The Wolf of Wall Street Jordan Belfort,2007-09-25 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—The New York Times “A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—Forbes “A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *GoodFellas* . . . Belfort has the Midas touch.”—The Sunday Times (London) “Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read.”—Kirkus Reviews

**A Cognitive Psychology of Mass Communication** Richard Jackson Harris,Fred W. Sanborn,2009-05-19 In this fifth edition of *A Cognitive Psychology of Mass Communication*, author Richard Jackson Harris continues his examination of how our experiences with media affect the way we acquire knowledge about the world, and how this knowledge influences our attitudes and behavior. **The Mindset Lists of American History** Tom McBride,Ron Nief,2011-05-25 Snapshots of the U.S.'s last nine generations—from the creators of the Mindset List media sensation Just as high school graduates in 1957 couldn't imagine life without zippers, those of 2009 can't imagine having to enter phone booths and deposit coins in order to call someone from the street corner. Every August, the Mindset List highlights the cultural touchstones that have shaped the lives of that year's incoming college class. Now this fascinating book extends the Mindset List approach to dramatize what it was like to grow up for every American generation since 1880, showcasing the remarkable changes in what Americans have considered normal about the world around them. Expands Tom McBride and Ron Nief's popular annual Mindset Lists to explore the mindset of nine generations of Americans, from 1880 to the future high school graduates of 2030 Offers a novel and absorbing way to understand the frame of reference of Americans through history,

whether it's the high school grads of 1918, who viewed riding an elevator as a thrill second only to roller coasters, or those of 2009, who have always thought of friend as an active verb Puts a human face on the evolution of historical changes related to technology, the struggle for rights and equality, the calamities of war and depression, and other areas The annual Mindset List garners extensive media attention, including on Today, The Early Show, the NBC Nightly News, CNN, and Fox as well as in the Wall Street Journal, the New York Times, USA Today, the Los Angeles Times, Time magazine, and hundreds of international publications Whatever your own generational mindset, this book will give you an entertaining and important new tool for understanding the unique perspective and experience of Americans over more than a hundred and fifty years.

**Homer Simpson Ponders Politics** Joseph J. Foy, Timothy M. Dale, 2013-05-01 It is often said that the poet Homer educated ancient Greece. Joseph J. Foy and Timothy M. Dale have assembled a team of notable scholars who argue, quite persuasively, that Homer Simpson and his ilk are educating America and offering insights into the social order and the human condition. Following *Homer Simpson Goes to Washington* (winner of the John G. Cawelti Award for Best Textbook or Primer on American and Popular Culture) and *Homer Simpson Marches on Washington*, this exceptional volume reveals how books like J. R. R. Tolkien's *The Hobbit* and J. K. Rowling's *Harry Potter*, movies like *Avatar* and *Star Wars*, and television shows like *The Office* and *Firefly* define Americans' perceptions of society. The authors expand the discussion to explore the ways in which political theories play out in popular culture. *Homer Simpson Ponders Politics* includes a foreword by fantasy author Margaret Weis (coauthor/creator of the *Dragonlance* novels and game world) and is divided according to eras and themes in political thought: The first section explores civic virtue, applying the work of Plato and Aristotle to modern media. Part 2 draws on the philosophy of Hobbes, Locke, Rousseau, and Smith as a framework for understanding the role of the state. Part 3 explores the work of theorists such as Kant and Marx, and the final section investigates the ways in which movies and newer forms of electronic media either support or challenge the underlying assumptions of the democratic order. The result is an engaging read for undergraduate students as well as anyone interested in popular culture.

