**Star Trek Deep Space Nine: Trial by Error** Mark Garland,

*Star Trek: Deep Space Nine: Worlds of Deep Space Nine #2: Trill and Bajor* Andy Mangels, Michael A. Martin, J. Noah Kym, 2005-02-15 Discover more about the Star Trek planets Trill and Bajor with these two sweeping and unputdownable stories starring Ezri Dax, Kira Nerys, and Benjamin Sisko of the space station Deep Space Nine. They are a people with secrets in Trill. For centuries, they kept their true nature hidden, even taking disturbing steps to protect the small population of near-immortal symbionts with whom a privileged few Trill are joined, body, mind, and soul. They are a people who hold memory to be sacred, yet deny their own past. Now amid a whirlwind of scandal, accusations, and civil unrest, Ezri Dax must penetrate millennia of lies and deceptions, and rediscover what should never have been forgotten. Meanwhile, in Bajor, the honeymoon is over. Following the euphoria of Bajor's entry into the Federation, the real business of making that union work has begun. But even on a world where politics and religion are intertwined, conflicting visions of Bajor's role in the interstellar arena divide the planet's leadership. As newly minted Captain Kira Nerys sets the tone for the kind of Starfleet officer she will be, First Minister Asarem makes a bold move to define Bajor's voice in the Federation, while the returned Benjamin Sisko prepares for a future that only he, as yet, can see.

*Taking Wing* Andy Mangels, Michael A. Martin, 2012-06-05 After the wholesale assassination of the Romulan senate in the feature film *Star Trek: Nemesis*, the Romulan Empire is in disarray, with rival factions fighting to pick up the pieces and seize the reins of power. After several factions separately contact the Federation Council - each laying claim to legitimate political power - Starfleet Command sends Captain William Riker and the USS *Titan* to Romulus to set up a forum for power-sharing talks. But even as the factions take their first faltering steps towards building a new Romulus, civil war looms. Meanwhile the remnants of the Romulan intelligence service, the dreaded Tal Shiar, are regrouping behind the scenes, taking advantage of the political vacuum to mobilize ships and soldiers, threatening to touch off a conflict that would tear Romulus apart. With no other help available, Riker and the *Titan* crew are all that stands between the shattered Star Empire and a bloodbath.

**The Making of Star Trek, Deep Space Nine** Judith Reeves-Stevens, Garfield Reeves-Stevens, 1994 An in-depth look behind the scenes of the smash-hit television series.

*Homer Simpson Marches on Washington* Timothy M. Dale, Joseph J. Foy, 2010-03-19 A volume of enlightening essays on how TV shows, movies, and music can change hearts and minds. Amid all its frenetic humor, the long-running animated hit *The Simpsons* has often questioned what is culturally acceptable, wading into controversial subjects like gay rights, the war on terror, religion, and animal rights. This subtle form of political analysis is effective in changing opinions and attitudes on a large scale. *Homer Simpson Marches on Washington* explores the transformative power that enables popular culture to influence political agendas, frame the consciousness of audiences, and create profound shifts in values and ideals. To investigate the full spectrum of popular culture in a democratic society, editors Timothy M. Dale and Joseph J. Foy gather a top-notch team of scholars who use television shows such as *Star Trek*, *The X-Files*, *All in the Family*, *The View*, *The Daily Show*, and *The Colbert Report*, as well as movies and popular music, to investigate contemporary issues in American popular culture.

**Star Trek: Mirror Universe: The Sorrows of Empire** David Mack, 2009-12-29 One man can shape the future...but at what cost? In every revolution, there is one man with a vision. Captain James T. Kirk of the United Federation of Planets spoke those prophetic words to Commander Spock of the Terran Empire, hoping to inspire change. He could not have imagined the impact his counsel would have. Armed with a secret weapon of terrifying power and a vision of the alternate universe's noble Federation, Spock seizes control of the Terran Empire and commits it to the greatest gamble in its history: democratic reform. Rivals within the empire try to stop him; enemies outside unite to destroy it. Only a few people suspect the shocking truth: Spock is knowingly arranging his empire's downfall. But why? Have the burdens of imperial rule driven him mad? Or is this the coldly logical scheme of a man who realizes that freedom must always be paid for in blood? Spock alone knows that the fall of the empire will be the catalyst for a political chain reaction -- one that will alter the fate of his universe forever.

