Star Trek ,1967

Star Trek 5 James Blish,1998-09-01 A collection of science fiction stories based on episodes of the Star Trek television series.

Star Trek: The Original Series: Excelsior: Forged in Fire Michael A. Martin,Andy Mangels,2007-12-26 Discover how Sulu rose to the captaincy of a starship in this Star Trek adventure set during The Original Series era. A vicious pirate known as the Albino is cutting a deadly swath across space, creating turmoil in the Klingon Empire that threatens to spill into the Federation. But this criminal also has a secret that could shake the halls of Imperial power, and his genocidal plans against the race that bore him will have consequences even he cannot imagine, as several unlikely allies join swords to bring the Albino to justice: Hikaru Sulu of the U.S.S. Excelsior; Klingon captains Kor, Koloth, and Kang; and a hotheaded young Federation diplomat named Curzon Dax. Tempered in the flames of their shared adversity, a captaincy is forged, a Blood Oath is sworn...and a hunt begins that will stretch from one generation to the next.

Star Trek: The Original Series: Allegiance in Exile David R. George III,2013-01-29 Captain James T. Kirk embarks on a mission that he may soon regret in this all-new Original Series adventure from the New York Times bestselling author. A beautiful green world, rich in fertile soil and temperate climate . . . a textbook Class-M planet that should be teeming with life. Scans show no life-signs, but there are refined metals, including those associated with a space-faring race . . . and a lone city. But where are all of the inhabitants? Captain James T. Kirk leads a landing party from the U.S.S. Enterprise, hoping to get some answers. The away team discovers a city in ruins, covered by dust, utterly bereft of life. Tricorder readings indicate that this is no ancient metropolis—it has been deserted only for a year. And just beyond the citadel lies what appears to be an ancient spaceport . . . a graveyard of ships that have clearly been sabotaged. With these ruins too far from either the Klingon or the Romulan Empires, the Enterprise crew can only wonder: Who could have done this? And could this unnamed threat now pose an imminent danger to the Federation?

The Star Trek Encyclopedia Michael Okuda,Denise Okuda,Debbie Mirek,2011-05-17 From 'audet IX to Zytchin III, this book covers it all. This is the ultimate reference book for all Star Trek fans! Added to this edition are 128 new pages. This addendum highlights the latest episodes of Star Trek: Deep Space Nine®, Star Trek: Voyager® and the newest feature film, Star Trek: Insurrection™. Planets and stars, weapons and ships, people and places are just part of the meticulous research and countless cross-reference that fill this book.

Star Trek ,1968

Star Trek: The Original Series: The Children of Kings David Stern,2010-04-27 A distress call goes out from a Federation outpost near the Klingon border. The U.S.S. Enterprise, under the command of Captain Christopher Pike, responds. Starbase 18 lies in ruin. There are no survivors. And there is no clue as to who is responsible for the attack, until Captain Pike's brilliant science officer discovers a means of retrieving parts of the station's log. Lieutenant Spock has detected signs of a unique energy signature, one that he believes is Klingon. There are unsubstantiated reports that the Klingon Empire has made a technological leap forward and created a cloaking device—code-named Black Snow Seven—that can shield their ships from even the most advanced sensors. The destruction of the base and the unique energy signature that remains prove that the Empire has succeeded. For generations the Orions have been known as pirates,operating at the margins, outside of legal conventions. A proud and powerful race, the Orions were once a major force in the sector, and they have been using the tension between the Klingon Empire and the Federation to rebuild their power. Captain Pike is charged with trying to foster cooperation between the Orions and the Federation. A distress call from an Orion vessel offers him the perfect opportunity. But the Orion ship lies in disputed space long claimed by the Klingon Empire, and crossing it could be the spark that sets off an interstellar war.

Chains of Command W. A. McCay,E. L. Flood,1992 After discovering a group of human slaves on a forbidding planet, Captain Picard and his crew sympathize with the slaves' plight but cannot interfere in a brutal slave revolt. When the owners return to reclaim their property, Picard and Counsellor Troi are drawn into their deadly plan of vengeance.

