Connected Consumer and the Future of Financial Services Patrick Molineux,

Learning Mobile App Development Jakob Iversen, Michael Eierman, 2014 Now, one book can help you master mobile app development with both market-leading platforms: Apple's iOS and Google's Android. Perfect for both students and professionals, *Learning Mobile App Development* is the only tutorial with complete parallel coverage of both iOS and Android. With this guide, you can master either platform, or both--and gain a deeper understanding of the issues associated with developing mobile apps. You'll develop an actual working app on both iOS and Android, mastering the entire mobile app development lifecycle, from planning through licensing and distribution. Each tutorial in this book has been carefully designed to support readers with widely varying backgrounds and has been extensively tested in live developer training courses. If you're new to iOS, you'll also find an easy, practical introduction to Objective-C, Apple's native language.

App Inventor David Wolber, Hal Abelson, Ellen Spertus, Liz Looney, 2011-04-27 A guide to using App Inventor to create Android applications presents step-by-step instructions for a variety of projects, including creating location-aware apps, data storage, and decision-making apps.

The Pocket Small Business Owner's Guide to Building Your Business Kevin

Devine, 2012-05-01 This comprehensive, step-by-step guide walks the reader through everything an aspiring small business owner needs to know before getting started. It's not as easy as just hanging up an "Open" sign and letting the money roll in! Planning every step of your business and being aware of all the questions, demands, and challenges you will face will make the difference between just opening up shop and actually running a successful business. Coming up with a great idea for a business is only the first step. How will you find the start-up funds you need? Have you thought about your market? Do you know how contracts work? How about the difference between an employee and an independent contractor? Are you aware of your competition and the trends in your industry? Do you know how to keep accounts? Do you know what your breakeven point will be? Do you even know what a breakeven point is? If the answer to any of these questions is "no," then this is the perfect book for you! With clear, friendly prose and helpful diagrams and charts, *The Pocket Small Business Owner's Guide to Building Your Business* is every prospective entrepreneur's new best friend.

1,134 Days to 0 Heather DeVito, 2013-07 Mountains of bills and credit debt don't appear overnight, nor can they be erased by the time you wake in the morning. Debt is not something that happens to you. Debt sometimes comes from poor choices and the desire to have more than you can afford. It's time to give instant gratification an overhaul and realize what's important. This may require a return to the days of a more simple life when we earned it before we spent it. Engulfing debt, sleepless nights, and never-ending worry can be rectified with three easy tools: discipline, sacrifice, and patience. Once you learn how to make and stick to a budget, you'll be on the path to a debt-free life. If you're in an overwhelming financial pit, you'll need the tools to help you out of the abyss. Here you'll find the guidance to help. *1,134 Days to 0* is a collection of witty stories and true, heartfelt experiences that guide you along the path to financial freedom. It was written in layman's terms by an everyday person, not your typical intimidating financial guru. You'll laugh, you'll cry, you'll be inspired but most of all, you'll relate. Through the course of your reading, you will have your aha moment, when everything seems clear. You will comprehend that true sacrifice can come in many forms. This may be making sure your children have properly fitted clothes and shoes, or a nutritious meal while you are resewing your hems to get one more season out of your work pants. You may recognize yourself in the stories, realize where you went wrong, and identify how to correct your mistakes. In the end, you can reminisce about days gone past when you were in over your head.

You'll find your inner rock star and become a savvy shopper and ultimate budget-keeper.

How Social Security Picks Your Pocket! Joseph Fried, 2003 *How Social Security Picks Your Pocket*, written by an MBA-CPA, exposes how Social Security is implemented - who wins, who loses, and how the game is played; and offers suggestions for improvements to the system.

Castles and Moats Brian Carden, 2022-03-08 In *Castles and Moats*, Brian Carden simply explains insurance and investing, unpacks all the different options, and helps us chart a course to the financial future we've always dreamed of and worked so hard to obtain. Americans are confused about managing their finances, insurance needs, and overall life planning. In the past, money wasn't the do-it-yourself project it has become today. Instead, consumers had insurance and financial professionals to help them make prudent decisions. The point-and-click, self-serve nature of the Information Age has robbed us of the personalized face-to-face relationships that once led us into good financial decisions. Today, we're drowning in information . . . but we're starving for unbiased education without a sales pitch attached. We need a "professional explainer" to come alongside us, unpack all the different options, and help us chart a course to the financial future we've always dreamed of and worked so hard to obtain. In *Castles and Moats*, Brian Carden is that "explainer." He helps you understand, prioritize, organize, strategize, and stress-test each financial product or strategy to help you create a more favorable outcome. You'll learn how to avoid buying products or strategies that might seem good when you buy them, only to find out about the pitfalls later in your life. By recapturing those lost dollars and redeploying them towards other, more tailored solutions, you'll increase your chance of financial independence with more predictable outcomes. Unpacking all the ins and outs of insurance, planning, and investment strategies, Brian provides an unbiased, practical, and easy-to-understand guide for you to make better, more informed decisions. In *Castles and Moats*, he equips you to build your glimmering castle of wealth and surround it with a moat of protection.
