Catalan-English, English-Catalan Dictionary Mariona Solé Sabater,Joaquim Auladell Freixinet,1993

Catalan-english/ English-catalan Practical Dictionary A. Scott Britton,2018-05-15 Catalan is a romance language named after the autonomous province Catalonia in Spain and spoken by well over 9 million people worldwide. It is also the national and only official language of Andorra. Most Catalan speakers, however, reside in Spain's Catalonia and Valencia provinces. Catalan is not a dialect of Spanish, but a language that developed independently from Vulgar Latin during the Middle Ages around the Pyrenees region. During the 19th century and the rise of a nationalist cultural movement in Catalonia, the language was revived as a literary language. Since the 1980s, Catalan has been the language used in state schools, and thus most residents of Catalonia are bilingual in Catalan and Spanish. Ideal for businesspeople, travelers, and students, this dictionary features over 16,000 word-to-word entries, including common words as well as technical, legal, business and locally-specific terms (key cities, foods, and cultural terms). It also includes an exhaustive pronunciation guide and a concise discussion of the basics of Catalan grammar.

English / German Cognates John Rigdon,2018-06-11 This dictionary contains over 1800 words which are the same or nearly the same in English and German. Such words are known as cognates. Just like human family, not all are twins. Some will be close, others only share a common etymology. It also contains a section of fake friends - words which one may think are cognates, but are not. Some of these will get you in trouble, for example: Gift does not mean something special for a friend, it means poison, Use das Geschenk instead. German is the most widely spoken and (co-) official language in Germany, Austria, Switzerland, South Tyrol (Italy), the German-speaking Community of Belgium, and Liechtenstein. It is also one of the three official languages of Luxembourg. German is the second most widely spoken Germanic language, after English. One of the major languages of the world, German is the first language of almost 100 million people worldwide and the most widely spoken native language in the European Union. Together with French, German is the second most commonly spoken foreign language in the EU after English, making it the second biggest language in the EU in terms of overall speakers. German is also the second most widely taught foreign language in the EU after English at primary school level (but third after English and French at lower secondary level), the fourth most widely taught non-English language in the US (after Spanish, French and American Sign Language), and the second most commonly used scientific language as well as the third most widely used language on websites (after English and Russian). The German-speaking countries are ranked fifth in terms of annual publication of new books, with one tenth of all books (including e-books) in the world being published in the German language. In the United Kingdom, German and French are the most-sought after foreign languages for businesses (with 49% and 50% of businesses identifying these two languages as the most useful, respectively). This dictionary is derived from our Words R Us system. We publish more than 50 bi-lingual dictionaries and phrasebooks. Visit our website at www.wordsrus.info for availability of other volumes.
