Become a SuperLearner Jonathan Levi, Lev Goldentouch, Anna Goldentouch, 2015-04-01 Develop the Skills to Learn Anything Faster, Easier, and More Effectively Written by the creators of the #1 bestselling course of the same name, this book will teach you how to hack your learning, reading, and memory skills, empowering you to learn everything faster and more effectively. What Would You Do If You Could Learn Anything 3 Times Faster? In our rapidly changing and information-driven society, the ability to learn quickly is the single most important skill. Whether you're a student, a professional, or simply embarking on a new hobby, you are forced to grapple with an ever-increasing amount of information and knowledge. We've all experienced the frustration of an ever-growing reading list, struggling to learn a new language, or forgetting things you learned in even your favorite subjects. This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages. Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of speed reading (or glorified skimming) you may have been exposed to, diving into the actual cognitive and neurological factors that make learning easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. This book should be the go-to reference for anyone looking to upgrade their mind's firmware! -Benny Lewis, Language Learning Expert Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement You may have even taken a normal speed reading course in the past, only to realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students later, we have transformed our course into a book you can enjoy anywhere. Our teaching methodology relies heavily on at-home exercises. The chapters themselves are only part of what you're buying. You will be practicing various exercises and assignments on a regular basis over the course a 7 week schedule. In addition to the lectures, there are hours of supplemental video and articles which are considered part of the curriculum. This vital book contains all the tools needed to learn, memorize, and reproduce anything you want with the joy that ease brings. Don't take another class until you've read it! -Dr. Anthony Metivier, Author & Memory Expert If you wish to improve memory and concentration, learn more effectively, read faster, and learn the techniques of memory champions - look no further! An awesome read that will push the limits of your brain. Levi does an incredible job of guiding you through, to bring your brain from average to UNSTOPPABLE! -Nelson Dellis, 4-Time USA Memory Champion

Super Reading Secrets Howard Stephen Berg, 2008-12-14 Devised by the man recorded in Guinness as the world's fastest reader--80 pages per minutes--this is the only program that combines the most up-to-date learning techniques and psychological discoveries with proven speed-reading methods and ancient tools like meditation to significantly improve both reading speed and comprehension.

Speed Reading for Better Grades Ward Cramer, 1998 Prepares students to succeed with improved reading and test-taking skills. Engages students with real-life materials such as editorials, letters, and primary sources From the core subject areas. Fosters flexible grouping with individual or whole-class activities.

Speed Reading the Easy Way Howard S. Berg, Marcus A. Conyers, 1998 A recognized speed-

reading expert presents a self-teaching course that truly makes speed reading easy to master. An opening chapter takes the reader through the mechanics of speed reading, starting with a diagnostic test to measure reading speed, then demonstrating hand motions and methods of expanding one's visual field. Subsequent chapters clarify the connection between reading mechanics and psychology, offer methods for accelerating memory power, and coach the reader in correct techniques for studying. Final chapters consider the varied approaches to speed reading different kinds of material, from fiction through advanced physical science texts and the intricate details of accounting books. The book concludes with several standardized reading tests.

Speed Reading Made Quick and Easy Ken Asselin, 2008-05-16 Here is a book that will teach you the basic knowledge necessary to quickly and easily learn the techniques of speed reading. An easy to follow and well written speed reading program that can teach anyone how to read faster. Absolutely everything you need is included in this complete speed reading course; no gimmicks, no home study guides to buy, no self help tapes to order. The problem with most speed reading books and home study courses is they are filled with unrealistic promises and difficult assignments. They lack step by step basic speed reading techniques and clear easy to grasp instructions for the beginner. You will be reading faster after finishing the first chapter in this book, and with a little practice can double or triple your reading speed within the first week.

Breakthrough Rapid Reading Peter Kump, 1998-11-01 The former National Director of Education for Evelyn Wood Reading Dynamics. presents his do-it-yourself program for increasing reading speed and boosting comprehension. This program distills fundamental principles and skills that can be learned at home with the help of the drills and exercises provided. And because it lets readers choose their own materials and set their own pace, it's the ideal method for busy people juggling a full schedule.

Evelyn Wood Reading Dynamics Companion Workbook Evelyn Nielsen Wood, PUEI, Evelyn Wood Reading Dynamics, Inc, 2007-01-01 This program teaches you how to read faster, comprehend better and remember more.

Remember Everything You Read Dr. Stanley D. Frank, 2012-06-13 Learn how to read more quickly--and absorb more of the information you are reading--with Remember Everything You Read. For the first time the secrets that have made the completely revised Evelyn Wood learning program so effective and popular are revealed. Remember Everything You Read not only teaches you how to increase your reading speed--all the while improving your comprehension--it also features tips and tricks to improve your study habits, more effectively take notes, and write papers, among others. It will become an invaluable resource for students, parents, teachers, and anyone looking to read--and comprehend--in a faster, more efficient manner.
