**Minicomputer Research and Applications** Helen K. Brown,2014-05-09  
Minicomputer Research and Applications covers the proceedings of the First Conference of the HP/1000 International Users Group, held on August 25-27, 1980 in San Jose, California. The book focuses on the operations, applications, and functions of the HP/1000 computer driver. The selection first underscores an interactive color display station for IC layout and computer aided design in automatic control and logical automata. Discussions focus on automatic control, logical automata, organization of sirena, hardware and software configurations, interactive input support, and display processing. The text then examines a mini-based sculptured surface system and real-time performance analysis system for computers. The publication ponders on variations on a theme (RTE) by Hewlett-Packard, circumventing RTE system memory and disc restrictions, and the Gerber data management system. Topics include user interface, system security, command file, implementation of shared-EMA, and real-time executive modifications. The manuscript also

elaborates on ultra low level programming using a high level language and future directions of the HP/1000. The selection is a dependable reference for readers interested in the HP/1000 computer driver.

**The Independent Command** James Doohan, S. M. Stirling, 2001-11-01 THEY'RE SWARMING FOR THE KILL . . . AND WE ARE THE PREY! Everybody knows how despicable the alien Fibians are. Allies of the fanatic Mollie rebels against the human Commonwealth, they show no mercy, they have no remorse, and they find human flesh delectable<sup>3</sup>/<sub>4</sub>at least when served live. Fielding a gigantic starfleet against Earth and its colonies, they march like the giant spiders

they resemble through humanity's nightmares, and soon they will march across its devastated worlds. When the captain of the starship Invincible is incapacitated after a Fibian attack, only Peter Raeder<sup>¾</sup>former fighter pilot, starship flight engineer, and unorthodox hero of the war against the Mollies<sup>¾</sup>can be entrusted with command of the ship. His mission: to track down the alien raiders who took out his captain, and then to start hitting the enemy behind the lines. It's a suicide mission, and Raeder knows it . . . until the fortunes of battle drive him deeper into alien space than he'd ever intended to go, the Invincible too damaged ever to return home. There he discovers that the monstrous Fibians may not be monsters after all . . . At the publisher's request, this title is sold without DRM (Digital Rights Management).
