The Lonely Sentinel The Cool Attic Publishing,2023-09-04 By intertwining the personal journey of Solara with the collective efforts of the activists, this book delivers a poignant tale of resilience, unity, and the power of positive change for the environment. They were a diverse group - artists, scientists, poets, and dreamers. But their hearts beat in unison with a common purpose - to heal the wounds inflicted upon the forest and to restore the vitality that had been lost. Their eyes sparkled with determination as they listened to Solara's tales of the fallen trees, absorbing the weight of the forest's suffering and the significance of positive action. Solara's branches stretched upward, her leaves whispering in the breeze as a gentle reminder of the harmony that had been restored to the forest. The journey from sadness to renewal had taught the community a crucial lesson - the importance of forging a sustainable, harmonious relationship with nature.

A Heart's Desire Solara Gordon,2020-01-23 With his sister's engagement party and wedding looming, Parker needs a date if he's to avoid having his sister and mother set him up with someone. The one person at the top of his list to ask is also the same woman he's fought his attraction to. Worse, they work together. Is it worth problems at work if she turns him down? What if she realizes he wants to be more than a co-worker? Every time Parker walks into work, Angela struggles to hide her growing attraction to her co-worker. Now the delicious hunk of a man she's watched from the start, a man who can have any woman he wants, asks her out? When a heavy spring snowstorm forces them to take shelter at Parker's townhouse, will they push past their fears of rejection, or let this opportunity slip away?

Pleiadian Emissary to Gaia Solara An-Ra,2016-11-09 Solara An-Ra narrates her fascinating life story in which, aged four, she makes a contract to be a Pleiadian Emissary to Gaia. This soul agreement brings great challenges in her early years as she, like so many humans, struggles to remember and fulfil her mission in this incarnation. This frank, unabashed, and at times hilarious account of the highs and lows of Solara's path of spiritual awakening makes for a joyful and compelling read, even more captivating because of many photos accompanying the journey. The fact that there is immense spiritual power woven throughout her chronicle can almost be forgotten in the pleasure of the ride. We are invited to voyage alongside her as she yoyo's between her everyday existence and the captivating world that opens as she becomes a channel for the star people. More than a book, this is a portal into the invisible dimensions that are as much a part of your reality as the world you see around you. Immersing yourself in this journey between worlds necessitates that your way of perceiving Earth life expands past the limiting confines of what you have been taught. The story Solara shares here, with her characteristic sense of humour and honesty, is a reminder to all of us that the universe has a few tricks up its sleeve when it comes to waking us up. It will invariably shake us out of our complacency by landing us in the eye of the hurricane - and just when we think all is lost, we find a way into the peace and power which is our birth-right. The Time Is Now!

Time Out of Mind Solara Vayanian,2006-10-23 Atlantis was doomed. This great civilization, known for its advanced culture and spiritual supremacy, had become a snake pit of intrigue teeming with factious groups vying for power and control. In Time Out of Mind, author Solara Vayanian delivers an unforgettable drama that tells of the breakdown of the priesthood, the hidden scientific experiments in genetic engineering which produced things -- part human and part animal -- and other atrocities; the infiltration by the dark lords of Orion; and the implantation of the human body with a device to fuel the Orion wars. lords who had shape-shifting abilities, meaning they could change their own shape into that of another person or animal. Krazen shape shifted himself into the persona of Letaglia and surreptitiously followed the light team to Atlantis. His shape shift was so clever, they never suspected he was masquerading as their colleague - at least at first. Letaglia finds that he is unreasonably attracted to Tatalec, one of the priestesses of Atlantis. He has no control over his overwhelming compulsion to dominate her. Tatalec, normally a sensible, well-trained priestess, is unable to resist his efforts when he comes to the temple far too frequently for sexual renewal and balancing. Krazen degrades these ritualistic renewal rites that are sacred to the Atlanteans, and finds himself confronted with the tragic consequences of his lust.
