Admiral William H. McRaven

The Stars and Stripes Ken Zumwalt, 1989 Zumwalt, who retired from the San Diego Union in 1979, recounts his 11 years with the European edition of The Stars and Stripes newspaper. This quasi-official publication has long served the U.S. military overseas. Zumwalt begins when he joined the paper in Paris in 1944 and concludes with his resignation as managing editor in Germany in 1955. Many artists and writers served the paper during the war and later, among them Bill Mauldin, Andy Rooney, and Grantland Rice. His descriptions of the day-to-day struggle to get the news to the front are interspersed with copy from the paper. -- George F. Scheck, Naval Underwater Systems Lib., Newport, R.I. Stars and Stripes United States. General Accounting Office, 1988 Pursuant to a legislative requirement, GAO investigated allegations of censorship, news management, and command influence at the Stars and Stripes newspapers. GAO found that: (1) institutional and cultural differences between the military and media made it difficult for the papers to simultaneously accomplish their missions to provide accurate, uncensored news and their military mission to provide mission-oriented material; (2) although the Department of Defense (DOD) revised its publications policy in 1984 in order to help prevent censorship, the revision actually permitted greater military influence by establishing an advisory board for each paper to be chaired by the appropriate unified command's public affairs officer, and by prohibiting investigative reporting; (3) according to a panel formed by the Society of Professional Journalists, evidence of censorship and inappropriate news management was conclusive at the Pacific Stars and Stripes, but inconclusive at the European Stars and Stripes; (4) allegations at the Pacific paper concerned attempts by military officials to influence reporting on subjects

sensitive to host countries, attempts to influence Stars and Stripes personnel actions, and military unresponsiveness to reporters' inquiries; (5) most of the allegations in Europe involved external influence by commanders and their public affairs officers, who caused stories to be withheld or delayed, or were unresponsive; and (6) although 47 percent of the wire services' stories on DOD were negative, only 35 percent of the wire services' DOD stories published in the European paper were negative, and only 27 percent were negative in the Pacific paper.

Mercenary Mum Neryl Joyce,2022-02-14 How does a supermarket cashier and single Mum become a fearless Baghdad bodyguard in the battlefields of Iraq? This is the true story of Neryl Joyce, a young Australian woman, struggling to pay the bills, who signed up to be a soldier. After a stint with the Australian Army's elite Close Personal Protection Unit, Neryl joined a private security firm inside Baghdad's heavily guarded Green Zone. Here, she defended high-risk foreign targets from opportunistic assassination inside Iraq. As a female bodyguard in the Middle East, Neryl had to be as good as—or even better than—any of her fellow soldiers. With courage and heart, she navigated sexual discrimination and abuse, operations on the world's most dangerous road, and the unrelenting brutality of a man's world. But the longer she stayed, the more convinced she became that disaster was imminent. Somehow, Neryl survived to return home to her son and tell this heart-stopping and inspirational story.

The Hardest Place Wesley Morgan,2022-03-01 COLBY AWARD WINNER • “One of the most important books to come out of the Afghanistan war.”—Foreign Policy “A saga of courage and futility, of valor and error and heartbreak.”—Rick Atkinson, author

of the Liberation Trilogy and *The British Are Coming*. Of the many battlefields on which U.S. troops and intelligence operatives fought in Afghanistan, one remote corner of the country stands as a microcosm of the American campaign: the Pech and its tributary valleys in Kunar and Nuristan. The area's rugged, steep terrain and thick forests made it a natural hiding spot for local insurgents and international terrorists alike, and it came to represent both the valor and futility of America's two-decade-long Afghan war. Drawing on reporting trips, hundreds of interviews, and documentary research, Wesley Morgan reveals the history of the war in this iconic region, captures the culture and reality of the conflict through both American and Afghan eyes, and reports on the snowballing missteps—some kept secret from even the troops fighting there—that doomed the American mission. *The Hardest Place* is the story of one of the twenty-first century's most unforgiving battlefields and a portrait of the American military that fought there.

The Hero Code Admiral William H. McRaven, 2021-04-13 AN INSTANT NEW YORK TIMES BESTSELLER! From the acclaimed, #1 New York Times bestselling author of *Make Your Bed*—a short, inspirational book about the qualities of true, everyday heroes. *THE HERO CODE* is Admiral McRaven's ringing tribute to the real, everyday heroes he's met over the years, from battlefields to hospitals to college campuses, who are doing their part to save the world. When Bill McRaven was a young boy growing up in Texas, he dreamed of being a superhero. He longed to put on a cape and use his superpowers to save the earth from destruction. But as he grew older and traveled the world, he found real heroes everywhere he went -- and none of them had superpowers. None of them wore capes or cowls. But they all possessed qualities that gave them the power to help others, to make a difference, to save the world: courage, both physical and moral; humility; a willingness to sacrifice; and a deep sense of integrity. *THE HERO CODE* is not a cypher, a puzzle, or a secret message. It is a code of

conduct; lessons in virtues that can become the foundations of our character as we build a life worthy of honor and respect.

