

Stair To Numbers Heaven

John Milton

Stairway to Heaven Toby Huitson,2014-03-26 Medieval stairs, galleries and upper chambers in cathedrals, abbeys, and parish churches have been an enduring source of fascination to historians and archaeologists since the eighteenth century, but their practical purposes have long been shrouded in mystery and speculation. From libraries to lights, clocks to dovecotes, from secret games of skittles played over the vaults to the daring exploits of the twelfth-century Flying Monk, Toby Huitson explores the lofty spaces, nooks and crannies of medieval upper spaces through the interrogation of a wide range of documentary, visual and archaeological materials. Evidence is revealed for over 30 different functions during the period from around AD 1000 to 1550. Generously illustrated and fully-referenced, the text is accompanied by a set of special features and a quick-reference section, making it indispensable to all those interested in medieval history and architecture. Dr Toby Huitson teaches at the University of Kent, Canterbury.

Stairway to Heaven Peter Levenda,2008-06-01 The idea of heavenly ascent, while popularized in Jewish mysticism, is neither a unique nor recent one. Expertly tracing its origins back to the ancient Middle East, Levenda unearths ascent literature in Africa, India, and China, discerns a common connection in the heavens themselves, and determines that this connection has been sorely neglected in contemporary scholarship. Because scholars treat the heavens as metaphorical, it is necessary to recreate the physical context of the culture under discussion in order to better understand it. For the benefit of the reader, Levenda offers two useful concepts for his investigative journey: a map, whereby he means the cosmological system to better understand the mystical technologies of each culture investigated, and a vehicle, the method by which the individual equipped with special knowledge is able to navigate the culture's particular cosmology. With these two tools, Levenda travels from the worlds of ancient Egypt and Babylon to the Hebrew Bible, to Jewish and Christian kabbalists, to Daoists in ancient China, to Hindu Tantra and Haitian Vodoun, and, finally, to nineteenth and twentieth century European occult societies.

The Stairway to Heaven (Book II) Zecharia Sitchin,1992-11-01 Since earliest times, humanity has pondered the incomprehensible mysteries of the universe, life...and the afterlife. In *The Stairway to Heaven*, the second book of Zecharia Sitchin's *Earth Chronicles* series, the author answers these fundamental questions: Was there somewhere on Earth where, after death, mortal man could join the immortal Gods? Where was this place? By whom was it established? And does it still exist today? After years of painstaking research--combining recent archaeological discoveries with ancient texts and artifacts--Sitchin has identified the legendary Land of the Gods, and provided astounding new revelations about the Great Pyramids, the Sphinx, and other mysterious monuments whose true meanings and purposes have been lost for eons. The *Earth Chronicles* deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire *Earth Chronicles* series is now available in a hardcover collector's edition.

Mesopotamian Cosmic Geography Wayne Horowitz,1998-01-01

Be Amazing Jim Anaple,2011-05-23 Growing up in middle class Toledo, Ohio in the 1980s career choices were somewhat limited to working in factories or in the medical field. I came from a very stable home as the oldest of six kids with two hard working parents that provided for us but didn't spoil us. Our parents gave us a private education grades 1 - 12 and my Father helped get me a summer job to pay for college at the local General Motors plant where he worked. In college I had two majors, one in Political Science and one in Communications. As part of my Communications major I got an internship at the local rock n roll radio station which resulted in becoming the morning show producer for the well known morning show team of Karlson and McKenzie with that radio station. This story is about what happened from there. It's about dealing with the unpredictable changes that happen with your company and your career and what happens when they overlap. It's also a story about who and what can influence your decision to stay, or to leave.

Contradict Andy Wrasman,2014 Tolerance and co-existence are both great! In fact, they are necessary. If we are to live together in peace without hating each other, or physically harming each other over differences in race, culture, sexual orientation, political views, and religious beliefs, we must have tolerance. However, we must also recognize that every belief can't be equally valid. If two beliefs directly contradict each other, both of them cannot be true, no matter how tolerant we become. This means it is false to say that every religion is true, or that every religion leads to God. When people make such claims they show that they have not taken the time to study the world's religions, because a brief reading of the sacred texts of only a handful of religions quickly reveals contradictions on the most fundamental levels. *Religious Contradictions Reincarnation* (Hinduism and Buddhism) contradicts the belief that this is your only life before eternity (Christianity, Judaism, and Islam).

Salvation from sin (Christianity) contradicts the belief that there is no sin to be saved from but simply pain that can be escaped through enlightenment (Buddhism). Jesus Christ is the incarnate, Son of God (Christianity), contradicts the teaching that he is just a prophet (Islam) or that he was a false prophet (Judaism). In light of these contradictions alone, all religions can't be true. They could all be false, but they can't all be true. Are any of them true? This is the most important question anyone can ask. Recognize religious contradictions. Embrace them. Test them. Seek the truth. www.contradictmovement.org

Shamanism Shirley Nicholson,2014-06-18 A powerful collection of essays from authors such as Mircea Eliade, Joan Halifax, Stanley Krippner, Brooke Medicine Eagle, Serge King, and Michael Harner on the mystifying phenomenon of shamanism around the world---what it is, how it works and why.

Paradise Lost, Book 3 John Milton,1915

Take a Number, Darling Jack Sharkey,1976 Since concert pianist Duncan Latimer and his wife, Ellen, a famous soap opera star, lead impeccable lives, their PR lady has no qualms over having a reporter from a scandal magazine interview them. But just before he arrives, so does Duncan's old Navy buddy and Ellen's former lover from her literally messy past, as well as an extra wife Duncan forgot to tell anyone about. It's crazy and comical confusion all the way.

Shamanism Mircea Eliade,2020-09-15 The foundational work on shamanism now available as a Princeton Classics paperback Shamanism is an essential work on the study of this mysterious and fascinating phenomenon. The founder of the modern study of the history of religion, Mircea Eliade surveys the tradition through two and a half millennia of human history, moving from the shamanic traditions of Siberia and Central Asia—where shamanism was first observed—to North and South America, Indonesia, Tibet, China, and beyond. In this authoritative survey, Eliade illuminates the magico-religious life of societies that give primacy of place to the figure of the shaman—at once magician and medicine man, healer and miracle-doer, priest, mystic, and poet. Synthesizing the approaches of psychology, sociology, and ethnology, Shamanism remains the reference book of choice for those interested in this practice.

Miss Unity and the Sparkly Dragon Enter the Staircase of Light Janet Craig,2022-04-20 Miss Unity loves to go on adventures, so she wakes Sparkly Dragon. Today, Miss Unity wants to learn more about angel signs and numbers. Sparkly Dragon is happy to help, but they must first give Miss Unity wings so she can visit the Staircase of Light, which leads straight to heaven. Poor Miss Unity is scared to use her new wings, but Sparkly Dragon is a good guardian angel and holds her hand. The first step is step number zero, and here, Miss Unity learns about God, her heavenly hero. Step number one is all about bright ideas, while step number two is about relationships. The learning continues all the way to step number nine, after which Miss Unity must go home! Miss Unity and the Sparkly Dragon is a story that teaches children about the numbers zero through nine and what they mean as heavenly signs. It is fun but also educational, guiding little ones on the path to spirituality.

The Encyclopedia of Confucianism Xinzhong Yao,2015-05-11 The Encyclopedia, the first of its kind, introduces Confucianism as a whole, with 1,235 entries giving full information on its history, doctrines, schools, rituals, sacred places and terminology, and on the adaptation, transformation and new thinking taking place in China and other Eastern Asian countries.
