The Line Art Challenge Eric Ng,2016 Creativity has no boundaries, geographic or otherwise, which is what the 15 international artists of The Line Art Challenge, set out to prove when they embarked on an artistic feat to each produce 100 sketches in 100 days. Based in 11 different countries, the artists used modern communication methods to share their work and motivate and inspire each other across continents to reach their collective goal of 1,000 traditional sketches. While the final drawing tally was 850, the resulting artwork from this challenge is remarkable in its diversity and complexity: fantastic warriors, menacing space beasts, Gigeresque villains, and whimsical everyday heroes are among the characters you ll meet in this unique collection.

The Mirror of Her Dreams Stephen R. Donaldson,2013-09-04 With *The Chronicles of Thomas Covenant*, Stephen R. Donaldson changed the face of fantasy fiction forever. In *The Mirror of Her Dreams*, the astonishing first novel in the two-volume Mordant's Need series, Donaldson shows us a world of wondrous beauty and seductive illusion, where mirrors hold the deadliest of magics and nothing is what it seems. . . . The daughter of rich but neglectful parents, Terisa Morgan lives alone in a New York City apartment, a young woman who has grown to doubt her own existence. Surrounded by the flat reassurance of mirrors, she leads an unfulfilled life—until the night a strange man named Geraden comes crashing through one of her mirrors, on a quest to find a champion to save his kingdom of Mordant from a pervasive evil that threatens the land. Terisa is no champion. She wields neither magic nor power. And yet, much to her own surprise, when Geraden begs her to come back with him, she agrees. Now, in a culture where women are little more than the playthings of powerful men, in a castle honeycombed with secret passages and clever traps, in a kingdom threatened from without and within by enemies able to appear and vanish out of thin air, Terisa must become more than the pale reflection of a person. For the way back to Earth is closed to her. And the enemies of Mordant will stop at nothing to see her dead.