Block, 2000 Lavishly illustrated with a wealth of rare photos and drawings, this is the first and only fully authorized, comprehensive companion to seven seasons of the television show *TV Guide* called the best acted, written, produced, and altogether finest of the four *Trek* series.

**Star Trek: TNG: Mirror Broken #1** Scott Tipton, David Tipton, 2017-05-17 The *Star Trek* mini-series event of the year kicks off! Captain Jean-Luc Picard will stop at nothing to get his hands on the Empire's newest warship, the *ISS Enterprise*, be it lies, deception...or murder. With enemies and allies around every corner, Picard's quest to help the *Enterprise* and restore the Empire to glory will not be an easy one. Good thing he has a crew onboard who will also stop at nothing to ensure total victory - at any cost.

**Star Trek**, 1967

**Force and Motion** Jeffrey Lang, 2016-05-31 A thrilling original novel set in the universe of *Star Trek: The Next Generation / Deep Space Nine*! In 2367, Captain Benjamin Maxwell of the starship *Phoenix* ordered the destruction of a Cardassian warship and a supply vessel, killing more than six hundred crew members. Maxwell believed that the Cardassians were arming for a new attack on the Federation, and though history eventually proved he was probably correct, the Federation had no choice but to court martial and incarcerate him. Almost twenty years have passed, and now Maxwell is a free man, working as a maintenance engineer on the private science station *Robert Hooke*, home to crackpots, fringe researchers, and, possibly, something much darker and deadlier. Maxwell's former crewmate, Chief Miles O'Brien, and O'Brien's colleague, Lieutenant Commander Nog, have come for a visit. Unfortunately, history has proven that whenever O'Brien and Nog leave *Deep Space 9* together, unpredictable forces are set into motion...™, ®, & © 2016 CBS Studios, Inc. **Science Fiction and the Dismal Science** Gary Westfahl, Gregory Benford, Howard V. Hendrix, 2019-11-27 Despite the growing importance of

economics in our lives, literary scholars have long been reluctant to consider economic issues as they examine key texts. This volume seeks to fill one of these conspicuous gaps in the critical literature by focusing on various connections between science fiction and economics, with some attention to related fields such as politics and government. Its seventeen contributors include five award-winning scholars, five science fiction writers, and a widely published economist. Three topics are covered: what noted science fiction writers like Robert A. Heinlein, Frank Herbert, and Kim Stanley Robinson have had to say about our economic and political future; how the competitive and ever-changing publishing marketplace has affected the growth and development of science fiction from the nineteenth century to today; and how the scholars who examine science fiction have themselves been influenced by the economics of academia. Although the essays focus primarily on American science fiction, the traditions of Russian and Chinese science fiction are also examined. A comprehensive bibliography of works related to science fiction and economics will assist other readers and critics who are interested in this subject.

Star Trek: Essays Exploring the Final Frontier Amy H. Sturgis,Emily Strand,2023-05-09 After more than 55 years of transmedia storytelling, 'Star Trek' is a global phenomenon that has never been more successful than it is today. 'Star Trek' fandom is worldwide, time tested, and growing, and academic interest in the franchise, both inside and outside of the classroom, is high; at the moment, more 'Star Trek' works are underway or in development simultaneously than at any other moment in history. Unlike works that focus on a limited number of stories/media in this franchise or only offer one expert's or discipline's insights, this accessible and multidisciplinary anthology includes analyses from a wide range of scholars and explores 'Star Trek' from its debut in 1966 to its current incarnations, considers its implications for and collaborations with fandom, and trace its ideas and meanings across series, media, and time. 'Star Trek: Essays Exploring the Final Frontier' will undoubtedly speak to academics in the field, students in the classroom, and informed lay readers and fans.

*Deny All Knowledge* David Lavery,Angela Hague,Marla Cartwright,1996-12-01 The X-Files was one of the most subversive and longest-running science fiction series in US television history.
