The Wolf of Wall Street Jordan Belfort, 2007-09-25 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for The Wolf of Wall Street "Raw and frequently hilarious."—The New York Times "A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives."—Forbes "A cross between Tom Wolfe's The Bonfire of the Vanities and Scorsese's GoodFellas . . . Belfort has the Midas touch."—The Sunday Times (London) "Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read."—Kirkus Reviews

*A Cognitive Psychology of Mass Communication* Richard Jackson Harris, Fred W. Sanborn, 2009-05-19 In this fifth edition of *A Cognitive Psychology of Mass Communication*, author Richard Jackson Harris continues his examination of how our experiences with media affect the way we acquire knowledge about the world, and how this knowledge influences our attitudes and behavior. Presenting theories from psychology and communication along with reviews of the corresponding research, this text covers a wide variety of media and media issues, ranging from the commonly discussed topics — sex, violence, advertising — to lesser-studied topics, such as values, sports, and entertainment education. The fifth and fully updated edition offers: highly accessible and engaging writing; contemporary references to all types of media familiar to students; substantial discussion of theories and research, including interpretations of original research studies; a balanced approach to covering the breadth and depth of the subject; discussion of work from both psychology and media disciplines. The text is appropriate for Media Effects, Media & Society, and Psychology of Mass Media coursework, as it examines the effects of mass media on human cognitions, attitudes, and behaviors through empirical social science research; teaches students how to examine and evaluate mediated messages; and includes mass communication research, theory and analysis.

**Why We Buy** Paco Underhill, 2009 Guide to ever-evolving consumer culture, offering advice on how to keep current customers and attract new ones.

**Digital Hate** Sahana Udupa, Iginio Gagliardone, Peter Hervik, 2022-02 -- The editors of this volume are mid- to senior-level scholars who each have significant publications on digital hate and extreme speech. The collection arises out of a conference which received EU funding to study the rise and spread of extreme speech in the digital age. -- Any good work on digital extreme speech would be useful in an era of right-wing nationalism, rampant racism, and online calls for violence. What makes this collection particularly significant, though, is its focus on expanding the conversation

to encompass a more global outlook. In doing so, it encourages readers to have a fuller and more nuanced understanding of the ways in which the Internet operates across the world. -- Methodologically and theoretically, it combines the lens of media anthropology and communication studies. This makes it a unique contribution to anthropology and communication studies, advancing as well growing scholarly interests in digital politics and online communication among sociologists, political scientists, international studies and development studies experts. -- The audience for the work is upper level undergraduates, graduate students, and scholars working in global communications, new media studies, international studies, anthropology and sociology as it relates to media and the Internet, and political science. The work would also appeal to media activists, NGOs engaged in hate speech interventions and peacebuilding, and governmental and media organizations.

Honey Badger Don't Care Randall, 2012-01-24 Never before has wildlife narration been this bold and this hilarious. More than 40 million people have viewed Randall's honey badger video, "The Crazy Nastyass Honey Badger." "It has no regard for anyone or anything—it just takes what it wants! What a little badass!" When viewing wildlife footage, who hasn't thought at times, "Ewww! What the hell is that?!" Randall thinks it—and says so! In Honey Badger Don't Care, Randall examines and humorously informs on a dozen crazy, nasty animals of the wild kingdom employing his unique style of telling it like it is! His wildlife writing is refreshingly honest. If an animal scares Randall, he's not afraid to share. Unlike most nature writers, Randall doesn't deliver the sugarcoated or drab description. He "goes there" and shares his true feelings with his audience. Because of this, his readers feel that they can relate. Randall loves animals—even the ones that terrify him. He may not agree with how these animals conduct themselves in the world, but Randall wants everyone to know who they are. Just as he introduced the world to the honey badger, the Jesus lizard, and others, so will Randall shed light on twelve bizarre and interesting animals. Designed with callouts, sidebars, and more than fifty photos, Honey Badger Don't Care presents a wildlife book for adults—hilarious, irreverent, profane, yet charming, chatty, and informative. Don't be stupid—buy this book!

**The Grip of It** Jac Jemc, 2017-08-01 Finalist for the Chicago Review of Books Fiction Award, Dan Chaon's Best of 2017 pick in Publishers Weekly, one of Vol. 1 Brooklyn's Best Books of 2017, a BOMB Magazine Looking Back on 2017: Literature Pick, and one of Vulture's 10 Best Thriller Books of 2017. Jac Jemc's The Grip of It is a chilling literary horror novel about a young couple haunted by their newly purchased home. Touring their prospective suburban home, Julie and James are stopped by a noise. Deep and vibrating, like throat singing. Ancient, husky, and rasping, but underwater. "That's just the house settling," the real estate agent assures them with a smile. He is wrong. The move—prompted by James's penchant for gambling and his general inability to keep his impulses in check—is quick and seamless; both Julie and James are happy to start afresh. But this house, which sits between a lake and a forest, has its own plans for the unsuspecting couple. As Julie and James try to establish a sense of normalcy, the home and its surrounding terrain become the locus of increasingly strange happenings. The framework—claustrophobic, riddled with hidden rooms within rooms—becomes unrecognizable, decaying before their eyes. Stains are animated on the wall—contracting, expanding—and map themselves onto Julie's body in the form

of painful, grisly bruises. Like the house that torments the troubled married couple living within its walls, *The Grip of It* oozes with palpable terror and skin-prickling dread. Its architect, Jac Jemc, meticulously traces Julie and James's unsettling journey through the depths of their new home as they fight to free themselves from its crushing grip.

**Solidarity in Biomedicine and Beyond** Barbara Prainsack, Alena Buyx, 2017-01-19 In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

**sex, lies and videotape** Steven Soderbergh, 2011-06-02 Like Michael Powell's *Peeping Tom*, Steven Soderbergh's *sex, lies and videotape* presents us with a protagonist who can only connect with others through the lens of a camera. Graham is an enigmatic young man who returns to Baton Rouge from a long road trip, mildly irritating his old lawyer friend John and wholly intriguing John's housebound wife Ann. John is conducting a sneaky and entirely sexual affair with Ann's sister Cynthia. For her part, Ann has lost interest in sex, yet Graham's obscurely charming eccentricity stirs something inside her - until she learns that he is functionally impotent and can manage arousal only with the help of a video camera and an agreeably loose-lipped female. Nevertheless, it's the dragging into the open of Graham's dirty little secret that causes all of these characters to confront their own veiled deceits and hypocrisies. *sex, lies and videotape* won the Palme d'Or at the 1989 Cannes Film Festival, affirming the arrival of a distinctive new talent and signalling the start of a movement among young independent American film-makers opposed to the values and formats of the Hollywood system. Soderbergh's script is an unerringly elegant, witty and literate study of contemporary perversity.
