To Belong in Buenos Aires Benjamin Bryce,2018-01-16 In the late nineteenth and early twentieth centuries, a massive wave of immigration transformed the cultural landscape of Argentina. Alongside other immigrants to Buenos Aires, German speakers strove to carve out a place for themselves as Argentines without fully relinquishing their German language and identity. Their story sheds light on how pluralistic societies take shape and how immigrants negotiate the terms of citizenship and belonging. Focusing on social welfare, education, religion, language, and the importance of children, Benjamin Bryce examines the formation of a distinct German-Argentine identity. Through a combination of cultural adaptation and a commitment to Protestant and Catholic religious affiliations, German speakers became stalwart Argentine citizens while maintaining connections to German culture. Even as Argentine nationalism intensified and the state called for a more culturally homogeneous citizenry, the leaders of Buenos Aires's German community advocated for a new, more pluralistic vision of Argentine citizenship by insisting that it was possible both to retain one's ethnic identity and be a good Argentine. Drawing parallels to other immigrant groups while closely analyzing the experiences of Argentines of German heritage, Bryce contributes new perspectives on the history of migration to Latin America—and on the complex interconnections between cultural pluralism and the emergence of national cultures.

A History of Migration from Germany to Canada, 1850-1939 Jonathan Wagner,2011-11-01 Jonathan Wagner considers why Germans left their home country, why they chose to settle in Canada, who assisted their passage, and how they crossed the ocean to their new home, as well as how the Canadian government perceived and solicited them as immigrants. He examines the German context as closely as developments in Canada, offering a new, more complete approach to German-Canadian immigration.

**Discover Your Heritage** Mary Ellen Perkins,1989-06-30 Since 1956 when Ontario's historical plaquing program was begun, more than 1,000 markers have been erected throughout the province. The range of subjects commemorated is astonishing - from mining rushes in northern Ontario to the invention of the socket-head screw ... from Harold Innis to Stephen Leacock ... from the typhus epidemic of 1847 to the discovery of insulin. Popular culture is also well represented: Beautiful Joe commemorates an internationally successful novel about a dog; When You and I Were Young, Maggie celebrates a famous romantic ballad; Jumbo marks the spot where a beloved circus elephant died. The history of Ontario, like its geography and its people, is vast and varied. Whenever you drive the highways, hike the countryside, or stroll through your own neighbourhood, this book can be a guide. There is much to discover.

**Raphael's World** Michael Collins,2020-05-23 Hailed by his contemporaries as “the divine painter,” Raphael Sanzio of Urbino (1483-1520) was one of the greatest artists of the Italian Renaissance. A contemporary of Michelangelo and Leonardo Da Vinci, Raphael was sought out by popes, kings and aristocrats to decorate their residences. Michael Collins’ new biography, Raphael’s World, portrays the era in which the divine painter lived. Born thirty years after the invention of the printing press and nine years before the discovery of the New World, Raphael harnessed the new techniques of printing and the riches which flowed from the Americas into Europe in the early 16th century. The political map of Europe was changing as Raphael painted for his wealthy patrons. Pope Julius II commissioned him to decorated his apartments at the Vatican while Pope Leo X appointed him architect of the new St. Peter’s which replaced the 1000 year old Constantinian basilica. While Raphael painted the Apostolic Palace and designed tapestries to be hung in the Sistine Chapel, a German friar, Martin Luther was about to rend Christendom apart. Raphael’s World brings the reader into the ducal court of Urbino, and follows the young Raphael to Perugia where he studied in the studio of Perugino, to Florence where he saw Michaelangelo and Da Vinci at work, to Rome where he painted for popes and cardinals, as well as Agostino Chigi, one of the wealthiest patrons of the day. Based on contemporary documentation, Raphael’s World explores the complex era in which the artist flourished and introduces the reader to the fascinating panoply of patrons. The 500th anniversary of the death of Raphael occurs on 6 April 2020. There will be a number of events to celebrate the event, including the rare display of his Sistine tapestries and a symposium at the Vatican and other galleries around the world.

Découvrons Notre Patrimoine Mary Ellen Perkins,1989-06-30 Depuis que le programme de commémoration historique a été inauguré par le gouvernement de l’Ontario en 1956, plus de 1 000 plaques ont été érigées d’un bout à l’autre de la province. La variété des sujets commémorés est étonnante, qu’il s’agisse de ruées vers les mines du nord de l’Ontario ou de l’invention de la vis à tête creuse ... de Harold Innis ou de Stephen Leacock ... de l’épidémie de typhus de 1847 ou de la découverte de l’insuline. La culture populaire est également bien représentée: Beautiful Joe commémore un roman célèbre dans le monde entier racontant l’histoire d’un chien ; When You and I Were Young, Maggie chante une ballade romantique très en vogue ; Jumbo marque l’emplacement où est mort un éléphant de cirque très aimé. L’histoire de l’Ontario, tout comme sa géographie et ses habitants, est vaste et variée. Ce guide peut donc être utile, que l’on circule sur l’autoroute, se promène a la campagne ou flâne dans son propre quartier. Il reste encore tant à découvrir.

The Dragon's Trail Joanna Pitman,2007-04-23 Raphael's St. George and the Dragon is the work of a genius -- an exquisitely rendered vision of heroism and innocence by one of the greatest painters of all time. Yet the painting's creation is only the beginning of its fascinating story, which spans centuries of power play and intrigue, and has made it a witness to the rise and fall of the great powers of the Western world as it seduced its owners to ever greater heights of corruption and greed. Raphael's masterpiece was commissioned by Duke Guidobaldo da Montefeltro, the ruler of Urbino, in 1506. Raphael was only twenty-three years old, but he had already begun to acquire a reputation as a painter who was as ruthless in his pursuit of money as he was talented. The duke sent the painting to England's King Henry VII as a thank-you for naming him a knight in the Order of the Garter. The painting then mysteriously disappeared for one hundred years until King Charles I saw it hanging in the collection of the Earl of Pembroke and acquired it for a book of Holbein drawings. After Charles was beheaded in 1649, his collection was broken up and the painting made

its way to the private gallery of the third-richest man in France, where it was ensconced in its own special room. Thirty years later, the philosopher Diderot was instructed by Catherine the Great of Russia to buy it for her vast collection at the Hermitage. The heroic curators of the Hermitage protected St. George and the Dragon from fire, water, and the anarchists of the Russian Revolution, until Joseph Stalin sold it in 1930 to raise cash. The secret buyer was Andrew Mellon, Treasury Secretary of the United States, who in doing so blatantly violated a U.S. sanction against doing any business with Soviet Russia. Mellon eventually founded The National Gallery in Washington, D.C., where St. George and the Dragon rests to this day. Exceptionally written and breathlessly paced, The Dragon's Trail is a microhistory that touches on the rise of the Tudors, the downfall of a Stuart, the twilight of the French aristocracy, the terrors of the Bolshevik revolution, and the depths of the Cold War -- all witnessed by one painting that inspired the best and the worst instincts in its owners.
