Big Girl in the Middle Gabrielle Reece,Karen Karbo,1998-06-16 The new superstars in sports are women, and pro beach volleyball player Gabrielle Reece is the hottest of them all. At six-foot-three, 170 pounds, Gabby Reece is at once beautiful and brutish, feminine and rowdy, accessible and intimidating--a woman who is exploding female stereotypes and redefining our image of the female athlete. A young girl doesn't get many chances to exercise the character muscle via sports, whereas for young boys, it's part of their everyday lives. For girls, it's especially good for them to be forced to work as a team with other girls, to work together under every possible condition--winning, losing, tired, grumpy, happy. It forces them to deal with unpleasant, ungracious emotions and get over it. It forces girls to rely on each other. It gives them confidence in other girls, which ultimately gives them confidence in themselves. Everything a woman does has an emotional component. Paying attention to my emotional side without surrendering to it is one of the toughest parts of playing professional sports. I don't like this 'Fear of Being Big' thing because it feeds into the general female thing of

wanting to be less--less powerful, less assertive, less demanding, less opinionated, less present, less big. From the Trade Paperback edition.

The Captain Class Sam Walker,2018-05-01 A bold new theory of leadership drawn from elite captains throughout sports—named one of the best business books of the year by CNBC, The New York Times, Forbes, strategy+business, The Globe and Mail, and Sports Illustrated “The book taught me that there’s no cookie-cutter way to lead. Leading is not just what Hollywood tells you. It’s not the big pregame speech. It’s how you carry yourself every day, how you treat the people around you, who you are as a person.”—Mitchell Trubisky, quarterback, Chicago Bears Now featuring analysis of the five-time Super Bowl champion New England Patriots and their captain, Tom Brady The seventeen most dominant teams in sports history had one thing in common: Each employed the same type of captain—a singular leader with an unconventional set of skills and tendencies. Drawing on original interviews with athletes, general managers, coaches, and team-building experts, Sam Walker identifies the seven core qualities of the Captain Class—from extreme doggedness and emotional control to tactical aggression and the courage to stand apart. Told through riveting accounts of pressure-soaked moments in sports history, The Captain Class will challenge your assumptions of what inspired leadership looks like. Praise for The Captain Class “Wildly entertaining and thought-provoking . . . makes you reexamine long-held beliefs about leadership and the glue that binds winning teams together.”—Theo Epstein, president of baseball operations, Chicago Cubs “If you care about leadership, talent development, or the art of competition, you need to read this immediately.”—Daniel Coyle, author of The Culture Code “The insights in this book are tremendous.”—Bob Myers, general manager, Golden State Warriors “An awesome book . . . I find myself relating a lot to its portrayal of the out-of-the-norm leader.”—Carli Lloyd,

co-captain, U.S. Soccer Women’s National Team “A great read . . . Sam Walker used data and a systems approach to reach some original and unconventional conclusions about the kinds of leaders that foster enduring success. Most business and leadership books lapse into clichés. This one is fresh.”—Jeff Immelt, chairman and former CEO, General Electric “I can’t tell you how much I loved The Captain Class. It identifies something many people who’ve been around successful teams have felt but were never able to articulate. It has deeply affected my thoughts around how we build our culture.”—Derek Falvey, chief baseball officer, Minnesota Twins
