The Virginia Tourist. Sketches of the Springs and Mountains of Virginia Edward Alfred Pollard, 1870

The Promise of Adolescence National Academies of Sciences, Engineering, and Medicine, Health and Medicine Division, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on the Neurobiological and Socio-behavioral Science of Adolescent Development and Its Applications, 2019-07-26 Adolescence—beginning with the onset of puberty and ending in the mid-20s—is a critical period of development during which key areas of the brain mature and develop. These changes in brain structure, function, and connectivity mark adolescence as a period of opportunity to discover new vistas, to form relationships with peers and adults, and to explore one's developing identity. It is also a period of resilience that can ameliorate childhood setbacks and set the stage for a thriving trajectory over the life course. Because adolescents comprise nearly one-fourth of the entire U.S. population, the nation needs policies and practices that will better leverage these developmental opportunities to harness the promise of adolescence—rather than focusing myopically on containing its risks. This report examines the neurobiological and socio-behavioral science of adolescent development and outlines how this knowledge can be applied, both to promote adolescent well-being, resilience, and development, and to rectify structural barriers and inequalities in opportunity, enabling all adolescents to flourish.

A Death on Stage (Euphemia Martins Mystery 16)
Caroline Dunford, 2021-06-10 'A sparkling and witty

crime debut with a female protagonist to challenge Miss Marple' LIN ANDERSON, Award winning Scottish crime author A Death on Stage - the sixteenth edition of the nail-biting Euphemia Martins Mysteries! Riddled with adventure, espionage and suspense _____ It is 1914. War is underway. A group of French actors has become trapped in Britain and some of them are seeking political asylum, among these is a mathematician with whom Euphemia's friend, Mary, has been corresponding. He joined the troupe with the express intention of making it to Britain and to Mary before the war began. Euphemia's new commander sends her undercover to the theatre where the company is finishing its run, and he instructs Fitzroy to remain on medical leave. But Fitzroy has never been one to obey orders. Meanwhile, Euphemia's husband, Bertram, lies critically ill in hospital and Euphemia must employ all her strength to stay focussed on her mission. With actors and agents playing roles both on and off stage, the toughest challenge is knowing who to trust... _____ Readers LOVE Caroline Dunford's compelling crime novels! 'Impeccable historical detail with a light touch' Lesley Cookman, The Libby Serjeant Series 'Euphemia Martins is feisty, funny and completely adorable' Colette McCormick, Ribbons in Her Hair 'A rattlingly good dose of Edwardian country house intrigue with plenty of twist and turns and clues to puzzle through along with the heroine of the book, Euphemia Martins' Booklore.co.uk
