Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6–12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. Common Core Standards and English Language Arts Grades 6 -12: Strategies for Student Success Toby Karten,2013-01-01 The tri-fold laminated reference guide Common Core Standards & English Language Arts: Strategies for Student Success (Grades 6-12) by Toby Karten presents an at-a-glance overview of the CCSS for English Language Arts (ELA) for students in grades 6-12. It is intended to help middle and high school teachers understand the organization and application of the standards for diverse students, including those with special needs.Topics covered in the guide include: * Challenges of the

cross-disciplinary design of CCSS for ELA at the secondary level * College and career readiness (CCR) * CCR anchor standards for reading: literature (RL) and informational text (RI) * CCR anchor standards for writing (W) * CCR anchor standards for speaking and listening (SL) * CCR anchor standards for language (L) * Differentiating instruction for students at different reading levels * Models for measuring and evaluating text complexity * Strategies for helping students with disabilities achieve ELA standards The CCSS for ELA raise the bar to ensure students master the reading, writing, speaking and listening, and language skills they need to be college and career ready in literacy. They will yield effective outcomes for all students—including those with disabilities—if educators creatively and consistently embrace them and connect them to all of their students.