Stars and Stripes Triumphant Harry Harrison, 2007-12-18 In England, Irish-born citizens are being herded into prison camps. On the high seas, a furious British Navy is seizing American cargo ships bound for Europe. And on the Thames, a new weapon of unparalleled destructive force is sailing toward an impregnable city—spearheaded by a daring act of espionage. For U.S. president Abraham Lincoln, Britain’s Queen Victoria, Lord Palmerston, and a loyal opposition, a day of reckoning is at hand . . . and so is history’s most astounding battle. Harry Harrison’s series of alternate history, based on the U.S. Civil War, stands as a provocative work of imagination, drama, and brilliant historical insight. Now in the thrilling finale, Harrison tells a stunning, action-packed story of America’s rapidly growing military might being

locked, loaded, and aimed at the heart of England itself. For the two countries that share a language and a heritage, the conflict began at the dawn of the U.S. Civil War. Just as America was about to tear itself to pieces, Britain itself committed an act of war by seizing a U.S. packet ship. In retaliation, the Confederate States rejoined the Union and took up arms against England. Repulsing a British invasion, and defeating her majesty's army first in Canada, then in Mexico, then in Ireland, American pride and power swelled. Britain, like a wounded lion, howled in shame and anger. Now, Queen Victoria's empire is more dangerous than ever before, turning against the Irish on her own soil, flexing her naval might, and all but forcing a weary President Lincoln to authorize the next step in a headlong journey toward war. A tale of daring and strategy, *Stars and Stripes Triumphant* explores how arrogance turns superpowers into victims, how regional conflicts can explode into world wars, and how the personalities of a few men and women can change the course of history itself—for better or for worse.

Eagle Down Jessica Donati, 2021-01-19 A Wall Street Journal national security reporter takes readers into the lives of frontline U.S. special operations troops fighting to keep the Taliban and Islamic State from overthrowing the U.S.-backed government in the final years of the war in Afghanistan. A FINANCIAL TIMES BEST BOOK OF THE YEAR “Powerful, important, and searing. —General David Petraeus, U.S. Army (ret.), former commander, U.S. Central Command, former CIA director In 2015, the White House claimed triumphantly that “the longest war in American history” was over. But for some, it was just the beginning of a new war, fought by Special Operations Forces, with limited resources, little

governmental oversight, and contradictory orders. With big picture insight and on-the-ground grit, Jessica Donati shares the stories of the impossible choices these soldiers must make. After the fall of a major city to the Taliban that year, Hutch, a battle-worn Green Beret on his fifth combat tour was ordered on a secret mission to recapture it and inadvertently called in an airstrike on a Doctors Without Borders hospital, killing dozens. Caleb stepped on a bomb during a mission in notorious Sangin. Andy was trapped with his team during a raid with a crashed Black Hawk and no air support. Through successive policy directives under the Obama and Trump administrations, America came to rely almost entirely on US Special Forces, and without a long-term plan, failed to stabilize Afghanistan, undermining US interests both at home and abroad. *Eagle Down* is a riveting account of the heroism, sacrifice, and tragedy experienced by those that fought America's longest war.

Battle Born Maximilian Uriarte, 2020-07-28 From the bestselling author of *The White Donkey*, a heartbreaking and visceral graphic novel set against the stark beauty of Afghanistan's mountain villages that examines prejudice and the military remnants of colonialism. In this hotly anticipated new work from Maximilian Uriarte, creator of the popular *Terminal Lance* comics and *The White Donkey*, tells a thrillingly cinematic (Publishers Weekly) story of the personal cost of war and the power of human connection. Lapis Lazuli is a rich blue semiprecious gemstone found deep in the Sar-i-sang mountains of Afghanistan's Badakhshan province. For thousands of years it has sustained the nearby mining villages, whose inhabitants lived peacefully in the mountainous landscape--until the Taliban, known in the region as the Horsemen, came to seek the riches stored deep beneath the earth. Taliban rule has turned the stone into a conflict mineral, as they steal and sell it for their own gain. At the behest of the fledgling Afghan government, seeking to wrest back control of the province, United States Marines are sent into the mountains. A platoon led by their eager and naive commander,

First Lieutenant Roberts, and a stoic, fierce squad leader, Sergeant King, must overcome barriers of language and culture in this remote region to win the locals' trust, and their freedom from Taliban rule. Along the way, they must also wrestle with their demons--and face unimaginably difficult choices. A sweeping yet intimate story about brutality, kindness, and the remnants of colonialism, *Battle Born: Lapis Lazuli* is an epic saga from the voice of a new generation of military veterans.

