How to Speak Dolphin Ginny Rorby, 2015-05-26 Schneider Family Book Award-winning author Ginny Rorby has created an irresistible dolphin story about a girl's struggle to help her autistic brother and herself. Lily loves her half-brother, Adam, but she has always struggled with him, too. He's definitely on the autism spectrum -- though her step-father, Don, can barely bring himself to admit it -- and caring for him has forced Lily to become as much mother as sister. All Lily wants is for her step-father to acknowledge that Adam has a real issue, that they need to find some kind of program that can help him. Then maybe she can have a life of her own. Adam's always loved dolphins, so when Don, an oncologist, hears about a young dolphin with cancer, he offers to help. He brings Lily and Adam along, and Adam and the dolphin -- Nori -- bond instantly. But though Lily sees how much Adam loves Nori, she also sees that the dolphin shouldn't spend the rest of her life in captivity, away from her family. Can Adam find real help somewhere else? And can Lily help Nori regain her freedom without betraying her family?

When Dolphins Ruled the Earth Shane Anthony Carvalho, 2015-08-20 When Dolphins Ruled the Earth is a satirical fantasy, following the plight of Adam Barnard as he journeys from a successful business executive to a genuine human being. Adam encounters a strange nurse, a curious Scottish salmon, and dolphins with arms and legs, who speak perfectly good English. The Dolphins tell him they once ruled the Earth; they had jobs, houses, cars, Governments, banks, supermarkets and incredibly some dolphins were even estate agents!

Adam, along with Professor Van Halen and a Dolphin called Zinc must find secret scrolls, which reveal how to fight against global greed and defeat man sharks; before the entire planet is engulfed in total confusion. When Dolphins ruled the Earth is complete, coherent and well written, it is often very funny, and the story simple and compelling. I enjoyed it very much. Simon Maginn - Writer of the Sheep, filmed as The Dark, starring Sean Bean.

Fast-Talking Dolphin Carson Davidson, 1989-06-01 When Eric finds a talking dolphin in a trout pond in New England, he uses all his knowledge and skills to save its life.

A Joke Of All Trades Derrick Johnson, 2017-06-11 Watching sports and they say that a professional athlete used a banned substance, Deer Spray! What in the heck is deer spray, and how do you get it? Do you think there is some country dude in the woods, following a deer with an empty jug, talking about, you gotta stop and pee sometime!

The White Dolphin Michael Katz, 1999 A really great read...mixing a lot of subjects. It was sexy, creative, and exciting. I loved the dolphin world..I actually had dreams like that when I was a kid. That a mermaid would come save me from drowning and bring me under the water to a beautiful mystical merman's land. The dolphin world he created was really vividly described. I loved it.

BREAKFAST WITH DOLPHINS George Fohr, 2020-10-28 The North Atlantic and its adjacent waters are among the most dangerous in the world. Countless shipwrecks speak for a rough ocean. And yet, these seas are rich in wildlife like playful dolphins and colorful puffins. Ignoring the hazards and curiously, almost obsessed by sailing the European Atlantic, George and his wife cast-off in the Baltic to an open-end adventure. They sailed to Norway, Scotland, the Hebrides, the Iberian peninsular and promptly fell in love with

these countries and their people. The nature in Norway is breathtaking, wildlife on the Hebrides stunning, Scotland is divine, the beer in Dublin is cold, and the sun nearly always shines in southern Europe. With autumn approaching, the Atlantic Ocean faced its first hurricane on the European side in history and underlined its reputation. The crew took it easy and saw what they hoped to see and much more. Then a virus came along, silently, mysteriously, and ruined all travel plans. Relaxing with each day passing by, the crew realized, live and perceive the moment.

Telepathic Dolphin Experiment Ron S Nolan, 2017-02-19 A pair of telepathic dolphins is made available to paranormal researcher, Dr. Sandra Grant, by a paranoid general intent upon the ultimate destruction of the USSR. Dolphins' World Samuel Melner, 2002 A lively, engrossing, highly original and imaginative fantasy that has... Adventure Humor A love story in a strange but realistic world. with one-of-a-kind tattoos, Marigold is the brightest, most beautiful mother in the world. At least, that's what Dolphin thinks—she just wishes Marigold wouldn't stay out quite so late or have mood spells every now and again. Dolphin's older sister, Star, loves Marigold too, but she's tired of looking after her. So when Star's dad shows up out of the blue and offers to let the girls stay with him, Star jumps at the opportunity. But Dolphin can't bear to leave Marigold alone. Now it's just the two of them, and Dolphin is about to be in over her head. . . .

Every creature can be reached through telepathic communication—from your tabby cat or cockatiel to the wasps that build nests in the eaves of your home or even the common flea—you just have to be open to the idea, and mind-to-mind communication will be in your grasp. In addition to an entire chapter devoted to teaching

people how to develop mind-to-mind communication with animals, *Animal Talk* includes a discussion of freedom, control, and obedience, understanding behaviors from the animal's point of view, how to handle upsets between animals, tips on nutrition for healthier pets, and the special relationship between animals and children.

Island of the Blue Dolphins Scott O'Dell, 1960 Far off the coast of California looms a harsh rock known as the island of San Nicholas. Dolphins flash in the blue waters around it, sea otter play in the vast kelp beds, and sea elephants loll on the stony beaches. Here, in the early 1800s, according to history, an Indian girl spent eighteen years alone, and this beautifully written novel is her story. It is a romantic adventure filled with drama and heartache, for not only was mere subsistence on so desolate a spot a near miracle, but Karana had to contend with the ferocious pack of wild dogs that had killed her younger brother, constantly guard against the Aleutian sea otter hunters, and maintain a precarious food supply. More than this, it is an adventure of the spirit that will haunt the reader long after the book has been put down. Karana's quiet courage, her Indian self-reliance and acceptance of fate, transform what to many would have been a devastating ordeal into an uplifting experience. From loneliness and terror come strength and serenity in this Newbery Medal-winning classic.