Sanctuary John Vornholt,1992 Assigned to capture dangerous criminal Auk Rex, the crew of the Enterprise journey, for the first time, to the planet Sanctuary, a fabled world thought to be the last refuge of the justly and unjustly accused.

Enemy Unseen V. E. Mitchell,1990 Captain Kirk has trouble keeping his mind on business when dealing with an old flame, a gift of wives, and a murder aboard the Enterprise.

A Star Trek: The Next Generation: Time #8: A Time to Heal David Mack,2004-09-17 On the cusp of their epic battle with Shinzon, many of Captain Jean-Luc Picard's long-time crew were heading for new assignments and new challenges. Among the changes were William Riker's promotion to captain and his new command, Riker's marriage to Counselor Deanna Troi, and Dr. Beverly Crusher's new career at Starfleet Medical. But the story of what set them on a path away from the Starship Enterprise™ has never been told. UNTIL NOW. A cataclysmic war between the Federation and the Klingon

Empire has been miraculously averted, and a new government is finally in place on the planet Tezwa. But deadly secrets still threaten the fragile peace accord. Rebels still loyal to the old Tezwa regime have captured Commander Riker and are willing to kill to achieve their goals...the Orion Syndicate is interfering in the rebuilding -- and may also be involved in much more than that. But the most devastating revelation of all threatens the very foundations of the Federation itself -- leaving Captain Picard to possibly face the very conflict that he labored so hard to prevent....

SCE Foundations Kevin Dilmore,Dayton Ward,2012-08-28 In the twenty-fourth century, the USS da Vinci and its S.C.E. team led by Commander Sonya Gomez roam the galaxy, solving the technical problems of the universe in a state-of-the-art ship. But back in the twenty-third century, for the newly-formed Starfleet Corps of Engineers, things did not always run so smoothly. ...And on board the da Vinci, Captain Montgomery Scott recalls his younger days as the chief engineer of the legendary USS Enterprise, under the command of Captain James T. Kirk, and his encounters with a very different Corps of Engineers. From the edge of the Romulan Neutral Zone to the uncharted regions of deepest space, Scotty joins forces with a battered old vessel, the USS Lovell, to bring the S.C.E. into the future.

Star Trek 8 James Blish,1974

Star Trek Classics Vol. 4: Beginnings Michael Carlin,Mike Carlin,2020-06-11 During their earliest voyages, Picard, Riker, Data, Worf, Troi, Yar, and LaForge learn about each other and encounter a de-powered Q who seeks refuge aboard the Enterprise as he attempts to learn what it means to be mortal, a world where warriors see battle as a child's game, and a world with dark secrets which threaten both the ship and the crew.

Star Trek 8 ,1973

Star Trek: Ambush Dave Galanter,Greg Brodeur,2001-12-14 **STARFLEET CORPS OF ENGINEERS** What started out as a simple supply run turns into a life-or-death struggle! The crew of the U.S.S. da Vinci thought they were just bringing mining supplies to Beta Argola. But en route they find out that the planet has been attacked -- by the same superior forces that are now overwhelming the da Vinci! Overmatched by three enemy vessels that will not rest until the da Vinci is destroyed, the S.C.E. crew must use all of their wits to figure out how to take on a more powerful foe. And they have to do it soon, because the miners on Beta Argola are quickly running out of time before their reactor goes critical....

The evacuees claim that a deadly invasion force from outside the galaxy is nearing the United Federation of Planets. When they are ambushed by the invaders, Captain Ruhalter is killed, leaving a young Lieutenant, Jean-Luc Picard, in charge of the ship in the midst of a deadly confrontation. Picard must swiftly learn to be an effective Captain; while dealing both with a crew that has not yet come to trust his judgement and with hostile aliens more powerful than anything the Federation has encountered before.