Hitler's Monsters Eric Kurlander, 2017-06-06 "A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . . reveals stranger-than-fiction truths on every page."—Daily Telegraph The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty. Preposterous though it was, however, supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of racial utopia and empire. "[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media."—The Washington Post "Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish."—The Spectator "A trustworthy [book] on an extraordinary subject."—The Times "A fascinating look at a little-understood aspect of fascism."—Kirkus Reviews "Kurlander provides a careful, clear-headed, and exhaustive examination of a subject so lurid that it has probably

scared away some of the serious research it merits.”—National Review

Pen & Sword Edward Offley, 2001 Helps journalists understand military basics, how to organize a military beat, the protocol for interviewing military personnel, and many other issues.

Good Morning Yokosuka Sarah Murphy, 2020-07 A children's board book that showcases all the familiar places on Yokosuka, Naval base in Yokosuka, Japan.

Lincoln on the Verge Ted Widmer, 2020-04-07 WINNER OF THE LINCOLN FORUM BOOK PRIZE “A Lincoln classic...superb.” - —The Washington Post “A book for our time.”—Doris Kearns Goodwin Lincoln on the Verge tells the dramatic story of America’s greatest president discovering his own strength to save the Republic. As a divided nation plunges into the deepest crisis in its history, Abraham Lincoln boards a train for Washington and his inauguration—an inauguration Southerners have vowed to prevent. Lincoln on the Verge charts these pivotal thirteen days of travel, as Lincoln discovers his power, speaks directly to the public, and sees his country up close. Drawing on new research, this riveting account reveals the president-elect as a work in progress, showing him on the verge of greatness, as he foils an assassination attempt, forges an unbreakable bond with the American people, and overcomes formidable obstacles in order to take his oath of office.

Stars and Stripes in Peril Harry Harrison, 2007-12-18 In a war room in Washington, William Tecumseh Sherman and General Robert E. Lee huddle together and plan their next, joint military operation. In the jungles of Mexico, Ulysses S. Grant is locked in brutal combat with the best of the British Army. And in the heart of the new American South a fragile peace is threatened . . . In the dazzling alternate history of Harry Harrison, this is the world as it stands in 1863. Just three years before, a titanic Civil War loomed in America. But an incident involving a British ship and two Confederate spies changed everything. As Abraham Lincoln defied

Britain's Lord Palmerston, tensions between the two nations boiled over and Her Majesty's Navy unleashed an attack on American soil aimed at bolstering the Confederate cause. The results were catastrophic. A stunned North and South put aside their differences and a new kind of war erupted, with Americans fighting side by side against the British on two fronts: in the South and on the Canadian border. Now, Britain has been defeated and America is struggling to keep its union together until another blow is struck. It comes from Mexico, where elite units of Her Majesty's Army including the famed Gurkha fighters are massing for a possible attack through Texas. Into the gauntlet Lincoln sends his chosen angel of death, General Grant. But the weary president knows that two centuries of British power will not be ended with a single battle. So his top soldiers, including Lee and Sherman, plan the most daring naval invasion ever launched: an assault on British soil itself. And in a secret that must be protected by an underground army of spies and secret agents, the U.S. will invade the Emerald Isle to set the Irish free at last. Filled with real characters on both sides of the conflict, *Stars and Stripes in Peril* is the new masterwork from one of our most provocative authors. Harry Harrison brilliantly examines the machinations that drive our world, the choices that shape the future, and the people and passions that compose nations both great and small. Venturing beyond a fascinating question of what if, Harrison shows how technology and world politics had the power to shape history's first great World War half a century before it began.

The Man in the Arena Eddie Gallagher, Andrea Gallagher, Andy Symonds, 2020-12-08 On September 11, 2018, Navy SEAL Chief Edward Gallagher—a highly-decorated combat veteran with deployments to war zones in Kosovo, Africa, Afghanistan, and Iraq—was arrested for war crimes at the TBI medical clinic where he was receiving treatment. His incarceration was the culmination of a year-long whisper campaign started by a group of disgruntled underlings after a successful deployment

decimating ISIS in Mosul, Iraq. After that deployment, Chief Gallagher was named the #1 Chief at SEAL Team 7, nominated for a Silver Star for valor on the battlefield, and listed for promotion. A few junior members of the platoon whom Chief Gallagher had called out for cowardice and ineptitude decided they couldn't let those things stand, and escalated minor leadership complaints into false accusations of stabbing a captured ISIS fighter and shooting noncombatants. Fighting against a corrupt investigation and a deceitful prosecutor who would be removed from the case for spying on defense attorneys, Chief Gallagher was found innocent on all major charges, and freed from prison. But only after he and his family were put through hell. President Trump had to intervene for Chief Gallagher to have access to his lawyers before trial, then restored his rank and insured his Trident pin was not taken after the acquittal. This tell-all exposes a military justice system designed to break and persecute our country's warfighters, told by a family who was targeted by it. While heavily covered in the media, the full story of how a war hero was railroaded and nearly sent to prison for life for crimes he didn't commit has never been told. Chief Gallagher did not testify at his trial and has spoken in little detail about how this travesty came about. Until now. A shocking, raw, exposé that pulls no punches and calls out each and every bad actor in this surreal story. People always tell me, if our life was a movie, no one would believe it. -Andrea Gallagher
