5th Grade Spelling Raymond Rodgers,Dave Hopper,Alison Kennedy,2014-11-18 First 10 copies at cost price - an \$8 discount - 5 left at this price The first 10 copies of this book will be sold at cost price of \$11.99 in the US. The full price after this will be \$19.99. This book is part of a series of spelling and handwriting books for Kindergarten to 5th grade. There are 3 versions of each book: 1) plain text (with no words to trace over) 2) cursive / joined up WITH lead-in strokes 3) cursive / joined up WITHOUT lead-in strokes (not available on Amazon, only available to download from the Save Teachers Sundays store on TeachersPayTeachers.com) The SaveTeachersSundays.com Spelling books have been used successfully in the UK and have now been adapted to have American English spellings, American cultural and geographical references and to meet the requirements of the Common Core curriculum in the USA. Spelling Games Each book includes urls (website addresses) and passwords for over 350 spelling games, with 5 games to accompany each page of the book. Reviews Independent customer reviews of our Spelling resources can be found in the Save Teachers Sundays store on TeachersPayTeachers.com and on SaveTeachersSundays.com. Further detail on the features of the book can be found below: Structure of each page Each page is designed to cover a single grapheme / spelling pattern and begins with a 'Teaching Tip' which explains the spelling rule being covered on that page (if there is a spelling rule). Children are then presented with a list of words to learn that follow the relevant spelling rule. Each word is given in a sentence to help the children to understand what the word means. Multisensory Children are encouraged to say the letters aloud as they spell (auditory) and to join the letters (kinaesthetic). The online games also allow children to learn the spellings by seeing them, by hearing audio of them and by typing them. Learning spellings in a multisensory way gives children the best chance of remembering them. Multisensory methods are also widely accepted as being most effective for dyslexic children. Spelling rules explained at the top of each page (if there is a rule) This helps children to apply the rule to other words too, not just to the specific words on the page. Pen lifts after each syllable Breaking longer words into syllables helps children to spell them. Encouraging self-checking Children checking their own work for errors makes them more likely to remember these and is less damaging for their self-esteem than adult correction.
