White Utopias Amanda J. Lucia, 2020-10-13 Transformational festivals, from Burning Man to Lightning in a Bottle, Bhakti Fest, and Wanderlust, are massive events that attract thousands of participants to sites around the world. In this groundbreaking book, Amanda J. Lucia shows how these festivals operate as religious institutions for "spiritual, but not religious" (SBNR) communities. Whereas previous research into SBNR practices and New Age religion has not addressed the predominantly white makeup of these communities, *White Utopias* examines the complicated, often contradictory relationships with race at these events, presenting an engrossing ethnography of SBNR practices. Lucia contends that participants create temporary utopias through their shared commitments to spiritual growth and human connection. But they also participate in religious exoticism by adopting Indigenous and Indic spiritualities, a practice that ultimately renders them exclusive, white utopias. Focusing on yoga's role in disseminating SBNR values, Lucia offers new ways of comprehending transformational festivals as significant cultural phenomena.

Wishes Fulfilled Dr. Wayne W. Dyer, 2013-12-03 This book is dedicated to your mastery of the art of realizing all your desires. The greatest gift you have been given is the gift of your imagination. Everything that now exists was once imagined. And everything that will ever exist must first be imagined. *Wishes Fulfilled* is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for yourself becomes a present fact. Dr. Wayne W. Dyer explores, for the first time, the region of your highest self; and definitively shows you how you can truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and all things means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your imagination!

Prohibition New York City David Rosen, 2020-11-09 Texas Guinan was the queen of New York's speakeasies in the Roaring Twenties. Her clubs were backed by leading gangsters and welcomed some of the city's biggest sharks and swankest swells. Movie stars, flappers, madams, musicians and more flocked to midtown's Wet Zone, Greenwich Village and Harlem for inebriated entertainment. Patrons threw cultural norms aside as free-flowing hooch lubricated the jazz joints, sex circuses and drag balls that fueled the era's insurgent spirit. At the center of the party was Texas with her trademark catchphrases and guarantee to have a good time. Author David Rosen recounts Texas's adventurous life alongside tales of Gotham's nightlife when abstinence was the law of the land and breaking the law an all-American indulgence.

Light of The Dove R.A. Sales, 2016-04-21 Miles Alexander, son of an Alabama sharecropper, is a successful business and entertainment lawyer with interests as distant as Costa Rica, where—much to his law partners' dismay—he is about to acquire a local restaurant chain from the notorious coffee baron, Humberto Cabrera, one of the wealthiest and most mysterious dons of Central America. Miles' success however has distanced him from his

roots, altered his belief system, his political views, and the values that shaped him. Fearing Miles will suffer the same fate as his grandfather, who was crippled at about Miles' age, Mary Rose Alexander, the Dove, through a series of transpersonal (quantum) exchanges with Miles while he's in Costa Rica, draws him back to Ohio, where upon his arrival she suffers a disabling stroke that marks the beginning of a long and sometimes painful journey, during which time, in the afterglow of his Mother's Light, Miles' rediscovers what is truly pleasing to his soul, revealed to him in his hometown, where he is forced to confront issues of race prejudice, poverty and hopelessness, that are part of Lessons of Home. Can he get beyond the sudden and jarring rift with his white law partner, the antagonist Reid Lowell? Can he rise above temptation and unbridled materialism, and embrace compassion and community over competition and individualism? Or will he return to his old ways and suffer the fate his mother is all too aware of? Reid Milbank Lowell, scion of wealthy planters from Georgia, finds that his financial and lifestyle interests in the continued success of the law firm, Alexander, Seasongood & Lowell, far outweigh Miles' personal interests, leading to a conflict between the two men that is nothing less than a clash of cultures. The law firm, and its representation of rappers and others antithetical to Reid's antebellum roots, has led Reid to stray from the path his fathers would have him follow. Will he continue along the same path and suffer the same fate as the mythical Narcissus in a classic case of Death by Envy? Or will he change in time to avoid a painful ending and the wrath of his ancestors?

Sound Recording Technology and American Literature Jessica E. Teague,2021-05-20 Phonographs, tapes, stereo LPs, digital remix - how did these remarkable technologies impact American writing? This book explores how twentieth-century writers shaped the ways we listen in our multimedia present. Uncovering a rich new archive of materials, this book offers a resonant reading of how writers across several genres, such as John Dos Passos, Langston Hughes, William S. Burroughs, and others, navigated the intermedial spaces between texts and recordings. Numerous scholars have taken up remix - a term co-opted from DJs and sound engineers - as the defining aesthetic of twenty-first century art and literature. Others have examined modernism's debt to the phonograph. But in the gap between these moments, one finds that the reciprocal relationship between the literary arts and sonic technologies continued to evolve over the twentieth century. A mix of American literary history, sound studies, and media archaeology, this interdisciplinary study will appeal to scholars, students, and audiophiles.
