Several Short Sentences About Writing Verlyn Klinkenborg,2013-04-09 An indispensable and distinctive book that will help anyone who wants to write, write better, or have a clearer understanding of what it means for them to be writing, from widely admired writer and teacher Verlyn Klinkenborg. Klinkenborg believes that most of our received wisdom about how writing works is not only wrong but an obstacle to our ability to write. In *Several Short Sentences About Writing*, he sets out to help us unlearn that “wisdom”—about genius, about creativity, about writer’s block, topic sentences, and outline—and understand that writing is just as much about thinking, noticing, and learning what it means to be involved in the act of writing. There is no gospel, no orthodoxy, no dogma in this book. Instead it is a gathering of starting points in a journey toward lively, lucid, satisfying self-expression.
