*Current Approaches in Drama Therapy* David Read Johnson, Renée Emunah, 2020-11-18 This third edition of *Current Approaches in Drama Therapy* offers a revised and updated comprehensive compilation of the primary drama therapy methods and models that are being utilized and taught in the United States and Canada. Two new approaches have been added, Insight Improvisation by Joel Gluck, and the Miss Kendra Program by David Read Johnson, Nisha Sajjani, Christine Mayor, and Cat Davis, as well as an established but not previously recognized approach in the field, Autobiographical Therapeutic Performance, by Susana Pendzik. The book begins with an updated chapter on the development of the profession of drama therapy in North America, followed by a chapter on the current state of the field written by the editors and Jason Butler. Section II includes the 13 drama therapy approaches, and Section III includes the three related disciplines of

Psychodrama and Sociodrama, Playback Theatre, and Theatre of the Oppressed that have been particularly influential to drama therapists. This highly informative and indispensable volume is structured for drama therapy training programs. It will continue to be useful as a basic text of drama therapy for both students and seasoned practitioners, including mental health professionals (such as counselors, clinical social workers, psychologists, creative arts therapists, occupational therapists), theater and drama teachers, school counselors, and organizational development consultants.
