Understanding Media Marshall McLuhan,2016-09-04 When first published, Marshall McLuhan's Understanding Media made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

You Shook Me All Campaign Long Eric T. Kasper,Benjamin S. Schoening,2018-11-15 Music has long played a role in American presidential campaigns as a mode of both expressing candidates' messages and criticizing the opposition. The relevance of music in the 2016 campaign for the White House took various forms in a range of American media: a significant amount of popular music was used by campaigns, many artist endorsements were sought by candidates, ever changing songs were employed at rallies, instances of musicians threatening legal action against candidates burgeoned, and artists and others increasingly used music as a form of political protest before and after Election Day. The 2016 campaign was a game changer, similar to the development of music in the 1840 campaign, when "Tippecanoe and Tyler Too" helped sing William Harrison into the White House. The ten chapters in this collection place music use in 2016 in historical perspective before examining musical messaging, strategy, and parody. The book ultimately explores causality: how do music and musicians affect presidential elections, and how do politicians and campaigns affect music and musicians? The authors explain this interaction from various perspectives, with methodological approaches from several fields, including political science, legal studies, musicology, cultural studies, rhetorical studies, and communications and journalism. These chapters will help the reader understand music in the 2016 election to realize how music will be relevant in 2020 and beyond.

Permanent Exhibit Matthew Vollmer,2018 Brief collage-style essays that explore the ephemeral and fractured nature of life in the digital age.

Punk 57 Penelope Douglas,2023-12-05 Secrets, deception, and passion consume two pen pals in the TikTok sensation from New York Times bestselling author Penelope Douglas, now with exclusive bonus material! They were perfect together. Until they met. In fifth grade, Misha's teacher set him and his classmates up with pen pals from a different school. For the next seven years, Ryen was his everything. She kept Misha on track and accepted him as he is. They only had three rules: No social media, no phone numbers, no pictures. There was no reason to ruin the good thing they had going...until Misha runs across a photo of a girl online named Ryen. He knows he has to meet her. But he didn't expect to hate what he finds. Ryen has gone three months without a letter from Misha. Did he die? Get arrested? Knowing Misha like she does, neither would be a stretch. She needs to know someone is listening to her. But really, Ryen knows this is her own fault. She should've gotten his phone number, or picture, or something. As a mysterious vandal leaves messages in Ryen's school, she's possessed by the handsome new student who knows just how to hurt and heal her. But she can't stop thinking of Misha. He could be gone forever. Or right under her nose, and she wouldn't even know it...

Hanging Out, Messing Around, and Geeking Out, Tenth Anniversary Edition Mizuko Ito,Sonja Baumer,Matteo Bittanti,Danah Boyd,Rachel Cody,2019-09-24 The tenth-anniversary edition of a foundational text in digital media and learning, examining new media practices that range from podcasting to online romantic breakups. Hanging Out, Messing Around, and Geeking Out, first published in 2009, has become a foundational text in the field of digital media and learning. Reporting on an ambitious three-year ethnographic investigation into how young people live and learn with new media in varied settings—at home, in after-school programs, and in online spaces—it presents a flexible and useful framework for understanding the ways that young people engage with and through online platforms: hanging out, messing around, and geeking out, otherwise known as HOMAGO. Integrating twenty-three case studies—which include Harry Potter podcasting, video-game playing, music sharing, and online romantic breakups—in a unique collaborative authorship style, Hanging Out, Messing Around, and Geeking Out combines in-depth descriptions of specific group dynamics with conceptual analysis. Since its original publication, digital learning labs in libraries and museums around the country have been designed around the HOMAGO mode and educators have created HOMAGO guidebooks and toolkits. This tenth-anniversary edition features a new introduction by Mizuko Ito and Heather Horst that discusses how digital youth culture evolved in the intervening decade, and looks at how HOMAGO has been put into practice. This book was written as a collaborative effort by members of the Digital Youth Project, a three-year research effort funded by the John D. and Catherine T. MacArthur Foundation and conducted at the University of California, Berkeley, and the University of Southern California.

Desperately Seeking Self-Improvement Carl Cederström and André Spicer,2017-10-20 In these pages, the authors of the widely-acclaimed The Wellness Syndrome throw themselves headlong into the world of self-optimization, a burgeoning movement that seeks to transcend the limits placed on us by being merely human, whether the feebleness of our bodies or our mental incapacities. Cederström and Spicer, though willing guinea pigs in an extraordinary (and sometimes downright dangerous) range of techniques and technologies, had hitherto undertaken little by way of self-improvement. They had rarely seen the inside of a gym, let alone utilized apps that deliver electric shocks in pursuit of improved concentration. But, in the course of a year spent researching this book, they wore head-bands designed to optimize meditation, attempted to boost their memory through learning associative techniques (and failed to be admitted to MENSA), trained for weightlifting competitions, wrote what they (still) hope might become a bestselling Scandinavian detective story, enrolled in motivational seminars and tantra sex workshops, attended new-age retreats and man-camps, underwent plastic surgery, and experimented with vibrators and productivity drugs. André even addressed a London subway car whilst (nearly) naked in an attempt to boost attention. Somewhat surprisingly, the two young professors survived this year of rigorous research. Further, they have drawn deeply on it to produce a hilarious and eye-opening book. Written in the form of two parallel diaries, Desperately Seeking Self-Improvement provides a biting analysis of the narcissism and individual competitiveness that increasingly pervades a culture in which social solutions are receding and individual self-improvement is the only option left.

