 2.0 und dessen neuen Funktionen des einfachen Verbreitens von Inhalten aller Art, erfuhr die Memetik einen erneuten Boom und bietet eine allumfassende Technik, um die Eigenheiten des Internets zu analysieren. Da das Internet eine geeignete Plattform für Humor und Komik bietet, will die vorliegende Arbeit am Beispiel der Image Macros erklären, wie es überhaupt dazu kommt und welcher Techniken sich Memes bedienen, um bei ihren Konsumenten Komik zu erzeugen. Was sind Memes? Was sind Image Macros? Welche Rolle spielt die Internetgemeinschaft und welche der Humor? All dies soll hier beantwortet und als wissenschaftlicher Einstieg in die Thematik des Internethumors gesehen werden.

Sad Animal Facts Brooke Barker, 2016-08-30 Made by nature. Drawn by Brooke Barker, these animal facts in cartoon form are equal parts hilarious and heartbreaking. From a minimum wage for honeybees, to the television habits of dogs and the acrobatic prowess of elephants, you'll never see animals in quite the same way again. Perfect for anyone that's ever spent their entire lunch break

looking at funny animal videos.
