10:04 Ben Lerner, 2015-09-15 Ben Lerner is a brilliant novelist, and one unafraid to make of the novel something truly new. 10:04 is a work of endless wit, pleasure, relevance, and vitality. --Rachel Kushner, author of *The Flamethrowers* Leaving the Atocha Station was hailed as one of the truest (and funniest) novels...of his generation (Lorin Stein, *New York Review of Books*), a work so luminously original in style and form as to seem like a premonition, a comet from the future (Geoff Dyer, *The Observer*). Now Lerner's second novel departs from Atocha's exquisite ironies in order to explore new territories of thought and feeling. In the last year, the narrator of 10:04 has enjoyed unexpected literary success, has been diagnosed with a potentially fatal heart condition, and has been asked by his best friend to help her conceive a child, despite his dating a rising star in the visual arts. In a New York of increasingly frequent super storms and political unrest, he must reckon with his biological mortality, the possibility of a literary afterlife, and the prospect of (unconventional) fatherhood in a city that might soon be under water. In prose that Jonathan Franzen has called hilarious...cracklingly intelligent...and original in every sentence, Lerner captures what it's like to be alive now, when the difficulty of imagining a future has changed our relation to both our present and our past. Exploring sex, friendship, medicine, memory, art, and politics, 10:04 is both a riveting work of fiction and a brilliant examination of the role fiction plays in our lives.

The Most Spectacular Restaurant in the World Tom Roston,2019-09-10 An “engrossing” history of the restaurant atop the World Trade Center “that ruled the New York City skyline from April 1976 until September 11, 2001” (Booklist, starred review). In the 1970s, New

York City was plagued by crime, filth, and an ineffective government. The city was falling apart, and even the newly constructed World Trade Center threatened to be a fiasco. But in April 1976, a quarter-mile up on the 107th floor of the North Tower, a new restaurant called Windows on the World opened its doors—a glittering sign that New York wasn't done just yet. In *The Most Spectacular Restaurant in the World*, journalist Tom Roston tells the complete history of this incredible restaurant, from its stunning \$14-million opening to 9/11 and its tragic end. There are stories of the people behind it, such as Joe Baum, the celebrated restaurateur, who was said to be the only man who could outspend an unlimited budget; the well-tipped waiters; and the cavalcade of famous guests as well as everyday people celebrating the key moments in their lives. Roston also charts the changes in American food, from baroque and theatrical to locally sourced and organic. Built on nearly 150 original interviews, *The Most Spectacular Restaurant in the World* is the story of New York City's restaurant culture and the quintessential American drive to succeed. "Roston also digs deeply into the history of New York restaurants, and how Windows on the World was shaped by the politics and social conditions of its era." —The New York Times "The city's premier celebration venue, deeply woven into its social, culinary and business fabrics, deserved a proper history. Roston delivers it with power, detail, humor and heartbreak to spare." —New York Post "A rich, complex account." —Kirkus Reviews (starred review)

*Leaving the Atocha Station* Ben Lerner,2011-08-23 Adam Gordon is a brilliant, if highly unreliable, young American poet on a prestigious fellowship in Madrid, struggling to establish his sense of self and his relationship to art. What is actual when our experiences are mediated by language, technology, medication, and the arts? Is poetry an essential art

form, or merely a screen for the reader's projections? Instead of following the dictates of his fellowship, Adam's research becomes a meditation on the possibility of the genuine in the arts and beyond: are his relationships with the people he meets in Spain as fraudulent as he fears his poems are? A witness to the 2004 Madrid train bombings and their aftermath, does he participate in historic events or merely watch them pass him by? In prose that veers between the comic and tragic, the self-contemptuous and the inspired, *Leaving the Atocha Station* is a portrait of the artist as a young man in an age of Google searches, pharmaceuticals, and spectacle. Born in Topeka, Kansas, in 1979, Ben Lerner is the author of three books of poetry *The Lichtenberg Figures*, *Angle of Yaw*, and *Mean Free Path*. He has been a finalist for the National Book Award and the Northern California Book Award, a Fulbright Scholar in Spain, and the recipient of a 2010-2011 Howard Foundation Fellowship. In 2011 he became the first American to win the Preis der Stadt Münster für Internationale Poesie. *Leaving the Atocha Station* is his first novel.

### **Molecular Farming of Plants and Animals for Human and Veterinary Medicine**

L. Erickson, 2002-09-30 Until recently, agriculture was seen as a minor customer of the pharmaceutical industry. However, as this book amply demonstrates, agriculture may be poised to become a much more important supplier rather than consumer of pharmaceuticals. This book is the most comprehensive and up-to-date compilation of bio-farming strategies to provide health products that are both safer and lower-cost than those produced conventionally. The style and information presented assumes a university undergraduate level of genetics and biology. Technical information regarding the methods used and the results, as well as perspectives on commercialization and regulation, is

provided by scientists prominent in this diverse and burgeoning field. This book is an invaluable resource for undergraduate and graduate students, university faculty, and researchers in government and corporate labs, as well as research managers, planners, and consultants in biotechnology.

*The Spectacular* Zoe Whittall, 2021-09-14 Three generations of women strive for real freedom in this startling, provocative novel exploring sexuality, gender, and maternal ambivalence, from the acclaimed author of *The Best Kind of People*. “In the best books, characters feel like my friends, but with the mothers of *The Spectacular*, they came to feel like my family.”—Torrey Peters, author of *Detransition, Baby* It’s 1997 and Missy is a cellist in an indie rock band on tour across America. At twenty-two years old, she gets on stage every night and plays the song about her absent mother that made the band famous. As the only girl in the band, she’s determined to party just as hard as everyone else, loving and leaving a guy in every town. But then she meets a tomboy drummer who is hard to forget, and a forgotten flap of cocaine strands her at the border. Fortysomething Carola is just surfacing from a sex scandal at the yoga center where she has been living when she sees her daughter, Missy, for the first time in ten years—on the cover of a music magazine. Ruth is eighty-three and planning her return to the Turkish seaside village where she spent her childhood. But when her granddaughter, Missy, winds up crashing at her house, she

decides it's time that the strong and stubborn women in her family find a way to understand one another again. In this sharply observed novel, Zoe Whittall captures three very different women who each struggle to build an authentic life. Definitions of family, romance, gender, and love will radically change as they seek out lives that are nothing less than spectacular.