Dress to Kill Eddie Izzard,David Quantick,2000-07 Eddie Izzard - action transvestite, boy racer and male tomboy - spent the 1990s conquering Britain. As the decade ended, he looked further afield. Dressed To Kill, his stand-up tour, saw him transport his high heels and off-the-shoulder numbers to New York, Los Angeles and San Francisco, taking a natural comedian's delight in the differences separating the two sides of the Pond. In this book, he reflects on his birth in Yemen and his childhood in Northern Ireland, Wales and London, and muses on animals, male tomboys, street theatre, sex, crime, God, The Great Escape, Bible stories starring Sean Connery and James Mason, and cats who dig for oil. He also reflects on the trials and tribulations of being an cross-dressing, surrealist comedian intent on making it in America.

Monkey Vs Robot James Kochalka,2000 An expressive, funny-sad book that rewards us with its deft execution. -- Peter Aaron Rose, Artbomb A factory of self-replicating robots is stripping the jungle of its natural resources, threatening the territory of a colony of nearby monkeys. A series of encounters between the two groups quickly escalates into all out war. For all the book's humorous and charming appearance, beneath this entertaining veneer runs a stirring examination of the dual nature of existence, the dichotomy within the human mind, and our profound effect on the ecological environment. A modern day fable for adults and kids alike based on the age-old struggle between nature and technology.

The Rough Guide Book of Playlists Mark Ellingham,2007 This second edition of the Rough Guide Book of Playlistscontains more than 500 lists of which 50 are new to this edition. The lists are recommendations of ten songs (sometimes a couple more, sometimes a couple less), covering artists (Rufus Wainwright to Thelonius Monk, Al Green to Manu Chao, Glenn Gould to Julie Andrews), genres (Bebop Classics to Reggae Toasters to Punk Originals to Hot Club jazz), songs (10 best Dylan covers; 8 classic versions of Summertime; 10 love songs that don't cloy), quirks and silliness (Songs about Chickens and Insects; Who let the frogs out?; Big Pizza Pie crooners; Take this Job and Shove it!). There's even a literary edge with playlists like '10 songs raved about in Murakami novels'. Each of the Playlists has a nugget about the song (why you want it on your iPod), and a listings of where it's from (remember CDs?).

That Winter Pamela Gillilan,1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem Come Away after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection That Winter (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Solidarity in Biomedicine and Beyond Barbara Prainsack,Alena Buyx,2017-01-19 In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

The New Child Don Edgar,Patricia Edgar,2008 Every day we read in the media about the crisis of contemporary childhood: Today's kids are out of control - too fat, too indulged, too knowing, and too quick to grow up. But is the crisis real or invented? In this fascinating book Don and Patricia Edgar argue that the crisis is real and has its roots in recent changes in the way we live. Ordinary family life has transformed. Online media technologies in which children are immersed from an early age have proliferated. The growth of individualism, an 'it's all about me' culture, together with the exploitation of children as consumers, have changed childhood dramatically. Between them the Edgars have a wealth of expertise about childhood - as teachers, researchers, policy advisors and in children's media production. In The New Child they offer both parents and policy makers a positive action plan that addresses the whole problem, not just parts of it. This up-to-the moment book also discusses what parents need to know about new media such as video games, and introduces the latest ideas in early childhood development - the sort of ideas that are guiding the Rudd government in its education revolution and its plan to introduce co-located children's services.

There's a God on the Mic Kool Mo Dee,2003-11-20 Rapper Kool Mo Dee thrived during hip-hop's nascent years as a vocalist whose tongue-twisting rhymes and speedy delivery put his counterparts to shame. On his 1987 album, How Ya Like Me Now, Kool came up with a 'hip-hop report card': a method of rating MCs (Emcees, Masters of Ceremonies, Master Communicators, or rap vocalists) as a way of separating the premier MCs from their often one-dimensional, overrated counterparts (Sucka MCs). Building on this original list, Kool has put together an extensive rating system to compile the definitive list of the greatest MCs of all time. Kool rates each MC based on seventeen different categories, ranging from the artist's lyricism, vocabulary, and freestyling ability to his longevity, body of work, and social impact. Each artist is given a numerical score from one to ten in each of the seventeen categories, as well as an explanation for how this rating was determined. The book includes a complete discography and full-color photograph for each MC, and will also have supplemental lists, such as the top ten storytellers and top ten rhymers.
