Focus 2022 World Film Market Trends Martin Kanzler,Patrizia Simone,2022-05-18 [bilingual edition ENG / FRE] Focus 2022: an anniversary issue! This FOCUS marks a double anniversary for the European Audiovisual Observatory: this year we celebrate the 25th edition of this publication and also the 30th anniversary of the Observatory itself. The fact that FOCUS goes back 25 years in our history proves that the film market is of crucial importance to our work! In 25 years, we have constantly expanded our film-related expertise and services, and in parallel the scope of our data collection. This was only possible due to our invaluable networks, especially the EFARN, which therefore deserves our sincere thanks on the occasion of these anniversaries. The FOCUS report, however, would not have developed as it did without the vision of our partner, the Marché du Film and in particular Jérôme Paillard, its longstanding Executive Director, whom we will always link to this publication even after his imminent retirement. Thank you Jérôme for all these years of wonderfully easy cooperation! We are looking forward to continuing our work with your successor Guillaume Esmiol and the exceptional staff that he “inherits” from you. Susanne Nikoltchev, Executive Director of the European Audiovisual Observatory

Global Entertainment Media Anne Cooper-Chen,2006-04-21 Global Entertainment Media offers a unique perspective on entertainment media worldwide. As one of the first comprehensive books to address entertainment mass media worldwide, it addresses students as TV watchers and takes them to new places, both geographically and intellectually. Editor Anne Cooper-Chen has gathered an international group of scholars to explore such concepts as psychology, gratifications, and effects of media entertainment and its relation to national cultures, as well as to discuss the business of international TV trade by transnational media corporations. In this volume, experts discuss the content, audiences, and cultural and legal aspects of their respective countries, all of which are major TV markets. The country-specific chapters draw on the individual insights, expertise, and currency of 10 resident authors. Contributions represent every hemisphere of the globe, offering detailed examinations of media entertainment in United Kingdom, Germany, Egypt, Nigeria, South Africa, India, Japan,

China, Brazil, and Mexico. The two concluding chapters provide cross-national case studies that look at familiar TV experiences--The Olympics and the Who Wants to Be a Millionaire show--in global and novel ways. Global Entertainment Media is intended for students in international media, comparative media, cross-cultural communication, and television studies, and it also has much to offer scholars and researchers in entertainment media.