**Twelve Years a Slave** Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a

travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Digital Hate** Sahana Udupa, Iginio Gagliardone, Peter Hervik, 2022-02 -- The editors of this volume are mid- to senior-level scholars who each have significant publications on digital hate and extreme speech. The collection arises out of a conference which received EU funding to study the rise and spread of extreme speech in the digital age. -- Any good work on digital extreme speech would be useful in an era of right-wing nationalism, rampant racism, and online calls for violence. What makes this collection particularly significant, though, is its focus on expanding the conversation to encompass a more global outlook. In doing so, it encourages readers to have a fuller and more nuanced understanding of the ways in which the Internet operates across the world. -- Methodologically and theoretically, it combines the lens of media anthropology and communication studies. This makes it a unique contribution to anthropology and communication studies, advancing as well growing scholarly interests in digital politics and online communication among sociologists, political scientists, international studies and development studies experts. -- The audience for the work is upper level undergraduates, graduate students, and scholars working in global communications, new media studies, international studies, anthropology and sociology as it relates to media and the Internet, and political science. The work would also appeal to media activists, NGOs engaged in hate speech interventions and peacebuilding, and governmental and media organizations.

**State of the World 2010** Worldwatch Institute, 2013-07-04 Many of the environmental and social problems we face today are symptoms of a deeper systemic failing: a dominant cultural paradigm that encourages living in ways that are often directly counter to the realities of a finite planet. This paradigm, typically referred to as 'consumerism,' has already spread to cultures around the world and has led to

consumption levels that are vastly unsustainable. If this pattern spreads further there will be little possibility of solving climate change or other environmental problems that are poised to dramatically disrupt human civilization. It will take a sustained, long-term effort to redirect the traditions, social movements and institutions that shape consumer cultures towards becoming cultures of sustainability. These institutions include schools, the media, businesses and governments. Bringing about a cultural shift that makes living sustainably as 'natural' as a consumer lifestyle is today will not only address urgent crises like climate change, it could also tackle other symptoms like extreme income inequity, obesity and social isolation that are not typically seen as environmental problems. State of the World 2010 paints a picture of what this sustainability culture could look like, and how we can - and already are - making the shift.

**Honey Badger Don't Care** Randall, 2012-01-24 Never before has wildlife narration been this bold and this hilarious. More than 40 million people have viewed Randall's honey badger video, "The Crazy Nastyass Honey Badger." "It has no regard for anyone or anything—it just takes what it wants! What a little badass!" When viewing wildlife footage, who hasn't thought at times, "Ewww! What the hell is that?!" Randall thinks it — and says so! In *Honey Badger Don't Care*, Randall examines and humorously informs on a dozen crazy, nasty animals of the wild kingdom employing his unique style of telling it like it is! His wildlife writing is refreshingly honest. If an animal scares Randall, he's not afraid to share. Unlike most nature writers, Randall doesn't deliver the sugarcoated or drab description. He "goes there" and shares his true feelings with his audience. Because of this, his readers feel that they can relate. Randall loves animals—even the ones that terrify him. He may not agree with how these animals conduct themselves in the world, but Randall wants everyone to know who they are. Just as he introduced the world to the honey badger, the Jesus lizard, and others, so will Randall shed light on twelve bizarre and interesting animals. Designed with callouts, sidebars, and more than fifty photos, *Honey Badger Don't Care* presents a wildlife book for adults—hilarious, irreverent, profane, yet charming, chatty, and informative. Don't be stupid—buy this book!

sex, lies and videotape Steven Soderbergh, 2011-06-02 Like Michael Powell's *Peeping Tom*, Steven Soderbergh's *sex, lies and videotape* presents us with a protagonist who can only connect with others through the lens of a camera. Graham is an enigmatic young man who returns to Baton Rouge from a long road trip, mildly irritating his old lawyer friend John and wholly intriguing John's housebound wife Ann. John is conducting a sneaky and entirely sexual affair with Ann's sister Cynthia. For her part, Ann has lost interest in sex, yet Graham's obscurely charming eccentricity stirs something inside her - until she learns that he is functionally impotent and can manage arousal only with the help of a video camera and an agreeably loose-lipped female. Nevertheless, it's the dragging into the open of Graham's dirty little secret that causes all of these characters to confront their own veiled deceits and hypocrisies. *sex, lies and videotape* won the Palme d'Or at the 1989 Cannes Film Festival, affirming the arrival of a distinctive new talent and signalling the start of a movement among young independent American film-makers opposed to the values and formats of the Hollywood system. Soderbergh's script is an unerringly elegant, witty and literate study of contemporary perversity.
